SURGICAL REFERRAL SERVICE LTD.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE A – DESCRIPTION OF PLAN

The following description of the Surgical Referral Service, Ltd. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and readers should refer to the Plan document and Summary Plan Description (SPD) for a more detailed description of the Plan provisions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is a defined contribution plan covering all qualified employees of Surgical Referral Service, Ltd. and its related entities (the "Plan Sponsor") who are at least 21 years of age and have completed one year of service. Participants are eligible to receive employer elective contributions (matching and profit sharing) when they have completed one year of service. Once participants have met the eligibility requirements, they will enter the plan on January 1 or the date 6 months later, coincident with or next following satisfaction of the eligibility requirements. The Plan became effective January 1, 1993 and has been periodically amended to conform to new laws and regulations under ERISA.

Contributions

Employee contributions are voluntary and limited to the maximum allowed under the Internal Revenue Code. There are two types of salary deferral allowed under the Plan: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan Sponsor may make a discretionary matching contribution equal to a uniform percentage of participant's salary deferrals. Each year, the Plan Sponsor will determine the amount of the discretionary percentage but will not exceed 6 percent of a participant's compensation. There were no discretionary matching contributions for the years ending December 31, 2020 and 2019.

The Plan Sponsor may make a discretionary profit sharing contribution to eligible employees. The profit sharing contributions for the years ending December 31, 2020 and 2019 were $381,067 and $346,336, respectively.

Additionally, the Plan may accept rollover contributions. Participants will always be 100% vested in their rollover accounts; however, those funds will be affected by any investment gains or losses. The Plan received $57,360 and $37,071 in rollover contributions for the years ended December 31, 2020 and 2019, respectively.

Participants' Accounts

Each participant's account is credited with the respective participant's contributions, any employer contributions (match and profit sharing), and allocated Plan earnings, as set forth in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's set of accounts.

NOTE A – DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants become 100% vested in the Plan Sponsor discretionary contributions (profit sharing and matches on elective deferrals) upon completion of 6 years of service.

The participant's vested percentage in their account attributable to matching and profit sharing contributions is determined under the follow schedule:

Years of Vesting Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

Participants may direct the investment of their account balances and future contributions and Employer contributions into various investment options offered by the Plan. Participants are allowed to change their investment options daily.

Hardship Withdrawals

Hardship withdrawals may be made to satisfy certain immediate financial needs, according to specific types of costs and set conditions designated in the Plan. Hardship distributions can only be made from accounts which are 100% vested.

Payment of Benefits

Generally, benefits are paid to participants upon termination of service due to death, retirement, or separation of service. Account balances less than $5,000 are subject to payment in a lump-sum upon termination. While the account and timing of payments will vary depending on the option selected, the total payment will have the same dollar value equivalent to the value of the participant's account at retirement.

Plan Termination

Although the Plan Sponsor has not expressed intent to terminate the Plan, it may do so at any time. If the Plan is terminated, participants become 100 percent vested in their accounts and the net assets would be distributed to the participants according to the balances in the participants' accounts.

NOTE A – DESCRIPTION OF PLAN (continued)

Forfeitures

Forfeitures of non-vested discretionary contributions, when not used to reduce employer matching contributions, will be used to pay administrative costs of the Plan or reallocated amongst the remaining participants. Forfeitures available for use by the Plan Sponsor were $21,380 and $11,031 for the years ending December 31, 2020 and 2019, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis method of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year, assets held during the year, and interest and dividend income.

Notes Receivable from Participants

Participants may borrow (subject to certain restrictions) from their accounts up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their account balance. Loan terms range from one to five years unless it is for the purchase of a primary residence, for which there is no term limit. The loans are secured by the vested balance in the participant's accounts and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Each participant's account is charged with administrative fees on any loans the participant has taken.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain administrative fees and expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value in investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update *(ASU) No. 2018-13 Fair Value Measurement (Topic 820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* The new guidance simplifies fair value measurement disclosures through the removal and modification of several investment related disclosure requirements. Certain disclosures are no longer required including amount of and reasons for transfers between Levels 1 and 2; policy for timing of transfers between levels and valuation processes for Level 3 investments. Under the new guidance, for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for all reporting periods beginning after December 15, 2019, though early adoption is permitted for any eliminated or modified disclosure requirements. The ASU was adopted by the Plan on January 1, 2019 and did not have a significant impact on the Plan's financial statements as there have not been historical transfers of financial instruments into or out of Level 1 or Level 2 and the Plan had no Level 3 investments.

In January 2016, the FASB issued ASU No. 2016-01, *Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities,* which changes how public and private companies, not-for-profit entities and employee benefit plans recognize, measure, present and make disclosures about certain financial assets and financial liabilities. The amendments added the Master Glossary term *public business entity*. The definition of public business entity states neither a not-for-profit entity nor an employee benefit plan is a public business entity. FASB ASU No. 2016-01 clarifies that the fair value of financial instrument disclosures is only required for public business entities. Under the new guidance, equity investments that don't have readily determinable fair values and don't qualify for the existing practical expedient in Accounting Standards Codification (ASC) 820 to estimate fair value using the net asset value (NAV) per share (or its equivalent) of the investment, the guidance provides a new measurement alternative. Entities may choose to measure those investments at cost, less any impairment, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer. This ASU is effective for years beginning after December 15, 2018. In addition, FASB issued ASU No. 2018-03, *Technical Corrections and Improvements to Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, in February 2018 to clarify certain aspects of the guidance issued in ASU No. 2016-01. ASU No. 2016-01 and ASU No. 2018-03 was adopted by the Plan on January 1, 2019 and did not have a significant impact on the Plan's financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts in the 2019 financial statements have been reclassified to conform to the 2020 presentation with no effect on previously reported net increase in net assets available for benefits.

NOTE C – CERTIFIED INVESTMENT INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit.

The Plan administrator has obtained a certification from Great-West Life & Annuity Insurance Company, as trustee of the Plan, that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

- Investments as of December 31, 2020 and 2019;
- Plan transactions related to investment income and securities transactions for the years ended December 31, 2020 and 2019;
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020.

Accordingly, at the request of the Plan administrator, the Plan's independent certified public accountants performed no procedures on investment information and related activity, other than to agree the information to the trust statements certified by the Plan's trustee and provided to them by the Plan administrator.

NOTE D – FAIR VALUE OF MARKET INVESTMENTS

The Accounting Standards Codification for *Fair Value Measurements* (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

NOTE D – FAIR VALUE OF MARKET INVESTMENTS (continued)

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuities: Valued on a daily basis based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

NOTE D – FAIR VALUE OF MARKET INVESTMENTS (continued)

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 12,352,295	$ -	$ -	$ 12,352,295
Fixed Annuities	-	1,517,594	-	1,517,594
Assets at Fair Value				$ 13,869,889

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 11,086,047	$ -	$ -	$ 11,086,047
Fixed Annuities	-	1,030,541	-	1,030,541
Assets at Fair Value				$ 12,116,588

The Plan also holds other assets not measured at fair value on a recurring basis, including contributions receivable and unallocated cash. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to either the short maturity of the instruments or the use of the interest rates that approximate market rates for instruments of similar maturity.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain plan assets are in investment funds managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions under ERISA guidelines.

Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

NOTE F – TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Plan by letter dated March 31, 2008, that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan’s legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE F – TAX STATUS (continued)

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the plan, and has concluded that as of December 31, 2020, there are no uncertain position taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. For federal purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE G – GROUP ANNUITY CONTRACT

The Plan assets include a group annuity contract with Great-West Life & Annuity Insurance Company. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. Interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. At December 31, 2020 and 2019, the Key Guaranteed Portfolio Fund's fair value equaled its contract value of $1,517,594 and $1,030,541, respectively.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The average yield earned by the Plan is derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yield earned by the Plan is derived by averaging the Plan's quarterly interest rates. That average for 2020 and 2019 was 1.04% and 1.2%, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to fulfill its contractual obligations may be affected by future economic and regulatory Developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) premature termination of the contract. No events are probable of occurring that might limit

NOTE G – GROUP ANNUITY CONTRACT (continued)

the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the Plan to transact at contract value with the participants.

Also, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE H – SUBSEQUENT EVENTS

The management of the Plan has evaluated events subsequent to the statement of net assets available for benefits date of December 31, 2020, through September 30, 2021, the date the financial statements were available to be issued. It has been concluded that there are no other effects that provide additional evidence about conditions that existed at the statement of net assets available for benefits date that require recognition in the financial or related note disclosures in accordance with FASB ASC 855, Subsequent Events.
