Employees 401(k) Plan, which comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2020, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, where due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and notes receivable from participants and executes transactions related to these assets. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2019 Financial Statements

The modified cash basis financial statements of the plan as of and for the year ended December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 6, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

L&S Plumbing Partnership, Ltd. Employees 401(k) Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1: Description of the Plan

The following description of L&S Plumbing Partnership, Ltd. Employees 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of L&S Plumbing Partnership, Ltd. (Company). All nonexcluded employees of the Company are eligible to participate in the Plan upon hire and may enroll immediately. Excluded employees include union employees and non-resident aliens. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Participants may contribute a percentage of pre-tax or post-tax annual compensation, as defined in the plan document and up to the amount allowable under current income tax regulations. Each new eligible participant will automatically have 1% of defined compensation deferred into the Plan unless the employee elects otherwise. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Discretionary matching contributions may be made on behalf of all eligible participants. The participant must have completed 1,000 service hours during the plan year and be actively employed on the last day of the plan year. The Company may make a discretionary profit-sharing contribution to the Plan. Participants who are employed on the last day of the plan year and have completed 1,000 service hours during the year are eligible to receive a share of the discretionary profit-sharing contribution.

For the year ended December 31, 2020, the Company elected to make matching contributions to the Plan in an amount equal to 50% of employee salary deferral contributions up to 6% of eligible compensation. There were no additional discretionary profit-sharing contributions made during 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides that each participant direct the investment of his or her account in any combination into a number of investment funds. The Plan currently offers a variety of pooled separate accounts which contain registered investment companies, a guaranteed investment contract, and money market as investment options for participants.

Vesting

Participants are immediately vested in employee salary and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary employer-match contribution and discretionary profit-sharing contribution is based on years of continuous service. A participant becomes 20% vested after two years of service and an additional 20% of each year of continuous service thereafter. A participant is 100% vested in these contributions after six years of credited service.

As defined in the plan document, a participant becomes 100% vested in either of the Company's employer contributions through attaining their normal retirement date, permanent disability or death.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested balance or $50,000 minus their highest outstanding loan amount during the prior twelve months, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at a prime plus 1% for loans initiated prior to September 25, 2017, and prime plus 2% for loans initiated thereafter. Interest rates on loans outstanding ranged from 4.25% to 7.50% at December 31, 2020. Principal and interest are paid by payroll deductions, and the loans must be paid in full within five years or within a reasonable time if the loan is for the purposes of a primary residence.

In April 2020, the plan sponsor (Company) implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to $100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities.

The Plan's provisions also provide for hardship and in-service withdrawals if certain criteria are met.

In April 2020, the Company implemented CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to $100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

Forfeited Accounts

If a participant is not fully vested on their termination date, the nonvested portion of their account is forfeited. Forfeitures are used to reduce future company contributions or to pay plan expenses. As of December 31, 2020 and 2019, forfeited account balances totaled $26,784 and $14,803, respectively. Forfeitures in the amount of $1,918 and $0 were used to pay plan expenses in 2020 and 2019, respectively, and forfeitures in the amount of $19,618 and $23,048 were used to reduce discretionary employer matching contributions in 2020 and 2019, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). Contributions are recorded when received and expenses are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the guaranteed investment contracts which are fully benefit-responsive and are reported at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Pooled separate accounts are valued at (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no participant redemption restrictions for these

investments, and participant redemptions are allowed daily. A redemption notice period is applicable only at the Plan level. There are no unfunded commitments at December 31, 2020 and 2019.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in administering the Plan are paid by the Company and not reimbursed by the Plan. Administrative expenses paid by the Plan are recognized as paid. Certain investment fees are netted in the net appreciation in fair value of investments.

Reclassifications

Certain reclassifications have been made to the 2019 financial statement to conform to the 2020 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted market prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts are valued at net asset value (NAV) of units held by the Plan at year end as a piratical expedient. The NAV of these accounts is based on the market value of its underlying investment divided by the number of units outstanding.

The money market fund is valued at cost which approximates fair value (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2020				
Pooled separate accounts at NAV (i)	$ 12,504,588	$ -	$ -	$ -
Money market funds	26,784	26,784	-	-
Total	$ 12,531,372	$ 26,784	$ -	$ -
December 31, 2019				
Pooled separate accounts at NAV (i)	$ 10,092,466	$ -	$ -	$ -
Money market funds	14,803	14,803	-	-
Total	$ 10,107,269	$ 14,803	$ -	$ -

(i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statements of net assets available for benefits.

Note 4: Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and specified interest rate guaranteed to the Plan. The investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events, *e.g.*, divestitures or spin-offs of a subsidiary that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5: Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental schedule of assets (held at end of year) as of December 31, 2020, and the investment income components and interest income from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons. Certain plan investments are shares of pooled separate accounts and a guaranteed investment contract issued by Voya Retirement Insurance and Annuity Company, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the employer contribution portions of their accounts.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 9: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan sponsored by Nova Associates, Inc. This volume submitter profit sharing plan has been filed with the appropriate agency and the plan sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable

requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 10: Excess Contributions Payable

At December 31, 2020, the Plan has $41,385 of excess contributions payable due to participants as a result of failed 2020 compliance testing. These amounts will be recognized as a reduction of net assets available for benefits in the 2021 financial statements based upon the modified cash basis reporting by the Plan.

Note 11: Subsequent Events

Subsequent events have been evaluated through October 13, 2021, which is the date the financial statements were available to be issued.
