1. Description of Plan

The following description of the DPR Construction 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a salary deferral arrangement established under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan was established in 1992 by DPR Construction (the "Company") to provide benefits to eligible employees of the Company and its subsidiaries, as defined in the Plan document. The Plan document was most recently amended and restated on January 1, 2018. The Plan defines eligible participants as all employees except those who are subject to a collective bargaining agreement, leased, casual or field labor, and non-resident aliens. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended.

Coronavirus Aid, Relief and Economic Security Act

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In addition, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. The provisions for participants to take loans or distributions is at the discretion of the Plan Sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has elected to implement these provisions.

Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from $50,000 and 50% of a participant's vested account balance to $100,000 and 100% of a participant's vested account balance. These loans are only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 ("Suspension Period") for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and
- Distributions of up to $100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing "adverse financial consequences" from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59½; however, the distribution should be added to the participant's taxable income, which can be done over three years. The participant can then repay the amount to the Plan and receive a refund of the taxes paid on it.

1. Description of Plan, continued

Plan Administration

The Company is the administrator of the Plan and has appointed an administrative committee to manage the operation and administration of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Vanguard Fiduciary Trust Company ("Vanguard") is the appointed trustee for the Plan and acts at the direction of the Plan's administrator.

Participant Contributions

Participants are automatically enrolled in the Plan at 4% of eligible compensation increased each year by 1% up to 10%, unless the participant opts out. Employees who elect to participate in the Plan may contribute up to 100% of their salary into the Plan not to exceed limits imposed by Section 402(g) of the IRC. After-tax Roth deferrals are also permitted. Participants who participate in the Plan accept an equivalent reduction in taxable compensation for pre-tax contributions. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions

The Company makes matching contributions of 50% of each participant's elective deferral, which may not exceed 6% of the participant's compensation. Employer matching contributions amounted to approximately $14,410,000 for the year ended December 31, 2020. The Plan also allows for a discretionary profit sharing contribution. Participants must be employed on the last day of the Plan year to be eligible for any discretionary profit sharing contributions. For the year ended December 31, 2020, the Plan administrator approved and funded a profit sharing contribution in the amount of $11,500,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions or eligible employee compensation, as defined by the Plan document.

Certain fees are charged to the funds and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participants are immediately vested in their 401(k) contributions and the Company's 401(k) matching contributions. Participants vest 25% in the Company's discretionary profit sharing contribution after two years of credited service and an additional 25% for each year of service thereafter. Participants are fully vested after five years of service. Participants with service greater than five years are automatically vested in the profit sharing.

1. Description of Plan, continued

Participant Notes Receivable

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance and may have two outstanding loans at a time. Participant notes receivable are secured by the participant's vested balance. Such participant notes receivable bear interest at the available market financing rate and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period may be longer than five years. The specific terms and conditions of such participant notes receivable are established by the Plan administrator. Outstanding participant notes receivable as of December 31, 2020 were $7,472,484 and carry interest rates of 4.25% to 6.50% per annum.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds, brokerage options, and a money market fund offered by the Plan. Upon auto enrollment participants are initially set up under the Target Retirement Funds. Participants may change their investment options at any time.

Payment of Benefits

When participants leave the Company upon normal retirement (age 59½) or for any other reason, those participants (or their beneficiaries) may receive the vested value of their salary deferrals, employer contributions (if any), rollovers and the net earnings thereon in a single lump-sum payment. In-service withdrawals are permitted at age 59½ and for certain immediate financial need (Hardship) as defined by the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made. The Plan allows for the automatic lump-sum distribution of participant vested account balances that do not exceed $1,000.

Distributions under the Plan are generally made as soon as possible after the date of retirement, date of death, or termination of employment. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

Forfeitures

Forfeited non-vested employer contributions are utilized to reduce expenses related to the administration of the Plan and to reduce future employer contributions. Forfeited non-vested accounts remaining in the Plan as of December 31, 2020 and 2019 totaled approximately $916,800 and $790,200, respectively.

The Company used forfeitures of approximately $16,100 to pay Plan expenses and approximately $218,300 was allocated back to eligible participants for the year ended December 31, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees and expenses related to the maintenance of the Plan's records.

3. Information Prepared and Certified by Trustee (Unaudited)

As of December 31, 2020 and 2019, and for the year ended December 31, 2019, the Plan's investments were held by Vanguard. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by Vanguard as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA:

	2020	2019
Mutual funds	$ 536,554,337	$ 422,430,479
Money market fund	20,323,116	11,066,294
Brokerage options	8,651,608	5,571,640
	$ 565,529,061	$ 439,068,413
Participant notes receivable	$ 7,472,484	$ 6,214,056
Net appreciation of investments, net of fees	$ 71,261,884	
Interest and dividends	$ 13,221,074	
Interest on participant notes receivable	$ 370,287	

4. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Cash equivalents: Valued based on redemption values on the last business day of the Plan year.

Preferred stocks, common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 536,554,337	$ -	$ -	$ 536,554,337
Money market fund	20,323,116	-	-	20,323,116
Brokerage options	8,651,608	-	-	8,651,608
	$ 565,529,061	$ -	$ -	$ 565,529,061

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 422,430,479	$ -	$ -	$ 422,430,479
Money market fund	11,066,294	-	-	11,066,294
Brokerage options	5,571,640	-	-	5,571,640
	$ 439,068,413	$ -	$ -	$ 439,068,413

The Plan had no significant transfers between Level 1 or Level 2 for the years ended December 31, 2020 and 2019.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments in mutual funds, common stock, and money market funds are managed by Vanguard, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan has adopted a prototype Non-Standardized Profit Sharing Plan document that has obtained an opinion letter dated May 28, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype Plan document, as then designed, was in compliance with the applicable requirements of the IRC and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes. The Plan has been amended since receiving that determination letter; however, the Plan administrator and tax counsel believe the Plan is currently designed and operating in accordance with those provisions.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any non-vested employer contributions and distributions would be made to participants as described in the Plan agreement.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the World Health Organization declared an outbreak of a novel coronavirus (COVID-19) as a pandemic resulting in adversely impacted global commercial activity and significant declines and volatility in financial markets, resulting in economic uncertainties which may negatively impact investment performance across the globe. The COVID-19 outbreak presents uncertainty and risk with respect to the Plan's performance and its financial results.

9. Delinquent Participant Contributions

The Plan Sponsor failed to timely remit certain participant contributions and loan repayments within the DOL requirements, amounting to $782,995, as disclosed in the Schedule of Delinquent Participant Contributions for the year ended December 31, 2020. The Plan Sponsor fully corrected these contributions and loan repayments by reinstating lost earnings in 2020.

10. Subsequent Events

The Company acquired Gregory P. Luth & Associates, Inc. ("GPLA") in April of 2021. It is the intention to merge the GPLA 401(k) Plan and Trust into the DPR Construction 401(k) Plan in January of 2022.

The Company acquired GE Johnson in September 2021. It is the intention to merge the GE Johnson Plan into the DPR Construction 401(k) Plan in January of 2023.

The Plan was amended on August 25, 2021 to implement mandatory hardship and distribution provisions of the Bipartisan Budget Act of 2018.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 11, 2021, the date which these financial statements were available to be issued. Management concluded that, other than above, no material subsequent events have occurred since December 31, 2020 that require recognition or disclosure in these financial statements.
