INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
The Fifth Third Bancorp Master Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Fifth Third Bancorp Master Retirement Plan (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fifth Third Bank, National Association, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Assets (Held at End of Year) as of December 31, 2020 and Reportable Transactions for the Year Ended December 31, 2020 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following brief description of the major provisions of The Fifth Third Bancorp Master Retirement Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan Document for more complete information.

General - The Plan is sponsored and administered by Fifth Third Bancorp (the "Plan Sponsor"). The Plan is a noncontributory defined benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. On December 31, 2001, the Fifth Third Bancorp Master Retirement Plan (the "Predecessor Plan") was merged into the Old Kent Retirement Income Plan. Effective with the merger, this newly merged plan was then renamed The Fifth Third Bancorp Master Retirement Plan. Fifth Third Bancorp amended and restated the Plan effective January 1, 2019, and again effective January 1, 2020, in connection with the filing of an application for an updated determination letter in July 2020 to incorporate prior technical amendments, make certain other legal-required updates and make other non-substantive changes, clarifications and updates. Fifth Third Bank, National Association (the "Trustee"), a wholly-owned subsidiary of Fifth Third Bancorp, serves as the trustee of the Plan and manages the Plan's investments.

Pension Benefits - Under the Predecessor Plan, effective November 15, 1998, benefits were frozen, except for grandfathered employees. A grandfathered employee was a participant who, as of December 31, 1998, met the following requirements: (1) was an employee of a Fifth Third Bancorp participating subsidiary, (2) was at least 50 years old and (3) had credit for at least 15 vesting years.

The Plan provides for retirement benefits upon reaching age 65 and five years of vesting service and has provisions for early and deferred retirement benefits. Effective November 15, 1998, annual benefits under the Predecessor Plan accrue only for grandfathered employees, based upon a formula using years of credited service and the employee's base pay rate adjusted for social security benefits. In addition, certain employees are entitled to benefits applicable to certain plans merged with the Predecessor Plan. Benefits of the Predecessor Plan are payable in the form of a single life annuity, qualified joint and survivor annuity, a contingent annuity, a life annuity with 10 years certain, a life annuity of 15 years certain or a lump sum. Lump sum payments not exceeding $5,000 are paid in a lump sum immediately on or after the participant's commencement date if no other election is made. Benefits not exceeding $1,000 are paid in cash and benefits exceeding $1,000 are distributed in an automatic rollover to an individual retirement account. In addition, other optional forms of payment are available as permitted under an appendix in the Predecessor Plan Document.

All Plan participants are 100% vested.

Funding Policy - Contributions to provide benefits under the Plan are made solely by the Plan Sponsor. The Plan Sponsor's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Plan Sponsor met the minimum funding requirements of ERISA for both the years ended December 31, 2020 and 2019. The Plan Sponsor did not elect to make an additional contribution for both the years ended December 31, 2020 and 2019.

Investment Policy and Strategy - Plan Management's objective is to achieve and maintain a fully-funded status of the qualified defined benefit plan while also minimizing the risk of excess assets. As a result, the portfolio assets of the qualified defined benefit plan will continue to increase the weighting of long-duration fixed income, or liability-matching assets, as the funded status increases. The Plan's policy for the investment of Plan assets is to employ investment strategies that achieve a range of weighted-average target asset allocations relating to equity securities, fixed-income securities (including U.S. Treasury and federal agencies

securities, mortgage-backed securities, asset-backed securities, corporate bonds and municipal bonds), alternative strategies (including traditional mutual funds, precious metals and commodities) and cash.

Termination - Although it has not expressed its intention to do so, the Plan Sponsor has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested. In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan Document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested, normal-age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide these benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided by the then existing assets and the PBGC guaranty, while other benefits may not be provided at all.

Tax Status - The Internal Revenue Service ("IRS") has determined and informed Fifth Third Bancorp by a letter dated December 9, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

COVID-19 Global Pandemic - The COVID-19 pandemic introduced significant economic uncertainty during the year ended December 31, 2020. Despite the partial lifting of previous lockdown measures in some of the states in the Plan Sponsor's geographic footprint, the recent fluctuations in the number of COVID-19 cases mean that it remains unknown when there will be a return to normal economic activity. During the year ended December 31, 2020, the Plan Sponsor observed the impact of the pandemic on its business. Although the Plan Sponsor is unable to estimate the extent of the impact, the continuing pandemic and related global economic crisis adversely impacted its operating results.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law on March 27, 2020, which amended certain rules related to employee benefit plans. These provisions did not have a material impact on the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accounting records of the Plan are maintained on the accrual basis of accounting. The accompanying financial statements have been prepared in accordance with U.S. GAAP. The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued, to determine if either recognition or disclosure of significant events or transactions is required.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires Plan Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates and assumptions and could be material to the financial statements.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Concentrations of Investments - At December 31, 2020, the Plan had one investment that exceeded 10% of the total Plan investments balance. The Blackrock Strategic Income Opportunities Fund represented 28% of total Plan investments at December 31, 2020. Due to the nature of mutual and exchange-traded funds, the underlying assets are, generally, diversified portfolios which minimizes the risk that a price change of a particular investment within these funds will have a material impact on the net asset value ("NAV") per share of that particular fund.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Cash Equivalents - Cash equivalents include amounts held in the Fifth Third Banksafe deposit account. Cash equivalents are readily convertible to cash upon demand and are considered short-term investment funds that have an original maturity of 90 days or less when purchased.

Valuation of Investments - Investments are stated at fair value in accordance with Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*. The Plan's fair value measurements involve various valuation techniques and models, which involve inputs that are observable, when available. Valuation techniques and parameters used for measuring assets and liabilities are reviewed and validated by the Plan on a quarterly basis. Additionally, the Plan monitors the fair values of significant assets and liabilities using a variety of methods including the evaluation of pricing runs and exception reports based on certain analytical criteria, comparison to previous trades and overall review and assessments for reasonableness. The

Plan may, as a practical expedient, measure the fair value of certain investments on the basis of the NAV per share of the investment, or its equivalent. For further information on fair value measurements, refer to Note 4.

Income Recognition - In accordance with the Department of Labor's regulations, realized and unrealized gains and losses are based on the value of the investments as of the beginning of the Plan year or at the time of purchase, if purchased during the year, and are reflected in the Statement of Changes in Net Assets Available for Benefits. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative and Other Expenses - Administrative and other expenses include fees paid by the Plan to the Plan's actuary and legal counsel for services rendered and premiums paid to the PBGC. In addition, the Plan Sponsor pays certain expenses of administering the Plan, although it is not obligated to do so under the Plan provisions.

New Accounting Standard - In August 2018, the Financial Accounting Standards Board ("FASB") issued ASU 2018-13, *Fair Value Measurement (Topic 820) – Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements. The amendments remove the requirement to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modifies the disclosure for investments in certain entities that calculate NAV to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. It also clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. The Plan adopted the amended guidance on January 1, 2020. The amended disclosure requirements are included in Note 4.

3. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the services employees have rendered as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable as a result of retirement, death, disability or termination of employment are included, to the extent they are deemed attributable to employee services rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations for the 2020 and 2019 Plan years were:

a) Retirement age assumptions: weighted average retirement age is 61 at both December 31, 2020 and 2019;
b) Discount rate: 2.26% and 3.05% at December 31, 2020 and 2019, respectively; and
c) Life expectancy of participants: PRI-2012 Mortality Tables projected generationally from 2012 using Scale MP-2020 at December 31, 2020 and using Scale MP-2019 at December 31, 2019.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of December 31, 2020 and 2019 is as follows:

	December 31, 2020	December 31, 2019
Vested benefits:		
Active employees	$ 42,951,339	$ 41,752,576
Retired participants	59,572,417	58,534,996
Vested, terminated and transferred participants	81,919,017	76,900,081
Total vested benefits	184,442,773	177,187,653
Non-vested benefits	167,094	233,552
Total actuarial present value of accumulated plan benefits	$ 184,609,867	$ 177,421,205

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2020 are as follows:

Present value of accumulated plan benefits, beginning of period	$ 177,421,205
Increase (decrease) during the year attributable to:	
Benefits accumulated	2,565
Actuarial losses	31,913
Decrease in discount period	5,189,317
Change of assumptions	16,483,740
Benefits paid	(14,518,873)
Net increase	7,188,662
Present value of accumulated plan benefits, end of period	$ 184,609,867

4. FAIR VALUE MEASUREMENTS

The Plan measures certain financial assets and liabilities at fair value in accordance with U.S. GAAP, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP also establishes a fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the instrument's fair value measurement. The three levels within the fair value hierarchy are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Unobservable inputs for the asset or liability for which there is little, if any, market activity at the measurement date. Unobservable inputs reflect the Plan's own assumptions about what market participants would use to price the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include the Plan's own financial data such as internally developed pricing models, discounted cash flow methodologies, as well as instruments for which the fair value determination requires significant management judgment.

The methods described above involve various valuation techniques and models, which involve inputs that are observable, when available. Valuation techniques and parameters used for measuring assets and liabilities are reviewed and validated on a quarterly basis. Additionally, the Plan monitors the fair values of significant assets and liabilities using a variety of methods including the evaluation of pricing runs and exception reports based on certain analytical criteria, comparison to previous trades and overall review and assessments for reasonableness.

The following tables summarize assets measured at fair value on a recurring basis.

Total investments	$ 146,817,006	28,418,865	—	$ 175,235,871

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Cash equivalents
Cash equivalents are comprised of money market mutual funds that invest in short-term money market instruments that are issued and payable in U.S. dollars. The Plan measures its cash equivalent funds that are exchange-traded using the fund's quoted price, which is in an active market. Therefore, these investments are classified within Level 1 of the valuation hierarchy.

Mutual and exchange-traded funds
The Plan measures its mutual and exchange-traded funds, which are registered with the Securities and Exchange Commission, using the funds' quoted prices which are available in an active market. Therefore, these investments are classified within Level 1 of the valuation hierarchy. The mutual and exchange-traded funds held by the Plan are open-ended funds and are required to publicly publish their NAV on a daily basis. The funds are also required to transact and use the daily NAV as a basis for transactions. Therefore, the NAV reflects the fair value of the Plan's investment.

U.S. Treasury securities and agency obligations, corporate bonds and notes and municipal bonds and notes
For U.S. Treasury securities, the Plan measures the fair value based on quoted prices which are available in an active market. Therefore, these investments are classified within Level 1 of the valuation hierarchy. Where quoted prices are not available, the Plan measures agency obligations, corporate bonds and notes and municipal bonds and notes based on matrix pricing models that include the bid price, which factors in the yield curve and other characteristics of the security including the interest rate, prepayment speeds and length of maturity. Therefore, these investments are classified within Level 2 of the valuation hierarchy.

Non-agency commercial mortgage-backed securities and non-agency asset-backed securities
The fair values of non-agency commercial mortgage-backed securities and non-agency asset-backed securities are estimated based on models that consider the estimated cash flows of each tranche of the entity, establishes a benchmark yield and develops an estimated tranche-specific spread to the benchmark yield based on the unique attributes of the tranche. These investments are estimated using observable and timely inputs and, therefore, are classified within Level 2 of the valuation hierarchy.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Fifth Third Bank, National Association is the Trustee as defined by the Plan and, therefore, is a party-in-interest. The Plan's cash equivalents are held in an interest-bearing deposit account with Fifth Third Bank, National Association. Fifth Third Bank, National Association also provides the Plan with certain accounting, administrative and investment management services for which no fees are charged.

6. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information (see accompanying independent auditors' report) regarding the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information prepared by Fifth Third Bank, National Association, the Trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

	December 31, 2020	December 31, 2019

Effective interest rate	5.33%	4.02%

Assumed cost of living adjustments

None.

Plan-related expenses

The amount assumed for plan-related expenses is the average of the actual amounts paid in the two prior years, rounded to the next $1,000. The amount included this year for plan-related expenses is $523,000.

Demographic Assumptions

Inclusion date

The valuation date coincident with or next following the date on which the employee becomes a participant.

SCHEDULE SB ATTACHMENTS

Mortality

For all participants: Separate rates for non-annuitants (based on RP-2014 “Employees” table without collar or amount adjustments adjusted backward to 2006 with MP-2014, and then projected forward with a static projection as specified in the regulations under §1.430(h)(3)-1 using Scale MP-2018) and annuitants (based on RP-2014 “Healthy Annuitants” table without collar or amount adjustments, adjusted backward to 2006 with MP-2014, and then projected forward with a static projection as specified in the regulations under §1.430(h)(3)-1 using Scale MP-2018).

Retirement

For purposes of determining the Funding Target and Target Normal Cost (both disregarding at-risk assumptions), the rates at which participants retire by age are shown below.

Percentage retiring during the year

Future increases in maximum benefits and plan compensation limitations

Accrued benefits projected to be paid in future years are limited to the maximum presently allowed under IRC Section 415. Plan compensation is limited to the maximum presently allowed under IRC Section 401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit.

SCHEDULE SB ATTACHMENTS

Lump sum conversion factors

For lump sums calculated using the PBGC interest rate:

- Interest rate equal to the ASC 960 discount rate less 275 basis points
- 1971GAM for females mortality assumption

For lump sums calculated using the non-PBGC interest rate:

- 3-segment rates as described in Interest Rates above
- The table prescribed by the IRS for plan years beginning in 2020, projected to future years by scale MP-2018, adjusted for consistency with the IRS static projection. This is consistent with IRS Notice 2019-26.

Representative termination rates not due to disability, retirement, or mortality

A flat rate of 7% at all ages.

Form of payment

93% of vested employees who terminate due to normal retirement, early retirement, or vested termination are assumed to elect an immediate lump sum. 93% of vested terminated participants are assumed to elect an immediate lump sum. Other participants are assumed to elect the normal form.

Marriage

For purposes of valuing the pre-retirement surviving spouse's benefit, 80% of eligible participants are assumed to be married and male spouses are assumed to be 3 years older than female spouses.

New or rehired employees

It was assumed that there will be no new or rehired employees.

Plan compensation

Annualized January 1, 2020 rate of pay for those not eligible for a bonus. For those eligible for a bonus, annualized January 1, 2020 rate of pay plus estimated bonus according to the following table:

Base Pay Rate	Bonus %
< $125,000	35%
$125,000 - $134,999	40%
$135,000 - $249,999	55%
$250,000 and up	70%

SCHEDULE SB ATTACHMENTS

Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2019 plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with Fifth Third and, based on that review, is not aware of any significant benefits required to be valued that were not.

SCHEDULE SB ATTACHMENTS

Sources of Data and Other Information

Employee data was supplied by the Bank through the eepoint administration system as of the census date. Information on assets, contributions, and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale – Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Expected return on plan assets	We understand that the expected return on assets assumption reflects the plan sponsor's estimate of future experience for trust asset returns, reflecting the plan's current asset allocation and any expected changes during the current plan year, current market conditions and the plan sponsor's expectations for future market conditions.

Assumptions Rationale - Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Form of payment	The percentage of participants assumed to take lump sums is based on observed experience over the period 2010 to 2014. A review of experience from 2015 to 2019 did not warrant a change to this assumption.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in the Statement of Actuarial Assumption/Methods, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

SCHEDULE SB ATTACHMENTS

Changes in Assumptions and Methods

Changes in assumptions and methods since last actuarial valuation

- The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2018 to September 2019 as required by IRC §430.
- The mortality table used to calculate the funding target and target normal cost was updated to use the MP-2018 projection scale as specified in the regulations under §1.430(h)(3)-1.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Expected return on plan assets	We understand that the expected return on assets assumption reflects the plan sponsor's estimate of future experience for trust asset returns, reflecting the plan's current asset allocation and any expected changes during the current plan year, current market conditions and the plan sponsor's expectations for future market conditions.

Assumptions Rationale - Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Form of payment	The percentage of participants assumed to take lump sums is based on observed experience over the period 2010 to 2014. A review of experience from 2015 to 2019 did not warrant a change to this assumption.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in the Statement of Actuarial Assumption/Methods, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Changes in assumptions and methods since last actuarial valuation

- The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2018 to September 2019 as required by IRC §430.
- The mortality table used to calculate the funding target and target normal cost was updated to use the MP-2018 projection scale as specified in the regulations under §1.430(h)(3)-1.

Summary of Plan Provisions

Plan Provisions	
Plan Status	Effective November 15, 1998, no further benefits shall accrue for any participant who is not a Grandfathered Employee. Grandfathered Employee means a participant who, as of December 31, 1998, is: An employee At least 50 years of age Has credit for at least 15 Vesting Years
Applicability of provisions	The provisions summarized here are generally applicable to participants who originated with the Fifth Third Bank. Many subsequently acquired banks have provisions that are particular to that organization and that differ from the following. Details of those grandfathered plan provisions can be found in the various appendices to the Fifth Third MRP document.
Effective date	Amended and restated effective January 1, 2020.
Plan year	The twelve-month period ending December 31.
Coverage and participation	Employees who were participants in the prior plan on December 31, 2001 became participants in the Plan as of January 1, 2002. An employee whose employment commences after December 31, 1997 shall not become a participant in the plan. Other participants with accrued benefits from defined benefit plans of acquired employers may be merged into this plan from time to time.

Definitions

Fifth Third service	Vesting Service as an employee of the Fifth Third Bank or any affiliate.
Credited service	Years of Fifth Third Service as a participant. Employment before January 1, 1972 is not counted.
Vesting service	An employee is credited with one year of Vesting Year for each calendar year in which he has completed 1,000 or more hours of service.
Final average pay	The monthly average of the highest five consecutive rates of pay for the calendar years of compensation during the 10-year period ending on the earliest of termination, early retirement, or normal retirement dates.
Covered compensation	The 35-year average of Social Security Wage Bases, ending in the year Social Security retirement age is attained. The Wage Base is assumed to be constant from the year of termination to the Social Security retirement age.

Eligibility for Benefits

Normal Retirement	All participants on the first of the month coinciding with or next following attainment of age 65 and completion of at least five Vesting Years.
Early retirement	Any participant who retires on the first of the month on or next following attainment of age 55 and completion of five Vesting Years.
Postponed retirement	Any participant who retires on a date after his normal retirement date.
Deferred vested termination	All participants who terminate employment with five Vesting Years will be 100% vested.

SCHEDULE SB ATTACHMENTS

Preretirement death benefit	All Spouses of all active vested participants who die before payments have begun, provided that the participant and surviving spouse were married for at least one year. Also, spouses of separated participants who: had at least one Hour of Service after January 1, 1976, separated with at least five Vesting Years and a nonforfeitable right to a benefit, were alive on August 23, 1984, whose payment has not commenced as of August 23, 1984, and who elected coverage.

Benefits Paid Upon the Following Events

Normal retirement benefit	The greater of pension benefit accrued to May 1, 1991 (December 31, 1998, for super-highly compensated employees) or the sum of (a) and (b) below: a) 30.5% of Final Average Pay minus 11.1% of Final Average Pay not in excess of Covered Compensation multiplied by the ratio of Credited Service projected to age 60 (not in excess of 30 years) over 30; multiplied by the ratio of Fifth Third Service over Fifth Third Service projected to age 60 (with the ratio not exceeding 1). b) Predecessor Plan Benefit, if any.
Early retirement benefit	The participant's benefit described under Pension Benefits at Normal Retirement, based on service and Final Average Pay at retirement, reduced 0.5% for each month that commencement of payments precedes the date on which the participant reaches age 60. Different early retirement factors apply to some predecessor plan benefits.

SCHEDULE SB ATTACHMENTS

Preretirement death benefit	If eligible for early retirement, the amount that would have been payable to the spouse had the participant retired on the day before he died, having elected a 50% joint and survivor annuity with his spouse named as the survivor. Monthly payments will begin as of the first day of the month following the participant's death and will continue for the spouse's life. If not eligible for early retirement, the amount that would have been payable to the spouse had the participant terminated on the date he died, survived to his earliest retirement age, retired (having elected a 50% joint and survivor annuity with his spouse named as the survivor), and then died the day after retirement. Monthly payments will begin on what would have been the participant's earliest retirement date and continue for the spouse's life.
Postponed retirement	Benefit described under Pension Benefits at Normal Retirement, based on service and Final Average Pay at actual retirement date. Payment of benefit begins at actual retirement date.
Deferred vested termination	The participant's benefit described under Pension Benefits at Normal Retirement, based on service and Final Average Pay at termination, payable when participant becomes age 65 or at an earlier age in a reduced amount.
Predecessor plan benefits	
Fifth Third Bank	Accrued Benefit under the Fifth Third Bank Pension Plan (including predecessor plans from The Lincoln National Bank, The Norwood-Hyde Park Bank and Trust Company, and The Citizens Bank of St. Bernard) as of January 1, 1955.
Farmers Bank of West Union	Accrued Benefit under West Union Plan as of December 31, 1981.
Fayette County Bank	Accrued benefit under the Fayette County Bank Employees Retirement Plan as of December 31, 1981.
Fifth Third Bank of Kenton County	Accrued Benefit under Security Bank, Inc. Employee Pension Trust as of January 1, 1989.
