(1) Description of Plan

The following description of The Phillies 401(k) Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all full-time employees of The Phillies, the Plan's sponsor and administrator, who are 21 years of age or older, as well as minor-league baseball players who are on the roster of an "AAA" or "AA" farm club of The Phillies after June 30, 1991. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401 of the Internal Revenue Code.

(b) Contributions

Participants in the Plan may contribute up to 20% of their pretax wages including bonuses, subject to the maximum amount permitted by law. Participants may allocate their contributions among various investment options as described herein.

At its discretion, The Phillies may make matching contributions equal to a certain percentage of participants' contributions for a given year. In addition, The Phillies may make bonus contributions at the end of any plan year. The matching contribution is 50% of the first 6% of a participant's contributions up to a maximum of $2,500 for employees with at least one year of service. No bonus contributions were made for 2020 or 2019.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of The Phillies' matching contribution, bonus contribution, if any, and the Plan's earnings and losses. Allocations are based on participant earnings and losses, net of applicable investment management fees, contributions, or account balances.

(d) Forfeited Accounts

Forfeited nonvested accounts can be used to pay plan administration expenses or reduce future employer contributions. Forfeited nonvested accounts used to reduce expenses or employer contributions were $2,000 and $0 for the years ended December 31, 2020 and 2019, respectively. Forfeited amounts available at December 31, 2020 and 2019 were $8,276 and $6,442, respectively.

(e) Vesting

All participant contributions and income and losses thereon are fully vested at all times.

Participants vest in their portion of The Phillies' matching and bonus contributions and earnings thereon, based on a graded scale over three years, with 50% vesting after one year of service, 75% vesting after two years of service, and 100% vesting after three years of service.

(f) Withdrawals

During employment, participants may withdraw an amount up to their vested account balance, subject to certain hardship withdrawal rules set out in the Plan's agreement and governed by the Internal Revenue Code.

(g) Payments of Benefits

Upon termination of service, including disability, death, or retirement, a participant may receive a lump-sum amount equal to their vested account balance.

Benefit payments are recorded when paid.

(h) Notes Receivable from Participants

After one year of having made contributions, a participant may borrow an amount between $1,000 and the lesser of $50,000 or 50% of the vested balance in their account. The loans are secured by the balance in the participant's account. Outstanding notes receivable from participants at December 31, 2020 had interest rates ranging from 3.25% to 8.25%. Principal and interest are paid ratably through semimonthly payroll deductions.

General-purpose loans and loans taken to purchase a primary residence can have a term up to five and twenty years, respectively.

(i) Termination

Although The Phillies have not expressed any intent to do so, The Phillies reserve the right to amend, discontinue, or terminate the Plan at any time. In the event of plan termination, participants would become 100% vested in the employer contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(c) Administrative Expenses

The Plan's administrative expenses are paid by The Phillies and are not reflected in the accompanying financial statements, except for investment fee expenses, which are included as a reduction on the total return of the investment.

(d) Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

(e) Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

One of the investment options offered by the Plan, the Vanguard Retirement Savings Trust, is a common investment trust that is primarily invested in contracts deemed to be fully benefit-responsive. The fair value of the Vanguard Retirement Savings Trust is not materially different from contract value, and contract value is therefore used by the Plan as an approximation of fair value.

During the years ended December 31, 2020 and 2019, the average annual yield earned by the Vanguard Retirement Savings Trust was 2.01% and 2.63%, respectively, and the average annual yield paid to participants was 1.75% and 2.34%, respectively. Average annual yields are reported as of the trust's fiscal year-end.

(3) Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The fair value hierarchy under the guidance consists of three levels: Level 1 fair values are valuations based on quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access; Level 2 fair values are those valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities; and Level 3 fair values are valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. A description of the valuation methodologies used for assets measured at fair value follows. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Shares of mutual funds are valued at the quoted net asset value of shares held by the Plan at year-end.

The fair value of the investment in the common investment trust is based on the quoted contract value of units owned by the Plan at year-end. The contract value is based on quoted market prices for assets

supporting and held for the investment option and other inputs that are observable or can be corroborated by observable data and thus has been classified as Level 2 in the fair value hierarchy by the Plan.

The following tables set forth by level, within the fair value hierarchy, the Plan's financial assets measured at fair value on a recurring basis as of December 31, 2020 and 2019:

	Assets at fair value as of December 31, 2020

(Continued)

In addition, the trustee certified the information in the supplemental schedule and the following investment information as complete and accurate for the years ended December 31, 2020 and 2019:

	2020	2019
Interest and dividends	$ 1,662,801	1,713,121
Net appreciation in fair value of investments	6,726,501	9,278,977

(5) Tax Status

The Internal Revenue Service (IRS) has issued a favorable opinion letter dated May 28, 2014, stating that the form of the underlying nonstandardized prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan does not need to obtain a determination letter and may rely on the opinion letter pursuant to IRS Notice 2001-77. The Plan has been amended since the opinion letter was issued but the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the IRC and in accordance with the provision of the plan document.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

(6) Related-Party Transactions

Certain Plan investments are managed by Vanguard. Vanguard is the trustee and record keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Plan investments amounting to $62,358,602 and $55,968,262 at December 31, 2020 and 2019, respectively, are held in funds sponsored by Vanguard.

Vanguard provides certain administrative services to the Plan. Vanguard receives revenue from mutual fund service providers for services Vanguard provides to the funds. This revenue is used to offset certain amounts owed to Vanguard for its administrative services to the Plan.

If the revenue received by Vanguard from such mutual fund service providers exceeds the amount owed, Vanguard remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2020 and 2019, there were no excess amounts. The Plan sponsor may make a payment to Vanguard for administrative expenses not covered by revenue sharing.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the coronavirus (COVID-19) outbreak a worldwide pandemic and the President of the United States declared the COVID-19 outbreak in the United States a national emergency. The impact of COVID-19 on investment fund and the overall economy as a whole, continue to evolve and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain. As of the date of issuance, the ultimate length and severity of this pandemic cannot be reasonably estimated. Management will continue to monitor the impact of COVID-19 on the Plan.

(8) Subsequent Events

The Plan has evaluated all other subsequent events through October 13, 2021, the date at which the financial statements were available to be issued, and determined that there are no items that require disclosure.
