AP EMISSIONS TECHNOLOGIES, LLC 401(K) PENSION PLAN
Goldsboro, North Carolina**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of AP EMISSIONS TECHNOLOGIES, LLC 401(K) PENSION PLAN ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2020 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2020 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2020 Supplemental Schedule Required by ERISA

The Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2019 Financial Statements

The financial statements of AP Emissions Technologies, LLC 401(k) Pension Plan for the year ended December 31, 2019 were audited by another auditor who did not express an opinion on those statements. Their audit report, dated September 10, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, they did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2020

Note 1 – Description of Plan

The following description of the AP Emissions Technologies, LLC 401(k) Pension Plan (formerly AP Exhaust Technologies, Inc. 401(k) Pension Plan) ("the Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of AP Emissions Technologies, LLC, AirTek, LLC, Aristo, LLC, and Eastern Manufacturing, Inc. (collectively "the Company") who have completed one month of service for salary deferrals and 1,000 hours of service within a Plan year for employer contributions, are not covered by a collective bargaining agreement, are not a nonresident alien, are not a leased employee, and have reached 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2012, the Plan was amended to make the Company's fixed matching contributions non-discretionary. This change was made in order to convert the Plan to a safe harbor plan, which eliminated the need for annual discrimination testing.

Contributions: Participation in the Plan is optional. Participants may make pre-tax contributions up to the lesser of the federal statutory limit or 100% of eligible compensation as defined by the Plan. Additionally, participants who are age 50 by the end of the Plan year may make "catch-up" contributions of \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employees must complete one year and 1,000 hours of service to be eligible to receive an employer matching contribution. Prior to May 15, 2020, the Plan was utilizing a safe harbor design under Internal Revenue Service ("IRS") regulations in which employee pre-tax and employer matching contributions were not subject to discrimination testing, and the Company matched 100% of the first 4% of eligible compensation that a participant contributes to the Plan ("safe harbor matching contributions"). Effective May 15, 2020, the Plan was amended to suspend the Company's safe harbor matching contributions to the Plan. This amendment was subsequently reversed and the Company's safe harbor matching contributions to the Plan were reinstated effective January 1, 2021, as discussed in Note 10 to the Plan's financial statements.

The Company may also make a discretionary profit sharing contribution. No such profit sharing contribution was made in 2020. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) the Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Note 1 – Description of Plan (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. The Company's non-discretionary fixed matching, plus actual earnings or losses thereon, are fully vested immediately.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions into any of the investment options offered by the Plan. Participants may change their investment options daily.

Participant Loans: The Plan agreement includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000 subject to rules under the Internal Revenue Code. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid ratably through payroll withholdings.

Payment of Benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum or periodic payments equal to the value of the participant's vested account balance. Hardship withdrawals are also permitted by the Plan if certain criteria are met.

Earnings: Earnings include net asset appreciation (depreciation) and interest and dividends earned during the year.

Administrative Expenses: Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Forfeitures: Forfeitures represent the non-vested portion of a participant's account plus earnings thereon that are not fully distributable to participants who terminate employment before they are 100% vested. Forfeitures may be used to reduce future employer matching contributions to the Plan or to pay administrative expenses of the Plan. As of December 31, 2020, forfeited non-vested accounts total \$5,138.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investments: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4, *Fair Value Measurements*, for discussion of fair value measurements.

AP EMISSIONS TECHNOLOGIES, LLC 401(k) PENSION PLAN

Notes to Financial Statements

December 31, 2020

Note 2 – Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Contributions: Contributions from participants and any related employer match are recognized on the accrual basis as participants earn salary deferrals. Additional discretionary employer matching contributions are recognized when declared by the Company.

Benefits Paid to Participants: Benefit payments to participants are recorded upon distribution.

Recently Issued Accounting Pronouncements: In August of 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which was adopted by the Plan as of January 1, 2020. The ASU modifies the disclosure requirements for fair value measurements. The adoption of this standard did not result in any changes to the Plan's disclosures.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The financial statements have been prepared using values and information currently available to the Plan.

In December 2019, a novel coronavirus disease (COVID-19) was first reported in China. On March 11, 2020, due to worldwide spread of the virus, the World Health Organization characterized COVID-19 as a pandemic. The COVID-19 pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. While market conditions have improved, primarily as a result of broadening access of COVID-19 vaccines and gradual relaxing of some government-mandated restrictions, the extent and period of recovery from the COVID-19 outbreak and related economic disruption is still unknown. As a result, losses recognized in future periods, if any, and related impact on the Plan's liquidity cannot be fully determined at this time.

Note 2 – Summary of Significant Accounting Policies (Continued)

Bankruptcy of Plan Sponsor: The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. On June 3, 2020, the Company filed voluntary petitions for relief under Chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the District of Delaware in Wilmington, Delaware (the “Bankruptcy Court”). On July 24, 2020, the Company obtained confirmation of a Chapter 11 plan of reorganization by the Bankruptcy Court successfully emerging from Chapter 11 bankruptcy protection. Should the Plan be terminated, the Plan would be liquidated subject to the terms of ERISA (see Note 5, Plan Termination). The Plan assets are not subject to creditor claims.

Note 3 – Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan’s trustee:

	<u>2020</u>	<u>2019</u>
Investments, at fair value	\$ 27,243,404	\$ 23,731,434
Notes receivable from participants	647,512	733,938
Net appreciation in fair value investments	4,357,306	
Interest and dividends	879,897	
Interest income on notes receivable from participants	40,028	

NOTE 4 – FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value and expands disclosures about fair value investments. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

AP EMISSIONS TECHNOLOGIES, LLC 401(k) PENSION PLAN
Notes to Financial Statements
December 31, 2020

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits.

Money market fund: Valued at \$1, as reported on deposit for the Plan at the Trustee.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trust fund: The Putnam Stable Value Fund is a common collective trust that primarily holds investments in fully benefit-responsive insurance contracts. The Plan's investments in the Putnam Stable Value Fund are considered indirect investments in fully benefit-responsive investment contracts, and therefore are valued at NAV, which is used as a practical expedient to estimate fair value. The stable value fund generally permits redemptions daily at the current NAV. If the fund experiences periods of insufficient liquidity than the stable value fund may defer honoring any payment request until liquidity is sufficient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 1,015	\$ -	\$ -	\$ 1,015
Mutual funds	23,257,164	-	-	23,257,164
Common collective trust fund measured at NAV*				3,985,225
Total investments at fair value				<u>\$ 27,243,404</u>

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 339	\$ -	\$ -	\$ 339
Mutual funds	19,845,695	-	-	19,845,695
Common collective trust fund measured at NAV*				3,885,400
Total investments at fair value				<u>\$ 23,731,434</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019:

Investment	December 31, 2020			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	\$ 3,985,225	N/A	Daily	12 months
Investment	December 31, 2019

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its operations at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 – Income Tax Status

The Plan is a prototype non-standardized profit sharing plan that is covered under an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 7 – Party-In-Interest and Related Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are administrated by the Fidelity Management Trust Company. The Fidelity Management Trust Company is also the trustee/custodian of the Plan and, therefore, these transactions are party-in-interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2020, per the financial statements to the Form 5500:

Changes in net assets per the financial statements	\$ 3,430,716
Change in contributions receivable	<u>(5,172)</u>
Changes in net assets per Form 5500	<u>\$ 3,425,544</u>

Note 9 – Concentrations

The Plan holds certain investments that each represent 10% or more of the total net assets held by the Plan. As of December 31, 2020, the Plan held two such investments totaling \$11,192,835. As of December 31, 2019, the Plan held three such investments totaling \$10,997,951.

Note 10 – Subsequent Events

Effective January 1, 2021, the Plan was amended to reverse the suspension of the Company's safe harbor matching contributions to the Plan and reinstate such matching contributions, as discussed in Note 1 to the Plan's financial statements.

The Company has evaluated subsequent events through October 14, 2021, which is the date these financial statements were available to be issued.
