- C. Employee Contributions - Eligible employees may make a voluntary tax-deferred contribution of 1% to 100% of their pre-tax annual compensation up to \$19,500 and \$19,000, which are the maximum dollar limits set by law for the year ended December 31, 2020 and December 31, 2019, respectively. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions are invested in the Schwab Retirement Planner, which manages the participants' accounts and selects investments based on demographic information. The Plan will automatically increase this percentage to 3% after one year unless the participant changes it.

Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up contributions." For the years ended December 31, 2020 and 2019, the maximum catch-up contributions were \$6,500 and \$6,000, respectively.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.
- D. Employer Contributions - The Company may make a discretionary matching contribution of the participant elective deferrals. For the years ended December 31, 2020 and 2019, the Company elected to match employee salary deferrals at a rate of 50% of each employee's tax-deferred contributions up to the first 5%. Matching contributions for outside commissioned salesmen, however, are limited to eligible compensation of up to \$77,000 for the years ended December 31, 2020 and 2019.

**NOTE 1 - Description of Plan (Continued)**

- D. Employer Contributions (Continued) - The Company can elect to make an additional non-elective contribution in such amounts as may be determined by its Board of Directors. The Board of Directors elected not to contribute a non-elective contribution for the years ended December 31, 2020 and 2019. Such contributions are allocated to individual participant accounts based on the ratio of each participant's annual compensation to the total Plan participants' compensation. Non-elective contributions are allocated to investments as directed by participants.
- E. Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the employer's contributions, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specified participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. Vesting - All employee and employer matching contributions are fully (100%) vested and nonforfeitable. Participants become fully (100%) vested in the non-elective contribution upon the occurrence of death, total or permanent disability, or normal or early retirement.

Other than as stated above, non-elective contributions vest based upon the following:

| <u>Years of Service</u>       | <u>Percentage</u> |
|-------------------------------|-------------------|
| Less than 2 years             | 0%                |
| After 2 years but less than 3 | 20%               |
| After 3 years but less than 4 | 40%               |
| After 4 years but less than 5 | 60%               |
| After 5 years but less than 6 | 80%               |
| After 6 years                 | 100%              |

A participant's vested benefit is determined as of the date of termination of employment or retirement.

- G. Payment of Benefits - A participant will receive a lump sum amount equal to the value of the individual's account upon termination of service due to death, disability, or upon attaining a normal retirement age or an early retirement benefit may be elected by individuals who meet specified age and service requirements. For terminated participants with vested balances less than \$5,000, the administrator shall pay the participant in one simple lump sum payment as soon as possible after termination. For vested balances that exceed \$5,000, no distribution is made from the Plan without consent of the participant.
- H. Income Tax Status - The IRS has determined and informed the Plan by a letter dated June 19, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Notes to Financial Statements

**NOTE 1 - Description of Plan (Continued)**

- H. Income Tax Status (Continued) - Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.
- I. Forfeitures - Any participant who terminates employment without being fully (100%) vested in their non-elective contribution account forfeits their unvested portion of the non-elective contribution. At December 31, 2020 and 2019, there were no forfeited nonvested accounts. These accounts are first to be used to reduce future plan administrative expenses, and then any remaining amount can be used to offset the employer contribution. During 2020 and 2019, the administrative expenses were not reduced by funds from forfeited non-vested accounts.

**NOTE 2 - Summary of Significant Accounting Policies**

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are a representation of the Plan's management, who is responsible for their integrity and objectivity. The accounting policies described below conform to accounting principles generally accepted in the United States of America and have been applied consistently in the preparation of the financial statements.

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates - The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits - Benefits are recorded when paid.

**NOTE 2 - Summary of Significant Accounting Policies (Continued)**

**Administrative Expenses** - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Subsequent Events** - Subsequent events were evaluated through October 12, 2021, which is the date the financial statements were available to be issued.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided the option for retirement plan sponsors to provide temporary relief for their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan Document. Plan management has adopted certain relief provisions included in the CARES Act which became retroactively effective on April 15, 2020. The Plan was restated to include these provisions effective January 1, 2021.

Pursuant to a stock purchase agreement dated March 3, 2021, Rumsey Electric Company Employee Stock Ownership Plan sold 100% of the issued and outstanding capital stock of Rumsey Electric Company (401k Plan Sponsor) to another company.

**NOTE 3 - Trustee Certification**

The December 31, 2020 and 2019 information summarized below was certified by Charles Schwab Trust Company. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

**NOTE 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**RUMSEY ELECTRIC COMPANY**  
**401(K) SAVINGS PLAN**  
**Notes to Financial Statements**  
**December 31, 2020 and 2019**

**NOTE 4 - Fair Value Measurements (Continued)**

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

*Registered Investment Companies:* Valued at the daily closing price as reported by the fund. Shares of Registered Investment Companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of Registered Investment Companies held by the Plan are deemed to be actively traded.

The following tables set forth, by level within fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

**NOTE 5 - Notes Receivable from Participants**

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses have been recorded as of December 31, 2020 and 2019. If a participant ceases to make a loan repayment and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their nonforfeitable account balance, whichever is less. Loan transactions are treated as transfers between the investment fund and the participant note fund. Loan terms range from one to five years, except for loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the Plan's administrator. Principal and interest are paid ratably through weekly or semi-monthly payroll deductions. Balances outstanding at December 31, 2020 and 2019 were \$796,370 and \$764,628, respectively.

**NOTE 6 - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 7 - Plan Termination**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.
