Note 1: Plan Description

The following description of the Norton Energy Drilling, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a contributory, defined contribution plan covering substantially all employees of Norton Energy Drilling, LLC (the Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility. Employees are eligible to participate in the Plan after completing two months of employment and attaining the age of 18. Plan entry dates are on the first day of the month coinciding with or next following satisfaction of the eligibility requirements.

Contributions. Under the Plan, both the participant and the Sponsor can make contributions. Participant contributions are subject to the limitations provided for in Section 401(k) of the Internal Revenue Code (the Code). Effective, January 1, 2016, participants without an Elective Deferral election will be automatically enrolled in the Plan at 3% of each employee's compensation. However, employees may at any time complete a salary deferral agreement to elect an alternate deferral amount or to elect not to contribute to the Plan. Participants may change their contributions on either the Plan entry date or the first day of any subsequent calendar quarter.

Prior to May 1, 2020, the Sponsor contributed an annual safe harbor non-elective contribution on behalf of each eligible participant equal to 100% of the participant's salary deferrals that did not exceed 3% of their compensation, plus 50% of the participant's salary deferrals between 3% and 5% of their compensation. Effective May 1, 2020, The Plan was amended to remove the Sponsor's safe harbor matching contribution requirement, and the Sponsor has not contributed to the Plan since that date. The Sponsor may make discretionary profit-sharing contributions to the Plan, as determined annually. In order to receive profit sharing contributions, the participant must be employed on the last day of the Plan year and have completed at least 720 hours of service during the year. The Sponsor did not make any profit-sharing contributions to the Plan for the years ended December 31, 2020 and 2019.

Participant Accounts. Each participant's account is credited with the participant's contributions, as well as the Sponsor's safe harbor contributions and allocations of any profit-sharing contributions, along with the investment earnings or losses thereon, and allocations of any administrative expenses. Sponsor profit sharing contributions, if any, are allocated pro rata based on participant compensation.

Vesting. Participants are always 100% vested in their accounts and the earnings thereon, including any and all Sponsor contributions.

Forfeitures. Participants are always being fully vested in their accounts, thus the Plan has no forfeitures.

Notes Receivable from Participants. Participants may borrow from their account a minimum of $1,000 up to the lesser of $50,000 or 50% of their account balance. Loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.50% based on the local prevailing rates at the time the loans were made. Loans are for a period not to exceed five years and principal and interest are paid ratably through payroll deductions each pay period.

Note 1: Plan Description (continued)

Payment of Benefits. Upon termination of service due to disability or retirement, the participant may elect to receive a lump-sum amount equal to the balance of the participant's account, or substantially equal installments over a period not to exceed the participant's lifetime or the assumed lifetime of the participant and beneficiary. If a participant dies before distribution of their account begins, distribution of the entire account must be completed by December 31st of the calendar year containing the fifth anniversary of death. Distributions to terminated participants will be made as soon as administratively feasible and an automatic, single lump-sum distribution will be made to those participants with a vested balance below $5,000. If the participant dies prior to receiving all benefits under the Plan, the balance of the participant's account is paid to the beneficiary. Hardship distributions are also allowed under the Plan.

Plan Termination. Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), including specialized industry practices as specified in the American Institute of Certified Public Accountants audit and accounting guide titled *Audits of Employee Benefit Plans.*

Use of Estimates. Financial statements prepared in conformity with GAAP require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Values. Investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Dividends are recorded on the ex-dividend date.

Administrative Costs. Certain administrative services and the use of office fixtures and equipment are provided to the Plan by the Sponsor, with no provision for these costs included in the accompanying financial statements. These costs were not significant for the years ended December 31, 2020 and 2019. All other administrative expenses are recognized when incurred.

Prohibited Transactions. A "party-in-interest" is a fiduciary or employee of the Plan, any person who provides services to the Plan, the Sponsor or an employee association whose members are covered by the Plan, a person who owns 50 percent or more of the Sponsor or such employee association or relatives of such person just listed. Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange, or lease of property;
- A loan or other extension of credit;
- The furnishing of goods, services, or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property.

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

The Plan did not engage in any prohibited transactions for the years ended December 31, 2020 and 2019.

Note 3: Income Tax Status

The Internal Revenue Service (IRS) has issued an opinion letter determining that the prototype non-standardized plan is acceptable under Section 401 of the Internal Revenue Code (The Code). It is not a ruling or determination as to whether the Plan itself qualifies under Section 401(a) of the Code. However, an employer adopting the prototype non-standardized plan may rely on the opinion letter with respect to the qualification of its plan under Code section 401(a). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the opinion, the plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. There are currently no audits for any tax periods in progress. Generally, the Plan's tax returns are subject to examination for three years after they are filed.

Note 4: Data Prepared and Certified by Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Mass Mutual Life Insurance Company (MassMutual).

	2020	2019
Mutual funds	$ 3,006,016	$ 3,961,625
Guaranteed interest contract	971	2,050
Notes receivable from participants	219,479	316,692
	$ 3,226,466	$ 4,280,367

For the years ended December 31, 2020 and 2019, MassMutual has also certified the completeness and accuracy of the $319,174 and $754,225 net appreciation in fair value of the Plan's investments, respectively, as well as the interest income totaling $14,067 and $13,178, respectively. Certain investments are shares of mutual funds managed by MassMutual. MassMutual is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 5: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	2020		
	Level 1	Level 2	Total
Mutual funds	$ 3,006,016	$ –	$ 3,006,016
Guaranteed interest contract	–	971	971
Total	$ 3,006,018	$ 971	$ 3,006,987

	2019		
	Level 1	Level 2	Total
Mutual funds	$ 3,961,625	$ –	$ 3,961,625
Guaranteed interest contract	–	2,050	2,050
Total	$ 3,961,625	$ 2,050	$ 3,963,675

Note 5: Fair Value Measurements (continued)

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair values of guaranteed interest contracts are based on yields currently available on comparable securities of issues with similar credit ratings.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with such securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Reconciliation of Financial Statements to Form 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor, and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the Code and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually, with audited financial statements enclosed. Certain accounting principles and/or the methods of application underlying the accompanying financial statements and the Plan's Form 5500 are different, generating timing differences between corresponding amounts presented therein. Accordingly, reconciliations of amounts presented in the accompanying financial statements and the Plan's Form 5500 follow:

"Net Assets Available for Benefits" per the accompanying financial statements and the Plan's Form 5500 are reconciled as follows:

	2020	2019
Net assets available for benefits as reported in the financial statements	$ 3,227,441	$ 4,340,607
(Less): Accrued contributions receivable	(975)	(60,240)
As reported in the Form 5500	$ 3,226,466	$ 4,280,367

"Increase in Net Assets Available for Benefits" per the accompanying financial statements and the Plan's Form 5500 are reconciled as follows:

	2020	2019
Increase in net assets available for benefits as reported in the financial statements	$ (1,113,166)	$ 545,417
Plus: Change in accruals	59,265	20,122
As reported in the Form 5500	$ (1,053,901)	$ 565,539

Note 8: Party-in-Interest Transactions

During 2020, the Sponsor failed to remit participant contributions to the plan in a timely manner, as defined by ERISA. This instance has been corrected. The delinquent contributions are considered nonexempt party-in-interest transactions, which may result in an imposition of a 15 percent excise tax on the amount of the transactions. The Sponsor has compensated participants for any lost earnings resulting from the delay in contributions. Lost earnings associated with the delinquent contributions totaled $25. These nonexempt transactions do not affect the tax status determination of the Plan, and the Sponsor intends to pay any fines imposed.

Note 9: Subsequent Events Evaluation

Management has evaluated subsequent events through October 4, 2021, the date which the financial statements were available to be issued. No material subsequent events have occurred during this time which would require recognition in the financial statements or footnotes as of the year ended December 31, 2020.
