The following description of the UCI Construction, Inc. Profit Sharing and Employee Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - The Plan covers all employees who have worked 12 consecutive months during which they completed at least 1,000 hours of service and are 21 years of age.

Contributions - Eligible employees may contribute up to a maximum annual contribution specified by the Internal Revenue Service. The maximum employee contribution was $19,500 and $19,000 ($26,000 and $25,000 for employees age 50 or older) for the years ended December 31, 2020 and 2019, respectively.

During 2020 and 2019, UCI Construction, Inc. (Company) contributed a match of 1% of the employees' contributions up to the maximum amount allowed by the IRS for the Plan year.

Participant Accounts - All contributions to the Plan are directed by the participants into investments in funds made available through a contract with the custodian. Upon termination of employment, retirement, or death, a participant or his/her beneficiary may elect to have the benefits distributed in one lump sum cash payment or in equal installments over a period of not more than their assumed life expectancy as determined at the time of distribution.

Funding Policy - Employee contributions are normally remitted as soon after the contributions are withheld as the assets can reasonably be segregated. The employer matching contributions are remitted with employee contributions.

Vesting - Participants are immediately vested in their contributions and the employer matched contributions plus actual earnings thereon.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020, and 2019, no allowance for credit losses have been recorded.

NOTE 1 DESCRIPTION OF PLAN (Continued):

Notes Receivable from Participants (Continued) – If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment to the participant based on the terms of the Plan document.

Investment Options - The Plan provides a variety of investment options through mutual funds offered by Voya Retirement Insurance and Annuity Company (Voya). Participants may determine the allocation of contributions between any of the following fund options:

Excess Contributions Payable - Amounts payable to participants totaling $19,877 for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable, with a corresponding reduction to 2020 participant and employer contributions.

NOTE 1 DESCRIPTION OF PLAN (Continued):

Payment of Benefits - In the event of retirement, disability or death, the participant's account will be distributed in a single distribution or in an annuity not to exceed the participant's life expectancy. In addition, participants may request hardship withdrawals which are defined as medical, educational, and certain other expenses for which the participants have no other available funds. All withdrawals are subject to limits specified in the Plan and by the Internal Revenue Code.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value or contract value as certified by the custodian as of December 31, 2020 and 2019. Net appreciation or depreciation of investments is determined from fair values as of the previous plan year end or from cost if acquired during the current year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. See Note 3 for additional fair value measurement information.

Administrative Expenses - Certain costs of administering the Plan are paid by the Plan and include investment advisory fees. The fees for accountants, trustees, and third-party administrators are paid by the Plan or by the Plan sponsor.

Recording of Benefits - Benefits are recorded when paid.

Accounting Pronouncements that have been Implemented – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement."

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Accounting Pronouncements that have been Implemented (Continued):

ASU 2018-13 modifies the disclosure requirements for fair value measurements. The modifications removed and added certain disclosure requirements. The amendments in this Update are effective for fiscal years beginning after December 15, 2019. The Plan adopted ASU 2018-13 for the Plan year ended December 31, 2020 and the adoption of the standard did not have an impact on its financial statements.

Reclassification - Certain 2019 amounts have been reclassified to conform to the 2020 financial statement presentation.

NOTE 3 FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than those quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs that are unobservable inputs for the asset or liability.

Fair values of investments measured on a recurring basis as of December 31, 2020 are as follows:

NOTE 3 FAIR VALUE MEASUREMENTS (Continued):

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 5,769,394	$ 5,769,394	$	$
Total recurring investments	$ 5,769,394	$ 5,769,394	$	$
Guaranteed Investment Contracts Measured at Contract Value (Note 5)	$ 467,577			
Total Investments	$ 6,236,971			

Fair values of investments measured on a recurring basis as of December 31, 2019 are as follows:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 5,727,603	$ 5,727,603	$	$
Total recurring investments	$ 5,727,603	$ 5,727,603	$	$
Guaranteed Investment Contracts Measured at Contract Value (Note 5)	$ 303,291			
Total Investments	$ 6,030,894			

Mutual Funds: Financial assets valued using level 1 inputs consist of mutual funds. The valuation methodology used for mutual funds measured at fair value uses a market approach. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contracts: ASU 2015-12 indicates that fully benefit-responsive investment contracts are measured, presented, and disclosed at contract value and fair value information is no longer required.

NOTE 3 FAIR VALUE MEASUREMENTS (Continued):

However, the investments measured at contract value are presented above to enable reconciliation with amounts presented on the statement of net assets available for benefits. There were no changes in the valuation techniques used as of December 31, 2020 and 2019.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan entered into a guaranteed investment contract with Metropolitan Insurance Company ('MetLife'). MetLife maintains the contributions in a separate account. The account is credited with actual earnings on underlying investments and charged for participant withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued):

As described in Note 3, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported by issuer, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Average Yields:		
Based on Actual Earnings	5.68%	6.69%
Based on Interest Rate Credited to Participants	2.65%	2.46%

NOTE 6 TAX STATUS:

The Plan is qualified under the provisions of the Internal Revenue Code and is not subject to federal and state income taxes. Participating employees are not subject to federal and state income taxes on employer and employee contributions, or on income accruing to their accounts, until they receive distributions from the Plan.

The Plan was restated effective January 1, 2018 to bring the Plan under the new third-party administrator's (TPA) prototype. The TPA received a determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the

NOTE 6 TAX STATUS (Continued) - Internal Revenue Code. All prior amendments were incorporated into the prototype. The Plan administrator and the Plan's trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

No provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 7 PLAN TERMINATION:

Although the Company has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA.

NOTE 8 RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

UCI Construction Holding Company, a related party, is an adopting employer of the Plan. The adopting employer and UCI Construction, Inc. have common ownership. There were no amounts due to or from the adopting employer and the Plan as of December 31, 2020. The Plan invests in shares of mutual funds, and securities, offered and maintained by Voya Retirement Insurance and Annuity Company. Voya is the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.
