Camelot Community Care, Inc. Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A - DESCRIPTION OF PLAN

The following description of Camelot Community Care, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

1. General

The Plan is a defined contribution plan covering the employees of Camelot Community Care, Inc. and Children's Network of Southwest Florida, L.L.C. (collectively, the "Company") that have completed two months of service and who are 21 years of age or older. The Company manages the operation and administration of the Plan. Officers and employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was created January 1, 2011 and last amended April 7, 2020.

During April 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan during the year ended December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. No participants utilized the CARES Act provisions during 2020.

2. Contributions

A participant may elect to make pre-tax and after-tax (Roth deferral) contributions, subject to limits set by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans.

Employer matching and profit-sharing contributions are discretionary. Profit sharing contributions shall be allocated to each employee in proportion to their compensation as a percentage of the compensation of all eligible employees. The Company made discretionary matching contributions approximating \$76,000 and \$68,000 for the years ended December 31, 2020 and 2019, respectively. To be eligible for employer matching contributions a participant must be 21 years of age and have completed one year of service.

3. Participant Accounts

The participant accounts are participant directed investment options. The participants are allowed to change the percentage contributed to the Plan through payroll deductions at any time. Participants can also move individual accounts from one mutual fund to another or change how the funds are allocated among investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Camelot Community Care, Inc. Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

NOTE A - DESCRIPTION OF PLAN - Continued

Each participant in the Plan has a separate account that is credited with the participant's contribution, the Company's matching and discretionary contributions and an allocation of Plan earnings or losses and charged with an allocation of administrative expenses and any distributions taken. Allocations are based on participant account balances, as defined.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of participants' accounts plus actual earnings thereon, is based on years of credited service. Participants in the Plan start to vest in employer contributions after one year of credited service, at a rate of 20% annually and are fully vested after five years of credited service. Please refer to the Plan document for further details.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (not including Roth deferral accounts). Loan transactions are treated as a transfer from the investment fund to the participant loan account. Loan terms may range from one to five years, unless the purpose of the loan is for the purchase of a primary residence. The loans are collateralized by the balance in the participants' accounts and currently bear interest at the prime rate (3.25% and 4.75% as of December 31, 2020 and 2019, respectively) plus 1.5%, as defined by the Plan. Principal and interest are paid ratably through payroll deductions. Upon separation of service, the vested account payable to an individual who has an outstanding participant loan will be determined by reducing the vested account balance by the amount of the loan.

6. Payment of Benefits

A participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments computed in various manners, upon termination of service due to death, disability, or retirement. A participant may receive the value of the vested interest in his or her account as a lump sum distribution for termination of service due to other reasons. A participant may receive a lump sum or partial distribution from his or her vested interest, with certain limitations and/or conditions, while still in service. Generally, these distributions are limited to hardship cases or participants who have reached a certain age.

7. Forfeitures

Forfeited non-vested accounts totaled \$21,274 and \$14,132 at December 31, 2020 and 2019, respectively. Forfeitures occurring in a plan year will be applied to reduce the Company's matching contributions for the plan year in which the forfeitures occur or in the succeeding plan years. In 2020 and 2019 employer contributions were reduced by \$4,125 and \$62, respectively, from forfeited accounts.

NOTE A - DESCRIPTION OF PLAN - Continued

8. Plan Termination

Although it has expressed no intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants shall become 100% vested in their employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein as well as the related disclosures. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note E for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Camelot Community Care, Inc. Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Deemed distributions of notes receivable from participants totaled \$0 and \$1,658 for the years ended December 31, 2020 and 2019, respectively.

5. Excess Contributions Payable

Excess contributions payable represents unallowable amounts contributed to the Plan by participants and the related employer match amounts, plus any investment earnings or losses that will be refunded to the participant.

6. Expenses

Certain administrative expenses of the Plan are paid by the Plan and are reflected in the Plan's financial statements. However, certain legal and other operating expenses of the Plan are paid by the Company and, therefore, are not included in the accompanying financial statements.

7. Payment of Benefits

Benefits are recorded when processed and paid by the Plan. See also the CARES Act provision available to participants at Note A1.

NOTE C - FINANCIAL DATA CERTIFIED BY THE TRUSTEE (UNAUDITED)

The investments of the Plan were held and administered by Massachusetts Mutual Life Insurance Company (the "Trustee") during the plan years ended December 31, 2020 and 2019. The Trustee has supplied the Plan administrator with certain information utilized in preparing the financial statements and supplemental schedules. The Plan administrator has obtained certifications from the Trustee certifying that the information provided by the Trustee is complete and accurate as of December 31, 2020 and 2019. In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected not to have this information audited by the Plan's independent certified public accountants.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to be complete and accurate by the Trustee:

The Trustee's certifications also cover all information presented in the accompanying supplemental schedule of assets (held at end of year).

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive guaranteed investment contract with the Trustee. The Trustee maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the statement of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The declared interest rate is based on a formula agreed upon with the issuer which is 3.0%. at December 31, 2020. Such interest rates are reviewed on a quarterly basis for resetting. The contract value of the investment contracts was \$368,991 and \$325,833 as of December 31, 2020 and 2019, respectively.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY - Continued

Certain events limit the Plan's ability to transact at contract value with Massachusetts Mutual Life Insurance Company. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for examples, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2020 and 2019:

Mutual funds: Valued at the quoted net asset value of shares held by the Plan, as reported by the fund, at year end. Investments in certain restricted mutual funds are valued at quoted market prices of the issuer.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	<u>\$ 7,287,554</u>	<u>\$ 7,287,554</u>	<u>\$ -</u>	<u>\$ -</u>
Total	<u><u>\$ 7,287,554</u></u>	<u><u>\$ 7,287,554</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	<u>\$ 5,495,151</u>	<u>\$ 5,495,151</u>	<u>\$ -</u>	<u>\$ -</u>
Total	<u><u>\$ 5,495,151</u></u>	<u><u>\$ 5,495,151</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>

NOTE F - TAX STATUS

The IRS has determined and informed the Company by a letter dated June 23, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE F - TAX STATUS - Continued

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value. The impact of COVID-19 continues to evolve rapidly and the Organization is not able at this time to estimate its full impact on the Plan's financial statements.

NOTE H - PARTICIPANT TERMINATIONS

Some Plan participants have terminated employment from the Company but have not requested their vested balances to be paid to them at the year end. These unpaid benefits totaled approximately \$1,500,000 and \$1,000,000 as of December 31, 2020 and 2019, respectively.

NOTE I - RELATED PARTY TRANSACTIONS

Certain insurance company investment contracts held by the Plan were managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance company is the trustee of the Plan's assets; therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services and administrative services in 2020 and 2019 totaled \$96,165 and \$64,665 respectively.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to December 31, 2020 as of October 8, 2021, which is the date the financial statements were available to be issued.
