Note 1: Description of Plan

The following description of the Athens Services 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Arakelian Enterprises, Inc. dba Athens Services (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan initially became effective on January 1, 1975. The Plan Adoption Agreement was amended and restated on January 1, 2020.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security ("CARES Act") was signed into law. Plans are permitted to immediately adopt any of the provisions provided that the Plan document is retroactively amended on or before December 31, 2022. Further discussion of the provisions adopted can be found in **Payment of Benefits** and **Notes Receivable from Participants**.

Full-time employees will become eligible to participate in the Plan if they have completed 2 months of service. Employees that fall under a job classification that imposes an hours of service requirement, such as part-time or seasonal, must have 1,000 hours of service and reach age 21 to be eligible to participate. Plan entry dates are on the first day of each month after satisfying eligibility requirements.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the IRC annual maximum. Such contributions may be pre-tax Elective Deferrals (as defined). In addition, participants may make after-tax Roth Contributions (as defined). Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan was amended in 2019 to allow for the employer to make discretionary matching contributions. During 2020, the Company matched 50% of employee deferred compensation up to the first 6% of compensation contributed by the employee, resulting in a maximum employer contribution of 3%. For the year ending December 31, 2020, the Company made matching contributions of $1,799,779.

The Company may also choose to make a discretionary non-elective profit sharing contribution. Participants who were terminated during the plan year are eligible to receive an allocation of the profit sharing contribution. For the year ending December 31, 2020, the Company made profit sharing contributions of $2,389,930.

Note 1: Description of Plan (Continued)

The Plan also has the option each year of electing to be treated as a "Safe Harbor Plan" under the IRC. Such election must be made by December 1 of the plan year and all eligible participants are notified regarding such election by the same date. The Company did not make a non-elective safe harbor contribution for the year ended December 31, 2020.

In order to receive the employer contributions, employees must have worked 1,000 hours and be employed with the Company on the last day of the plan year. Entry dates for the employer contributions are on January 1 and July 1 after completing the eligibility requirements.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and safe harbor employer contributions, plus actual earnings thereon. The Company's profit sharing contributions, matching contributions and earnings thereon will be vested in accordance with the following schedule:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

The vesting percentage for a participant who is an employee on or after the date the participant reaches normal retirement age (as defined by the Plan) will be 100% vested in employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant account. All loans shall bear an interest rate equal to the prime rate, which shall remain fixed throughout the duration of the loan. Principal and interest is paid ratably through payroll deductions. Each participant may have one loan outstanding at a time. The Plan did not adopt any of the CARES Act provisions related to notes receivable from participants.

Note 1: Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments or an annuity. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $1,000 will be immediately distributed in a lump-sum payment. All vested account balances exceeding $1,000, up to $5,000, will be immediately rolled into another tax deferred account. With the Plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship. Active employees who attain age 59 1/2 are permitted to withdraw at any time any part of his or her vested account. The Plan did not adopt any of the CARES Act provisions related to notes receivable from participants.

In accordance with the Bipartisan Budget Act of 2018, the Plan adopted the following provisions with an effective date of January 1, 2020:

- Participants who obtain a hardship distribution, can continue to contribute to the plan, and are no longer subject to a six-month suspension.
- Participants are no longer required to take a loan out from the plan before they can obtain a hardship distribution.
- The source funds available for hardship withdrawals will now include qualified non-elective contributions, qualified matching contributions and safe harbor contributions.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-allocated accounts totaled $53,750 and $53,900, respectively. Forfeitures are retained in the Plan and may be used to reduce future employer contributions or to pay Plan expenses. For the year ended December 31, 2020, the employer match was reduced by $40,008 from forfeited non-vested accounts.

Note 2: Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2: Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividend income are recorded on a cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable that are deemed by the plan administrator to be in default are treated as distributions based on the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Corrective Distributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2020 corrective contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Merger

Effective February 1, 2020, Athens Environmental Services 401(k) Profit Sharing Plan merged into Athens Services 401(k) Profit Sharing Plan. The plan shall continue to operate as the Athens Services 401(k) Profit Sharing Plan.

Note 2: Summary of Accounting Policies (Continued)

Date of Management's Review

Events occurring after December 31, 2020 have been evaluated for possible adjustments to the financial statements or disclosures as of October 11, 2021, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Pooled separate accounts ("PSAs"): PSAs are valued at the net asset value ("NAV") based on units of the pooled separate accounts. The NAV is used as a practical expedient to estimate fair value and is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. The redemption frequency of the pooled separate accounts is daily, and there are no redemption restrictions or unfunded commitments related to the pooled separate accounts.

Note 3: Fair Value Measurements (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, certain investments, with fair values totaling $61,460,339 and $48,502,056 at December 31, 2020 and 2019, respectively, were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified by level in the fair value hierarchy.

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the years ended December 31, 2020 and 2019. The nature, risks and investment objectives of the investments described above, including those for which fair value is estimated using NAV as a practical expedient, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. For the years ended December 31, 2020 and 2019, there were no unfunded commitments associated with any of these investments.

Note 4: Group Annuity Contract with Transamerica Life Insurance Company

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Transamerica Life Insurance Company ("Transamerica") totaling $9,496,977 and $7,726,571 as of December 31, 2020 and 2019, respectively. Transamerica maintains the contributions in a general account. The account is credited with earnings based upon interest rates set monthly and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting The average crediting interest rates for the years ended December 31, 2020 and 2019, was 0.83% and 0.90%, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 4: Group Annuity Contract with Transamerica Life Insurance Company (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 5: Information Certified by the Plan's Custodian

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019;

- Investment income and interest income on notes receivable from participants as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

Note 6: Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform investment or recordkeeping services for the Plan. The Plan also issues loans to participants, which are secured by the balances in the participant's accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any employer contributions.

Note 8: Employer Contributions Receivable

Contributions presented in the financial statements are accounted for on the accrual basis. The Company has declared a profit sharing and matching contribution of $4,229,717 for the 2020 plan year, which was reduced by the available forfeitures of $40,008. The plan sponsor also contributed $130,015 during 2020; this resulted in an employer contribution receivable at December 31, 2020 of $4,059,694, that has been funded in 2021.

The Company declared a profit sharing and matching contribution of $3,505,918 for the 2019 plan year, which was reduced by the available forfeitures of $53,288. The plan sponsor also contributed $85,000 during 2019. This resulted in an employer contribution receivable at December 31, 2019 of $3,367,630, that was funded in 2020.

The contributions are reflected in the statements of net assets available for benefits as an employer contribution receivable.

Note 9: Tax Status

The IRS has determined and informed the Company by a letter dated May 7, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: COVID-19

On March 11, 2020, the World Health Organization declared the current coronavirus, or COVID-19, outbreak to be a global pandemic. Both prior to and in response to this declaration and the rapid spread of COVID-19 around the world and within the United States, international, federal, state, and local government or other authorities have instituted certain preventative measures. These restrictions are disrupting economic activity worldwide, resulting in volatility in the global capital markets. The complete impact of COVID-19 on companies, the Plan's financial position, results of operations and changes in equity remains dependent on future developments, including the duration of the pandemic and the related length of its impact on the global economy, which cannot be predicted at this time.
