NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of Jenkins Services, Inc. 401(k) Plan (the "Plan") are maintained on the accrual basis in accordance with U.S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds are carried at the fair market value (net asset value), as determined by quoted prices in an active market. Dividends are considered in the fair market value determination. Investments in the collective trusts funds are valued at the net asset value (NAV) of units of a bank collective trust. The NAV is based on the fair values of the underlying investments held by the fund. Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation in fair value in the statement of changes in net assets available for benefits.

Participants' Notes Receivable: Participants' notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at either year end. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Payment of Benefits: Benefit payments are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to investments is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Recently Adopted Accounting Pronouncement: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13, effective for periods beginning after December 15, 2019, which modifies certain of the required fair value measurement disclosures. The Plan adopted this new pronouncement effective January 1, 2020. Adoption of this standard did not have a material impact on the financial statements and no adjustments were made to prior periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE B - DESCRIPTION OF PLAN

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor. Participants may enroll in the Plan on the first day of the month following eligibility.

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions: Each year participants may elect to contribute up to 100% of pretax annual compensation, subject to certain limitations as defined in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined contribution plans. Employer matching contributions are discretionary and determined annually. The employer elected to make matching contributions in 2020 and 2019 of 40% of participant deferrals, up to 6% of compensation (on a per pay period basis).

Participant Accounts: Each participant's account is credited with the participant's elective deferrals and allocations of the Plan Sponsor's contributions, Plan earnings, and administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of their account balance.

Vesting: Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their account plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

Investment Options: Upon enrollment in the Plan, a participant may invest in a number of diverse mutual funds and change investment options daily at their discretion.

Participants' Notes Receivable: Participants may borrow from their fund a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their account balance (reduced by any other existing outstanding loan balance(s)). Loans are collateralized by the vested portion of participants' account balances. Terms generally range from 1 to 5 years. Interest rates are determined by the Trustee, which was 4.25% - 5.75% for loans issued in 2020 and 6.00% - 6.50% for loans issued in 2019. Principal and interest payments are made in equal installments through payroll deductions each pay period.

Payment of Benefits: Payment of vested account balance will begin no later than the sixtieth day after the end of the year during which the participant reaches normal retirement age, dies or terminates employment, whichever is later. Various payment options are available and are described more fully in the Plan agreement. Hardship withdrawals are available subject to certain limitations.

Forfeitures: Forfeited non-vested accounts totaled $23,013 at December 31, 2020 and $24,606 at December 31, 2019. Forfeitures are retained in the Plan and are used to reduce the Employer's matching contribution or to pay administrative expenses of the Plan.

NOTE B - DESCRIPTION OF PLAN - continued

Plan Amendments: In 2020, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

The Plan also has been amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which changes the Plan to allow certain eligible individuals receive coronavirus-related distributions and suspend requirement minimum distributions. The Plan is in the process of being amended to implement certain changes permitted by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) which delays the commencement date for required minimum distributions. A written amendment to the Plan to reflect operational changes will be adopted at a later date in accordance with the applicable law and IRS guidance.

NOTE C – INVESTMENT CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, Plan investments and participants' notes receivable at December 31, 2020 and 2019 and the related investment earnings and interest on participants' notes for the years then ended, were certified and held by the Trustee are not audited by the independent auditor.

NOTE D - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level within the fair value hierarchy the Plan's investments measured at fair value:

	Fair Value Measurements Using			
	Level 1	**Level 2**	**Level 3**	**Total**
December 31, 2020				
Mutual funds	$ 1,709,968	$ -	$ -	$ 1,709,968
Collective trust funds	-	17,011,981	-	17,011,981
Investments at fair value	$ 1,709,968	$ 17,011,981	$ -	$ 18,721,949
December 31, 2019				
Mutual funds	$ 1,386,955	$ -	$ -	$ 1,386,955
Collective trust funds	-	13,419,985	-	13,419,985
Investments at fair value	$ 1,386,955	$ 13,419,985	$ -	$ 14,806,940

There have been no changes in methodologies used during 2020 and 2019, nor transfers between levels. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV).

Collective trust funds: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV is based on the fair values of the underlying investments held by the fund.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - INCOME TAX STATUS

The Plan is a prototype non-standardized profit sharing plan developed by Principal Life Insurance Company. The Plan received its most recent favorable opinion letter from the Internal Revenue Service on March 2014, and although it has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes the Plan is qualified for tax exempt status. The Plan Administrator is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments issued by registered investment company, Principal Funds, Inc., member of the Principal Financial Group. Principal Trust Company, Trustee of the Plan's assets, and Principal Life Insurance Company, recordkeeper for the Plan, are also members of Principal Financial Group. Accordingly, transactions related to such investments qualify as party-in-interest transactions and must be disclosed. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the Plan document.

NOTE H – COVID

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and a significant uncertainty in the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
