401(k) Plan Committee
MedVet Inc. Employees Savings Trust
Worthington, Ohio

Professional standards require that we communicate matters related to our audit of the financial statements of MedVet Inc. Employee Savings Trust ("the Plan") that we consider significant and relevant to the responsibilities of Those Charged with Governance in overseeing the financial reporting process. Those Charged with Governance includes the person(s) with responsibility for overseeing the strategic direction of and obligations related to the accountability of the Plan. We cover such matters below.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole.

AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA

You should understand that the auditor is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America and that the audit of the financial statements does not relieve you of your responsibilities and does not relieve management of their responsibilities. Refer to our engagement letter with the Plan for further information on the responsibilities of management and Crowe LLP.

PLANNED SCOPE AND TIMING OF THE AUDIT

We are to communicate an overview of the planned scope and timing of the audit. Accordingly, we communicated the following matters regarding the planned scope and timing of the audit with you.

- How we proposed to address the significant risks of material misstatement, whether due to fraud or error.
- Our approach to internal control relevant to the audit.
- The concept of materiality in planning and executing the audit, focusing on the factors considered rather than on specific thresholds or amounts.
- Where the entity has an internal audit function, the extent to which the auditor will use the work of internal audit, and how the external and internal auditors can best work together.
- Your views and knowledge about matters you consider warrant our attention during the audit, as well as your views on:
 - The allocation of responsibilities between you and management.
 - The entity's objectives and strategies, and the related business risks that may result in material misstatements.
 - Significant communications with regulators.
 - Other matters you believe are relevant to the audit of the financial statements.

SIGNIFICANT ACCOUNTING POLICIES AND MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES

Significant Accounting Policies: You should be informed of the initial selection of and changes in significant accounting policies or their application. Also, you should be aware of methods used to account for significant unusual transactions and the effect of significant accounting policies in controversial or emerging areas where there is a lack of authoritative consensus. We believe management has the primary responsibility to inform you about such matters. There were no such accounting changes or significant policies requiring communication.

Management Judgments and Accounting Estimates: Further, accounting estimates are an integral part of the financial statements prepared by management and are based upon management's current judgments. These judgments are based upon knowledge and experience about past and current events and assumptions about future events. Certain estimates are particularly sensitive because of their significance and because of the possibility that future events affecting them may differ markedly from management's current judgments and may be subject to significant change in the near term.

The process used by management in formulating particularly sensitive accounting estimates and the primary basis for our conclusions regarding the reasonableness of those estimates primarily involved the following areas for this year:

Significant Accounting Estimate	Process Used by Management	Basis for Our Conclusions
Fair Values of Investments Not Subject to Our Audit Procedures	The recording of investments at fair value requires management to use certain assumptions and estimates pertaining to the fair value of its investments.	As disclosed in the notes to the Plan financial statements, the fair values of substantially all investments were certified pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and were not subject to our audit procedures, based upon the terms of our limited-scope audit engagement.
Classification of Investment Securities Within the Fair Value Hierarchy	FASB ASC 820- Fair Value Measurements and Disclosures requires the reporting of investments by classification level within a fair value hierarchy.	We reviewed the documentation maintained by management and performed procedures to test the reasonableness of management's judgments and accounting estimates related to the classification levels of investments within the fair value hierarchy as defined by FASB ASC 820- Fair Value Measurements and Disclosures.

AUDITOR'S JUDGMENTS ABOUT QUALITATIVE ASPECTS OF SIGNIFICANT ACCOUNTING PRACTICES

We are to discuss with you our comments about the following matters related to the Plan's accounting policies and financial statement disclosures. Accordingly, these matters will be discussed during our meeting with you, as applicable.

- The appropriateness of the accounting policies to the particular circumstances of the Plan, considering the need to balance the cost of providing information with the likely benefit to users of the Plan's financial statements.
- The overall neutrality, consistency, and clarity of the disclosures in the financial statements.
- The effect of the timing of transactions in relation to the period in which they are recorded.
- The potential effect on the financial statements of significant risks and exposures, and uncertainties that are disclosed in the financial statements.
- The extent to which the financial statements are affected by unusual transactions including nonrecurring amounts recognized during the period, and the extent to which such transactions are separately disclosed in the financial statements.
- The issues involved, and related judgments made, in formulating particularly sensitive financial statement disclosures.
- The factors affecting asset and liability carrying values, including the Plan's basis for determining useful lives assigned to tangible and intangible assets.

MEDVET, INC. EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 – PLAN DESCRIPTION

The following description of the MedVet, Inc. Employees Savings Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of MedVet, Inc. (the Company), who have two months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is qualified under Section 401(a) and 401(k) of the Internal Revenue Code.

Contributions: Each year, participants may contribute the maximum amount allowed by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can make either pre-tax or after-tax contributions to their accounts. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans into the Plan. The Company makes non-discretionary employer matching contributions each year whereby employee deferral are matched 100% up to 3% of eligible compensation. Contributions are subject to certain IRS limitations.

Participant Accounts: Each participant's account is credited with the participant's and employer's contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses and his or her withdrawals. Allocations are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of continuous service. Participants are vested at the rate of 20% per year, beginning after the completion of two years of service. A participant is 100% vested after six years of credited service.

Forfeited Accounts: Forfeitures are used to reduce future employer matching contributions. At December 31, 2020 and 2019, forfeited non-vested accounts of \$51,316 and \$3,699, respectively were available to reduce future employer matching contributions. During the year ended December 31, 2020, forfeited non-vested accounts of \$53,701 were used to reduce employer matching contributions.

Payment of Benefits: Upon termination of service for any reason, a participant may elect to receive a partial lump-sum or a lump-sum amount equal to the value of the vested interest in his or her account, an installment distribution solely to the extent necessary to satisfy the required minimum distribution rules, an installment distribution over a specified period not to exceed the life or life expectancy of the participant as of December 31, 2020, or delay receipt of benefits, if the vested account balance is greater than \$5,000. Upon the attainment of age 59 & 1/2 participants are permitted to take in-service distributions of their 100% vested accounts. Hardship distributions are permitted by the Plan document.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account.

Administrative Expenses: The Plan is administered by members of the Company's management. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other administrative expenses are paid by the Company.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 – PLAN DESCRIPTION (Continued)

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): On March 27, 2020, the CARES Act was enacted in response to the COVID-19 pandemic. The CARES Act includes several provisions that affect benefit plans, including requiring plans to waive required minimum distributions otherwise required to be paid in calendar year 2020, permitting certain in-service withdrawals and the suspension of certain loan repayments by participants affected by COVID-19. The Plan has implemented, but not formally adopted, the optional changes permitted by the CARES Act, including allowing eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic and permitting suspension of loan payments due for up to one year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, a novel strain of coronavirus (COVID-19) surfaced, and in January 2020, the World Health Organization ("WHO") announced a global health emergency because of the spread of coronavirus globally. In March 2020, the WHO declared the outbreak to be a global pandemic. The COVID-19 pandemic has led to significant volatility in financial markets and has affected, and may continue to affect, the fair value of investments held by the Plan. The extent to which the COVID-19 pandemic will affect the Plan remains uncertain.

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

MEDVET, INC. EMPLOYEES SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair value of investments.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2020 Using			
Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 68,176,683	\$ -	\$ 68,176,683

Fair Value Measurements at December 31, 2019 Using			
Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 48,505,663	\$ -	\$ 48,505,663

NOTE 3 – UNAUDITED INFORMATION-CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated interest, dividends and net appreciation in fair value of investments was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 4 - TAX STATUS

The Plan sponsor adopted a volume submitter basic plan document. The Internal Revenue Service has determined and informed the basic plan sponsor, by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by various taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fidelity Management Trust Company is the Plan's custodian and record keeper and, therefore, these transactions and the Plan's payment of custodian fees, record keeping fees, and investment management fees to Fidelity Management Trust Company qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2021, which is the date the financial statements were available to be issued.

General: The Plan is a defined contribution plan covering substantially all employees of MedVet, Inc. (the Company), who have two months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is qualified under Section 401(a) and 401(k) of the Internal Revenue Code.

Contributions: Each year, participants may contribute the maximum amount allowed by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can make either pre-tax or after-tax contributions to their accounts. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans into the Plan. The Company makes non-discretionary employer matching contributions each year whereby employee deferral are matched 100% up to 3% of eligible compensation. Contributions are subject to certain IRS limitations.

Participant Accounts: Each participant's account is credited with the participant's and employer's contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses and his or her withdrawals. Allocations are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of continuous service. Participants are vested at the rate of 20% per year, beginning after the completion of two years of service. A participant is 100% vested after six years of credited service.

Forfeited Accounts: Forfeitures are used to reduce future employer matching contributions. At December 31, 2020 and 2019, forfeited non-vested accounts of \$51,316 and \$3,699, respectively were available to reduce future employer matching contributions. During the year ended December 31, 2020, forfeited non-vested accounts of \$53,701 were used to reduce employer matching contributions.

Payment of Benefits: Upon termination of service for any reason, a participant may elect to receive a partial lump-sum or a lump-sum amount equal to the value of the vested interest in his or her account, an installment distribution solely to the extent necessary to satisfy the required minimum distribution rules, an installment distribution over a specified period not to exceed the life or life expectancy of the participant as of December 31, 2020, or delay receipt of benefits, if the vested account balance is greater than \$5,000. Upon the attainment of age 59 & 1/2 participants are permitted to take in-service distributions of their 100% vested accounts. Hardship distributions are permitted by the Plan document.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account.

Administrative Expenses: The Plan is administered by members of the Company's management. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other administrative expenses are paid by the Company.

NOTE 1 – PLAN DESCRIPTION (Continued)

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): On March 27, 2020, the CARES Act was enacted in response to the COVID-19 pandemic. The CARES Act includes several provisions that affect benefit plans, including requiring plans to waive required minimum distributions otherwise required to be paid in calendar year 2020, permitting certain in-service withdrawals and the suspension of certain loan repayments by participants affected by COVID-19. The Plan has implemented, but not formally adopted, the optional changes permitted by the CARES Act, including allowing eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic and permitting suspension of loan payments due for up to one year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, a novel strain of coronavirus (COVID-19) surfaced, and in January 2020, the World Health Organization ("WHO") announced a global health emergency because of the spread of coronavirus globally. In March 2020, the WHO declared the outbreak to be a global pandemic. The COVID-19 pandemic has led to significant volatility in financial markets and has affected, and may continue to affect, the fair value of investments held by the Plan. The extent to which the COVID-19 pandemic will affect the Plan remains uncertain.

Investments Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair value of investments.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2020 Using			
Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 68,176,683	\$ -	\$ 68,176,683

Fair Value Measurements at December 31, 2019 Using			
Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 48,505,663	\$ -	\$ 48,505,663

NOTE 3 – UNAUDITED INFORMATION-CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated interest, dividends and net appreciation in fair value of investments was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 4 - TAX STATUS

The Plan sponsor adopted a volume submitter basic plan document. The Internal Revenue Service has determined and informed the basic plan sponsor, by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by various taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fidelity Management Trust Company is the Plan's custodian and record keeper and, therefore, these transactions and the Plan's payment of custodian fees, record keeping fees, and investment management fees to Fidelity Management Trust Company qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 13, 2021, which is the date the financial statements were available to be issued.
