ADVANCEDHEALTH 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 1—Description of the Plan

The following description of AdvancedHEALTH 401(k) Profit Sharing Plan (formerly Advanced Diagnostic Imaging, P.C. 401(k) Retirement Plan) (the “Plan”) provides only general information. Participants should refer to the summary Plan document for a more complete description of the Plan’s provisions. The Plan covers eligible employees of AdvancedHEALTH, P.C. (formerly Advanced Diagnostic Imaging, P.C.) (the “Company”) and other participating employers. The participating employers were Advanced Diagnostic Imaging, P.C., PhyData, LLC, and NOL, LLC. As of January 1, 2020, PhyData, LLC and NOL, LLC discontinued their participation in the Plan, which qualified as a partial plan termination. All affected Plan participants were fully vested in their accounts as of that date.

General – The Plan is a defined contribution plan originally effective January 1, 2003 and amended and restated effective January 1, 2016. The Plan provides for participation by employees over the age of 18 after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employee Contributions – The Plan allows participants to contribute a portion of their eligible compensation, as defined in the Plan document, up to the maximum amount allowed by the Internal Revenue Code (“IRC”), which is \$19,500 for 2020. Participants may elect two types of salary deferrals, pre-tax deferrals and Roth deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions – The Plan allows the Company to make various contributions to participant accounts.

In order to maintain safe harbor status, the Company may make a contribution equal to 3% of compensation. The Company made the 3% contribution during 2020 amounting to \$2,567,596.

The Company may make a discretionary matching contribution equal to a uniform percentage of salary deferrals up to 6% of compensation contributed to the Plan. During 2020, there were no discretionary matching contributions.

The Company may also make a discretionary profit sharing contribution to the Plan. Profit sharing contributions are allocated to participants based upon provisions in the Plan document. Profit sharing contributions amounted to \$3,557,491 for 2020.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings. Each participant’s account is charged with participant withdrawals and an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their own contributions, qualified matching contributions, safe harbor contributions, and qualified nonelective contributions and related earnings. A participant is vested in nonqualified employer matching and profit sharing contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

ADVANCEDHEALTH 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 1—Description of the Plan (continued)

Investment Options – Upon enrollment in the Plan, a participant may direct employee and Plan sponsor contributions in any of the investment options offered by the Plan.

Payment of Benefits – Upon termination of service or upon death, disability, or retirement, a participant may receive payments based on Plan provisions. Married participants will automatically be paid via a joint and 50% survivor annuity, unless an alternative form of payment is elected. Unmarried participants will automatically receive a life annuity, unless an alternative form of payment is elected. Participants with vested account balances not exceeding \$5,000 will be paid in a single lump-sum payment. Participants electing an alternative form of payment may receive a single lump-sum payment or may purchase a different form of annuity. Benefits are recorded when paid.

Forfeitures – At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$42,797 and \$57,198, respectively. These account balances will primarily be used to pay administrative expenses of the Plan and to reduce employer matching and profit sharing contributions. Forfeitures of \$2,147 were used in 2020 to offset the employer profit sharing contributions receivable at December 31, 2019. Additionally, forfeitures of \$136,828 were used to offset plan expenses during the year ended December 31, 2020.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements and supplemental schedules of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Administrative Expenses – Certain direct expenses of maintaining the Plan are paid directly by the Company and, are therefore, excluded from these financial statements. Fees related to the participant recordkeeping and participant withdrawals are charged directly to the participant’s account and are included in administrative expenses. Indirect investment related expenses are included in net appreciation of fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 3—Fair value measurements

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These public investment vehicles are valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is classified within Level 1 of the valuation hierarchy based on the underlying assets of the account, which are traded on an active market.

Money Market Fund – This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. The Custodian establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market account is classified within Level 1 of the valuation hierarchy.

Self-Directed Brokerage Accounts – Stated at fair value as determined by quoted market prices and quoted net asset values of the investments held therein.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4—Information certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the "Trustee" of the Plan has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

- Investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2020.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 5—Plan termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

Note 6—Income tax status

The Plan obtained its latest determination letter on September 10, 2010, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2020. The Plan Sponsor believes the Plan has no income subject to unrelated business income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Party-in-interest transactions

Transactions with parties-in-interest include purchases and sales of assets through the Trustee, contributions made by the Company and fees paid for the Trustee, accounting, and other services. The Plan invests in shares of mutual funds managed by the Plan’s recordkeeper. Fees incurred by the Plan for the Trustee’s investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan pays directly any other fees related to Plan operations, including Plan recordkeeping fees. Notes receivable from participants qualify as party-in-interest transactions.

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of the coronavirus (“COVID-19”), economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 13, 2021, the date these financial statements were available to be issued.

During 2021, the Plan sponsor authorized the spin-off of certain PhyData, LLC employees’ account balances. Effective January 25, 2021 those balances were transferred to the Radiology Partners, Inc. 401(k) Profit Sharing Plan.
