## NOTE 1 – DESCRIPTION OF PLAN

The following description of Meridian Capital Group, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General** – The Plan is a defined contribution plan, covering all employees of Meridian Capital Group LLC and Meridian Capital Group Inc. (the Company), who are eligible to participate upon commencement date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** – Each year, participants may contribute up to 100% of the participants compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may decide each plan year whether to make a discretionary nonelective profit sharing contribution on behalf of eligible active participants. There were no employer contributions for the years ended December 31, 2020 and 2019. Contributions are subject to certain IRS limitations.

**Participant Accounts** – Each participant's account is credited with the participant's contributions and Plan earnings. Participants accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Notes Receivable From Participants** – Participants may borrow from their accounts a maximum equal to the lesser of $50,000 or half of their vested account balance. Loan terms range 1-5 years, except if a loan is used to acquire a principal residence, it may be repaid over a reasonable period of time that may be longer than thirty years. The loans are collateralized by the balance in the participant's account and bear interest at a rate that commensurate with local prevailing rates as determined by the plan administrator. The interest rate was 5.25% per annum during the year ended December 31, 2020. Principal and interest are repaid ratably through payroll deductions.

**Vesting** – Participants are vested immediately in their contributions plus actual earnings thereon.

**Payment of Benefits** – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**Forfeited accounts** – Forfeited amounts for the years ended December 31, 2020 and 2019 were $28 and $6,765, respectively.

**Basis of Accounting** – The financial statements of the Plan are prepared on the accrual basis of accounting.

See independent auditors' report.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Use of Estimates** – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the years.

**Excess Contributions Payable** – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

**Payment of Benefits** – Benefits are recorded when paid.

**Expenses** – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net depreciation of fair value of investments.

## NOTE 3 – UNAUDITED INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and net appreciation in fair value of investments, for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

See independent auditors' report.

## NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

**Level 1 Fair Value Measurements** – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

**Level 2 Fair Value Measurements** – The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

## NOTE 5 – INVESTMENTS

The Plan's investments were accounted for under an agreement with Voya Retirement Insurance and Annuity Company, the custodian of the Plan. All investment information presented in the accompanying financial statements and supplementary schedule, including investments held and net increase/(decrease) in fair value of investments, was obtained or derived from information supplied by the trustee and certified as complete and accurate. A summary of the investments is shown in the supplementary information.

Individual investments that represent 5% or more of the Plan's net assets are as follows:

| | December 31, 2020 | 2019 |
|---|---|---|
| Voya US Stock Index Port Ins | $1,558,372 | $1,183,587 |
| American Funds AM Balanced R3 | 1,249,789 | 1,061,809 |

| Total individual investments representing 5% or more of the Plan's net assets | $8,554,801 | $7,700,853 |

* Investments represents less than 5% of the Plan's assets as of the end of the prospective period.

See independent auditors' report.

## NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

## NOTE 7 – TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax year in progress.

## NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment instruments, including mutual funds. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE 9 – RELATED PARTY TRANSACTIONS

Certain Plan investments consist of shares of mutual funds and a group funding agreement which are managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions.

Voya Retirement Insurance and Annuity Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company receives revenue from mutual fund service providers for services Voya Retirement Insurance and Annuity Company provided to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan.

See independent auditors' report.

## NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Reconciliations are not necessary since the data on the financial statements matches with the amounts reported on Schedule H of Form 5500.

## NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2021, the date which the financial statements were available to be issued. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. The duration of these uncertainties and the ultimate effects cannot be reasonably estimated at this time.
