NOTE 1 – DESCRIPTION OF PLAN

The following description of the Dynamic Manufacturing, Inc. 401(k) Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan sponsored by Dynamic Manufacturing, Inc. and Partipilo Family Ltd. Partnership (collectively referred to as "the Company"). Effective April 1, 2020, the Plan covers all employees who have completed one month of service. Employees may enter the Plan on the first day of the month following the date of satisfaction of the eligibility requirement (Note 13). Prior to this amendment, the Plan covered all employees who had reached 21 years of age and had completed one year and 1,000 hours of service. Employees previously entered the Plan on January 1st or July 1st following the date of satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to the maximum dollar amount allowable as established by the Internal Revenue Service, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investment choices through Capital Bank and Trust Company, the custodian of the Plan's investments, which include mutual funds through various registered investment companies. The Plan allows for employer safe-harbor matching contributions of 100% of the first 3% of salary deferred, and 50% of the next 2% of salary deferred. The Company made or accrued matching contributions of $899,043 to the Plan for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, qualified rollover contributions, allocations of the Company's contributions, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's safe-harbor matching contributions, plus actual earnings thereon.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments, since they are paid through revenue sharing, rather than direct payments. The Plan made direct payments for administrative expenses of $38,258 for the year ended December 31, 2020.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the custodian. Refer to Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and is reported under other income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship withdrawals and in-service distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce the Company's future contributions to the Plan and pay Plan administrative expenses. As of December 31, 2020 and 2019, there were $22,105 and $27,005 of forfeited non-vested accounts, respectively.

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2021, the date the financial statements were available to be issued.

NOTE 3 – NEW PRONOUNCEMENTS AND CHANGES IN ACCOUNTING PRINCIPLES

Effective January 1, 2020, the Plan adopted the Financial Accounting Standards Board's Accounting Standards Update 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"). This update is intended to improve the effectiveness of information in the notes to the financial statements by removing, modifying, and adding certain required disclosures.

Per ASU 2018-13, any applicable amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty were applied prospectively for only the most recent annual period presented in the initial fiscal year of adoption. All other applicable amendments were applied retrospectively to all periods presented. After analyzing the specifications in ASU 2018-13, plan management has concluded that no material changes are necessary to conform with its provisions.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared and certified to as complete and accurate by the custodian, Capital Bank and Trust Company, as of December 31:

	2020	2019
Investments, at fair value:		
Mutual funds	$ 22,127,097	$ 17,149,691
Investments, at contract value:		
Guaranteed investment contract	594,393	410,095

The custodian also certified the completeness and accuracy of $3,438,088 of net appreciation in fair value of investments, related to the aforementioned assets for the year ended December 31, 2020.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

Level 2 – Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 22,127,097	$ -	$ -	$ 22,127,097
Investments at fair value	$ 22,127,097	$ -	$ -	$ 22,127,097

	Assets at Fair Value as of December 31, 2019			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 17,149,691	$ -	$ -	$ 17,149,691
Investments at fair value	$ 17,149,691	$ -	$ -	$ 17,149,691

NOTE 6 – GUARANTEED INTEREST ACCOUNT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great West Life and Annuity Insurance Company ("GW") totaling $594,393 and $410,095 at December 31, 2020 and 2019, respectively. GW maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reset quarterly. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GW, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuers.

NOTE 7 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the custodian of the Plan's investments; therefore, these transactions qualify as party-in-interest transactions under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE 7 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

As described in Note 1, the Company may pay certain administrative expenses relating to Plan operations to various service providers. In addition, employees of the Company provide administrative services to the Plan for which no fees are charged. These transactions are party-in-interest transactions under ERISA.

NOTE 8 – EXCESS CONTRIBUTIONS

As of December 31, 2020, amounts payable by the Plan total $1,092 for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to 2020 employer safe-harbor matching contributions. The Plan transferred the 2020 excess contributions to the Plan's forfeiture account in 2021. Excess employer safe-harbor matching contributions totaled $8,552 as of December 31, 2019, and were transferred to the Plan's forfeiture account in 2020.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 10 – TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since the prototype plan was adopted, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, as of December 31, 2020, there were no audits in progress for any open tax periods.

NOTE 11 – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to a range of risks such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 12 – PROHIBITED TRANSACTIONS

The plan sponsor failed to deposit certain participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplementary information. The plan sponsor has made voluntary corrections, related to the 2019 plan year, to the Plan in 2020. The plan sponsor is in the process of calculating lost earnings related to 2020 late deposits.

NOTE 13 – PLAN AMENDMENTS

Effective January 1, 2019, the Plan was amended to remove the requirement for participants to cease making contributions for six months following a hardship withdrawal.

Effective January 25, 2019, the Plan was amended to appoint an additional trustee of the Plan. Prior to the amendment, the Plan had one trustee.

Effective April 1, 2020, the Plan's assets were transferred from American Funds Record Keeper Direct to American Funds PlanPremier, which allows participants to change investment allocations at any time. Additionally, the Plan's eligibility requirements were amended from requiring one year and 1,000 hours and attaining the age of 21 to requiring only one month of service. The amendment also removed the minimum age requirement and changed the Plan entry dates from semi-annual to the first day of each month. Significant provisions of the amended plan document are consistent with those of the current plan document. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

NOTE 14 – EFFECTS OF THE COVID-19 PANDEMIC

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. As a result, substantial upheaval and an assortment of economic ramifications have arisen, both locally and globally. Different levels of government have responded with a range of measures, and circumstances continue to evolve.

The extent to which this unfolding situation may affect governmental measures, business activity, results of operations, and various types of financial reporting will depend on future developments, which are highly uncertain and cannot be predicted reliably at this time.
