MILACRON EMPLOYEE RETIREMENT SAVINGS PLAN

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of Milacron Employee Retirement Savings Plan (the "Plan") are prepared under the accrual basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Benefit Payments to Participants

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Related Party Transactions

Several employees of Milacron LLC (the "Company" and the "Plan Sponsor") provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for the services of the employees to the Plan. Hillenbrand, Inc. completed the acquisition of the Company's parent company in November 2019, and effective January 1, 2020, assumed the role of Plan Sponsor from Milacron LLC.

Certain Plan investments are managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the asset custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain Plan expenses are paid by the Plan Sponsor, and accordingly, are not reflected in the Plan's financial statements. Certain investment related expenses are included in net appreciation in fair value of investments.

Plan Merger

During 2020, the Plan's assets were transferred to another Plan. As a result, \$135,735,550 were transferred to the Process Equipment Group 401(k) Savings Plan on December 31, 2020.

Subsequent Event Evaluation

The Plan Sponsor has evaluated all events subsequent to the balance sheet date through October 6, 2021, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, excluding leased employees and non-resident aliens. The Plan has no age or service requirement for eligibility purposes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of pre-tax or post-tax compensation, as defined in the Plan document. However, pre-tax and Roth contributions may not exceed limits established under Section 402(g) of the Internal Revenue Code of 1986 as amended (\$19,500 for 2020). If participants do not elect otherwise, their compensation will automatically be reduced by 4% and this amount will be contributed to the Plan as elective contributions due to the Plan's automatic enrollment feature. The deferral percentage will automatically increase by 1% each year until it reaches 10%. The Plan permits catch-up elective deferrals for participants over 50 years of age subject to Internal Revenue Code ("IRC") limitations (\$6,500 for 2020). Participants designate the percentage of their total contributions invested in each account and may make transfers between accounts anytime during the year. The Plan Sponsor may, at its discretion, make matching or non-elective contributions for its employees. During 2020, the Company matched 50% of each participant's deferral, up to the first 6% of eligible compensation.

Self-Directed Brokerage Accounts

Participants are permitted to elect to self-direct their account and may work with the investment advisor of their choice.

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another qualified employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and a pro-rata allocation of the Plan's earnings. The pro-rata allocation is based upon the proportion of individual account balances to total participants' account balances in the respective investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. In addition, participants are immediately vested in Company contributions plus actual earnings thereon if a participant is employed on his or her normal retirement date, the date the individual becomes disabled, or the date of death. Notwithstanding one of these events, vesting in the Plan Sponsor's discretionary non-elective and matching contributions is based on years of continuous service. A participant is 0% vested with less than one year of service and becomes 100% vested after one year of service.

Forfeited Accounts

Forfeitures are retained in the Plan and may be used to reduce future employer contributions. At December 31, 2020 and 2019, the balance in the forfeiture account was \$-0- and \$56,373, respectively. In 2020, \$60,126 of forfeitures were allocated to offset employer contributions.

Payment of Benefits

Upon a participant's retirement after age 65, death, other termination of employment with the Plan Sponsor, or termination of the Plan, the participant's account is distributed under several options.

In-service distributions from pre-tax, Roth, and employer match accounts are permissible for participants that have attained the age of 59 1/2. Participants electing in-service distribution may elect to receive all or a portion of their vested benefit in a lump sum payment. Distributions are permitted from a participant's rollover or after-tax account at any time.

In conditions of financial hardship, a participant may apply to the Plan administrator for approval to withdraw that portion of his pre-tax and Roth account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the IRC.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

Notes Receivable from Participants

Notes receivable from participants are available on amounts in the participant's account. Each participant may have one outstanding note at a time. The minimum note receivable amount is \$1,000 and the maximum is \$50,000 or 50% of their vested account balance. All notes shall bear a reasonable rate of interest as determined by the Plan administrator. All notes receivable must be repaid within five years except in the case of a note receivable for the purpose of acquiring a home.

NOTE 3 TAX STATUS

The Plan Sponsor has adopted a prototype plan which has received an opinion letter from the Internal Revenue Service dated May 28, 2014, which states that the provider's prototype, as then designed, was in compliance with the applicable requirements of the IRC. Furthermore, the Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 INFORMATION CERTIFIED BY TRUSTEE

The following information provided by Vanguard Fiduciary Trust Company was certified by them to be accurate and complete:

- (a) The assets held by Vanguard Fiduciary Trust Company as of December 31, 2019, as well as the transactions involving these assets for the year ended December 31, 2020.
- (b) The amount of investment income for the year ended December 31, 2020.

NOTE 5 PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 FAIR VALUE MEASUREMENTS

GAAP provisions for accounting for Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP provisions for accounting for Fair Value Measurements are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 6 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common/collective trust: Investment fund formed by the pooling of investments by institutional investors, such as a group of not necessarily affiliated pension or retirement plans, typically with the intention of achieving cost savings over similar investment options such as mutual funds. Common/collective trusts are similar to mutual funds, with a named investment manager and documented investment objective. These investments, however, are not registered with the SEC (unlike mutual funds, which are registered) and participation is not open to the public. The NAV is measured by the custodian or investment manager as of the close of regular daily trading. These investments are classified within Level 2 of the fair value hierarchy. When measuring the fair value of such funds, the NAV, as provided by the fund sponsor, is corroborated with observable inputs provided by pricing services for the securities. In certain instances, NAVs may require adjustments to more appropriately reflect the fair value. No adjustments to NAVs were required.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 COVID-19 PANDEMIC

On March 11, 2020, the World Health Organization recognized COVID-19 as a global pandemic, prompting many national, regional, and local governments to implement preventative or protective measures, such as travel business restrictions, temporary store closures, and wide-sweeping quarantines and stay-at-home orders. As a result, COVID-19 and the related restrictive measures have had a significant adverse impact on many sectors of the economy. The COVID-19 pandemic remains a rapidly evolving situation. The extent of the impact of COVID-19 on the Plan Sponsor's performance and the Plan's investments will depend on future developments, including the duration and spread of the outbreak. The impact to the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.
