We have audited the accompanying financial statements of the Rocky Mountain Restaurant Group Inc. 401(k) Profit Sharing Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Rocky Mountain Restaurant Group Inc. 401(k) Profit Sharing Plan (the "Plan"), as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

ROCKY MOUNTAIN RESTAURANT GROUP INC. 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1: DESCRIPTION OF PLAN

The following description of the Rocky Mountain Restaurant Group Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document and Summary Plan Description, which are available from the Plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan which became effective January 1, 2018 covering all employees of Rocky Mountain Restaurant Group Inc. (the "Company") who are age 21 or older and completed 1 year of service with the following exceptions: a) union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless the collective bargaining agreement requires the employee to be included within the Plan, b) certain nonresident aliens who have no earned income from sources within the United States and c) leased employees. Employees are be eligible to participate and can enter the Plan on the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or next following the date when they will satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan document, not to exceed the maximum allowable by law ($19,500 in 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,500 in 2020). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will make a safe harbor matching contribution equal to 100% on the first 3% of eligible earnings that is deferred as an elective deferral and an additional 50% on the next 2% of eligible earnings that is deferred as an elective deferral. A mandatory safe harbor employer contribution will be made each pay period. For the years ended December 31, 2020 and 2019. the Company made matching contributions as described in the Plan document of $37,001 and $40,880, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (1) the Company's contribution, (2) Plan earnings, and (3) forfeitures of terminated participants' non-vested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals and catch-up contributions, safe-harbor contributions and rollover contributions plus earnings thereon. Vesting in employer contributions is based on years of continuous service under a tiered plan. A participant is 100% vested after six years of continuous service. Any non-vested balance is forfeited upon termination of service.

Notes Receivable From Participants

The Plan does not allow loans to participants.

Payment of Benefits

Participants may receive a distribution from the Plan from certain accounts which are 100% vested prior to termination of employment provided that they have attained the age of 59-1/2. Hardship distributions are permitted from accounts which are 100% vested provided Participants are employed at the time of distributions and have satisfied certain conditions as per the plan documents.

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, periodic installments, or a partial withdrawal.

Forfeited Accounts

Participants accounts balance will be forfeited If they have no vested interest in the Plan when they leave, However, if they are rehired before incurring five 1-Year Breaks in Service, the account balance as of termination date will be restored, unadjusted for any gains or losses. As of December 31, 2020 and 2019, there were no forfeited non-vested accounts. Forfeitures may be used to pay administrative expeneses or to reduce employer contributions (as further defined in the Plan docuement). For the years ended December 31, 2020 and 2019, no plan expenses were paid from forfeited non-vested accounts.

Tax Status

This Plan operates under a standardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by the Administrator of the Plan. This prototype plan document has been filed with the appropriate agency. The prototype retirement plan and trust document, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the only years subject to income tax examination are the years ended December 31, 2017 to 2020.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Substantially all expenses of the Plan are paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments. Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

NOTE 3: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standard Codification 820 (ASC 820) established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Mutual funds, which are actively traded, are valued at quoted market prices on nationally recognized securities exchanges and represent the net asset value (NAV) of shares held by the Plan at year-end, and are classified as Level 1 within the valuation hierarchy.

The following tables, set forth by level within the fair value hierarchy, detail the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value at December 31, 2020

	Lavel 1	Level 2	Level 3	Total
Mutual funds	$ 889,085	$ -	$ -	$ 889,085
Total	$ 889,085	$ -	$ -	$ 889,085

Assets at Fair Value at December 31, 2019

	Lavel 1	Level 2	Level 3	Total
Mutual funds	$ 663,385	$ -	$ -	$ 663,385
Total	$ 663,385	$ -	$ -	$ 663,385

NOTE 4: RELATED PARTY AND PARTY-IN-INTEREST TRANSANCTIONS

During 2020 and 2019, certain Plan investments were investments in mutual funds managed by T. Rowe Price, the custodian for the Plan.

Fees paid during the year for accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Plan sponsor provides certain administrative services at no cost to the Plan.

These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 5: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6: SIGNIFICANT ESTIMATES AND CONCENTRATIONS

The current economy continues to present retirement plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan. Given the volatility of current economic conditions, the values as assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

NOTE 7: SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued. The Plan administrator has not identified any events that would have an impact on these financial statements, except as noted below.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families, and businesses affected by the coronavirus pandemic. A pandemic, epidemic or outbreak of an infections disease could cause the Plan to be adversely affected through the fluctuation of the value of Plan investments, turnover of employees at the Company, reduction in contributions by participants and others. Management is currently evaluating the impact it will have on future operations.
