**NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Momentive Performance Materials Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan sponsored by Momentive Performance Materials Inc. (the “Company” or the “Plan Sponsor”) for certain eligible associates of the Company and its US subsidiaries that are participating employers. The Plan was effective January 29, 2007 and is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility: Newly hired associates are eligible to participate immediately following their date of hire.

Contributions: Non-exempt associates of the Company may participate in the Plan by contributing a portion of their eligible compensation (from 1% up to and not exceeding the lesser of 30% of eligible compensation or the statutory limit) to the Plan. Contributions from exempt associates are limited to a maximum of 25%, and exempt associates who are Highly Compensated Employees, as defined in the Plan, are limited to contributions of up to 15% of eligible compensation.

Participants can elect to have their contributions deducted on a tax deferred (pre-tax), after-tax, or roth basis. Effective January 1, 2014, eligible associates who do not decline enrollment or affirmatively elect to participate within thirty days of employment will be automatically enrolled at a pre-tax deferral rate of 5% of eligible compensation. In the event participants elect to make tax deferred contributions and reaches the prescribed IRS limits for pre-tax contributions, they may elect to continue making contributions on an after-tax basis until they reach the maximum contribution level permitted by law.

Employer matching contributions made under the Plan vary depending on employee classification and date of hire. Following is a chart summarizing the employer match provisions:

Maximum employer match	Eligible Employee Class
100% of the first 5% of eligible contributions (maximum 5%)	All exempt associates
	Non-grandfathered non-bargained salaried non-exempt employees
	Non-grandfathered IUE-CWA associates
	Non-grandfathered Sistersville Union employees
	Gross Company (MSC to MPM) employees
50% of the first 7% of eligible contributions (maximum 3.5%)	Grandfathered non-bargained salaried non-exempt employees
	Grandfathered IUE-CWA associates
	Grandfathered Sistersville Union employees

During 2017, exempt associates were eligible for the Employer Achievement Match, a discretionary matching contribution of 25% of the participant’s employer match, if the global incentive performance targets set by the Board of Directors or its delegate are attained. Effective January 1, 2018, exempt associates are no longer eligible for the Employer Achievement Match.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Exempt and non-union, non-exempt associates are eligible for an annual Employer Retirement Contribution, which is determined as a percentage of eligible compensation based on years of service. Effective January 1, 2014, associates hired on or after this date, and who are covered by the bargaining agreement with the IUE-CWA, the Industrial Division of the Communications Workers of America, AFL-CIO, CLC, Locals 84707, 81359 and 81380, are eligible for the annual Employer Retirement Contribution based on their eligible earnings, including Non-Grandfathered IUE-CWA associates. Effective January 1, 2015, associates hired on or after this date and who are covered by the bargaining agreement with the ICWUC, International Chemical Workers Union Council of the United Food and Commercial Workers are eligible for the annual Employer Retirement Contribution based on their eligible earnings, including Non-Grandfathered, ICWUC Sistersville Union associates.

The Plan allows for catch-up contributions in accordance with Internal Revenue Code Section 414(v).

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of the Employer's contributions and investment earnings, net of certain administrative expenses, and is charged with his or her withdrawals. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Most participants are immediately fully (100%) vested in their employer contributions and related investment earnings. Exempt associates hired September 1, 2012 or later vest in their employer matching contributions upon the completion of three years of service.

The Employer Retirement Contribution vests 100% upon the completion of three years of service.

Forfeitures: Following termination of employment, any unvested portion of a participant's account is forfeited at the earlier of the time of distribution of the vested portion, or upon five consecutive one year breaks in service. Funds from forfeitures are first applied to reinstate the unvested account balance for rehired participants whose previous termination resulted in forfeiture and who are re-employed by the Employer prior to incurring five consecutive one year breaks in service. Any remaining forfeited funds may be used to fund future matching employer contributions.

Retirement, Death and Disability: Participants who are not otherwise fully vested become 100% vested in their account balance upon the attainment of age 65 (normal retirement age), death or disability.

Investment Options: Upon enrollment in the Plan, participants can designate their contributions and Employer contributions to be invested in a combination of mutual funds and collective trust funds. If the participant does not designate any funds, the account is invested in a Qualified Default Investment Account ("QDIA") with a customized portfolio of investments based on the date the participant will attain age 65.

Investment Income: The investment income or loss for each fund is allocated proportionately to the participant accounts, on a daily basis, net of fees and expenses.

Administrative Expenses: Administrative fees paid by the Plan primarily represent trustee and recordkeeping expenses. The Company pays other costs of administering the Plan. Investment management fees and operating expenses charged to the Plan for plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses of the funds are reflected as a reduction of investment return for such investments.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

In 2012, the Plan's fee structure was renegotiated to include a per-participant administrative fee, which is charged by the Plan's record keeper on a quarterly basis. In conjunction with this agreement, the Plan's trustee agreed to reimburse the Plan for revenue credits it receives from certain mutual funds offered to participants. Revenue credits in excess of administrative expenses may be allocated to participant accounts at the election of the Plan Sponsor. For the year ended December 31, 2020, the Plan received \$13,171 in revenue credits, which has been recorded at gross as other income in the statement of changes in net assets available for benefits. These credits will be used to pay record keeping expenses of the Plan. The Company expects to pay any record keeping fees in excess of revenue credits available.

Notes Receivable From Participants: Active Plan participants may elect to take loans from the Plan using their account as collateral and subject to the Loan Policy established by the Company and legal limitations. The loan repayment period is any multiple of months up to 60 months or up to 180 months for purchase of a primary residence. The fixed interest rate charged is the prime rate minus 1% on the last day of the month prior to the inception of the loan.

Plan Termination: Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions or to terminate the Plan in accordance with the provisions of ERISA at any time. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason. In the event of termination of the Plan, which is at the sole discretion of the Board of Directors of the Company, all contributions credited to participants' accounts will be fully vested and will be distributed to the participants in the manner provided by the Plan.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): On March 11, 2020, the World Health Organization declared the outbreak of the novel coronavirus (COVID-19) to be a global pandemic and recommended containment and mitigation measures worldwide. On March 27, 2020, the CARES Act was enacted in response to the COVID-19 pandemic. The CARES Act includes several provisions that affect benefit plans, including requiring plans to waive required minimum distributions otherwise required to be paid in calendar year 2020, permitting certain in-service withdrawals and the suspension of certain loan repayments by participants affected by COVID-19. The Plan adopted some of the optional changes permitted by the CARES Act, including allowing eligible plan participants to request penalty-free distributions of up to \$100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permitting suspension of loan payments due for up to one year, and permitting individuals to stop receiving 2020 required minimum distributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, revenues are recognized when earned and expenses are recognized when incurred. Benefit payments are recorded when paid.

Notes Receivable From Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan invests in various investments. The Plan offers alternatives that mitigate participant risks, including the opportunity to diversify investments across numerous participant-directed fund elections; however the underlying investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Market risks include risks associated with global events, such as the ongoing COVID-19 pandemic. Due to the level of risks associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Investment Valuation and Income Recognition: Plan investments are stated at fair value.

Investment purchase and sale transactions are recognized on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments held during the year.

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. A fair value hierarchy allows the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective Trust Funds: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each collective trust held by the Plan provides for daily redemptions at reported net asset values per share, with no advance notice requirement. No unfunded commitments exist for any of the collective trust funds.

The methods described above may produce a fair value result that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2020 Using				
	<u>Total</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 358,444,044	\$ 358,444,044	\$ -	\$ -
Collective trust funds*	<u>128,370,979</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 486,815,023</u>	<u>\$ 358,444,044</u>	<u>\$ -</u>	<u>\$ -</u>

Fair Value Measurements at December 31, 2019 Using				
	<u>Total</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 306,713,279	\$ 306,713,279	\$ -	\$ -
Collective trust funds*	<u>100,604,554</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 407,317,833</u>	<u>\$ 306,713,279</u>	<u>\$ -</u>	<u>\$ -</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit the reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 3 - UNAUDITED INFORMATION – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Fidelity Management Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. Fidelity Management Trust Company has certified to the Plan administrator that the investments and investment income and notes receivable from participants and related interest income are complete and accurate as of December 31, 2020 and 2019 and for the year ended December 31, 2020. This information has been relied upon by the Plan administrator in preparation of the Plan's financial statements in accordance with ERISA. This certified information has not been audited by independent accountants.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan also held notes receivable from participants at December 31, 2020 and 2019, which constitute party-in-interest transactions. The Plan incurred \$127,628 of expenses related to administrative and other services paid to parties-in-interest during the year ended December 31, 2020.

NOTE 5 - TAX STATUS OF PLAN

The Internal Revenue Service has determined and informed the Company by a letter dated August 21, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been restated since receiving the determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2020 and 2019 from the financial statements to the annual report filed on Form 5500, Schedule H as required by the Department of Labor:

	<u>2020</u>	<u>2019</u>

Less: Contributions receivable	<u>(6,099,006)</u>	<u>(7,481,512)</u>
Net assets available for plan benefits – Form 5500	<u>\$ 416,463,356</u>	<u>\$ 416,935,230</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2020 per the financial statements to the net income reported in the 2019 Form 5500:

Increase in net assets available for benefits per the financial statements	\$ 77,688,193
Less: Transfer to other plan	(79,542,573)
Less: Contributions receivable at end of year	(6,099,006)
Add: Contributions receivable at beginning of year	<u>7,481,512</u>
Net decrease per Form 5500	<u>\$ (471,874)</u>

The difference between the financial statement balances and Form 5500 is primarily due to the fact that the financial statements are prepared using the accrual basis of accounting whereas Form 5500 balances are determined in accordance with the modified cash basis of accounting.

NOTE 7 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events for recognition and disclosure through October 13, 2021, which is the date the financial statements were available to be issued.

Effective January 1, 2021, the Plan spun off assets into the Momentive Technologies Savings Plan. This was subsequent to the Company's separation agreement with MOMQ Holdings Company, the plan sponsor of the Momentive Technologies Savings Plan, on January 1, 2020. The transfer of approximately \$79,500,000 (unaudited) in net assets of the Plan into the Momentive Technologies Savings Plan was completed on January 4, 2021.

Global Benefits Committee
Attn: Billie Jo Cuthbert
Momentive Performance Materials
Waterford, New York

Professional standards require that we communicate matters related to our audit of the financial statements of Momentive Performance Materials Savings Plan ("the Plan") that we consider significant and relevant to the responsibilities of Those Charged with Governance in overseeing the financial reporting process. Those Charged with Governance includes the person(s) with responsibility for overseeing the strategic direction of and obligations related to the accountability of the Plan. We cover such matters below.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole.

AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA

You should understand that the auditor is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America and that the audit of the financial statements does not relieve you of your responsibilities and does not relieve management of their responsibilities. Refer to our engagement letter with the Plan for further information on the responsibilities of management and Crowe LLP.

PLANNED SCOPE AND TIMING OF THE AUDIT

We are to communicate an overview of the planned scope and timing of the audit. Accordingly, we communicated the following matters regarding the planned scope and timing of the audit with you on March 22, 2021.

- How we proposed to address the significant risks of material misstatement, whether due to fraud or error.
- Our approach to internal control relevant to the audit.
- The concept of materiality in planning and executing the audit, focusing on the factors considered rather than on specific thresholds or amounts.
- Where the entity has an internal audit function, the extent to which the auditor will use the work of internal audit, and how the external and internal auditors can best work together.
- Your views and knowledge about matters you consider warrant our attention during the audit, as well as your views on:
 - The allocation of responsibilities between you and management.
 - The entity's objectives and strategies, and the related business risks that may result in material misstatements.
 - Significant communications with regulators.
 - Other matters you believe are relevant to the audit of the financial statements.

SIGNIFICANT ACCOUNTING POLICIES AND MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES

Significant Accounting Policies: Those Charged with Governance should be informed of the initial selection of and changes in significant accounting policies or their application. Also, Those Charged with Governance should be aware of methods used to account for significant unusual transactions and the effect of significant accounting policies in controversial or emerging areas where there is a lack of authoritative consensus. We believe management has the primary responsibility to inform Those Charged with Governance about such matters. There were no such accounting changes or significant policies requiring communication.

Management Judgments and Accounting Estimates: Further, accounting estimates are an integral part of the financial statements prepared by management and are based upon management's current judgments. These judgments are based upon knowledge and experience about past and current events and assumptions about future events. Certain estimates are particularly sensitive because of their significance and because of the possibility that future events affecting them may differ markedly from management's current judgments and may be subject to significant change in the near term.

The process used by management in formulating particularly sensitive accounting estimates and the primary basis for our conclusions regarding the reasonableness of those estimates primarily involved the following areas for this year:

Significant Accounting Estimate	Process Used by Management	Basis for Our Conclusions
Fair Values of Investments Not Subject to Our Audit Procedures	The recording of investments at fair value requires management to use certain assumptions and estimates pertaining to the fair value of its investments.	As disclosed in the notes to the Plan financial statements, the fair values of substantially all investments were certified pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and were not subject to our audit procedures, based upon the terms of our limited-scope audit engagement.
Classification of Investment Securities Within the Fair Value Hierarchy	FASB ASC 820- Fair Value Measurements and Disclosures requires the reporting of investments by classification level within a fair value hierarchy.	We reviewed the documentation maintained by management and performed procedures to test the reasonableness of management's judgments and accounting estimates related to the classification levels of investments within the fair value hierarchy as defined by FASB ASC 820- Fair Value Measurements and Disclosures.

AUDITOR'S JUDGMENTS ABOUT QUALITATIVE ASPECTS OF SIGNIFICANT ACCOUNTING PRACTICES

We are to discuss with you our comments about the following matters related to the Plan's accounting policies and financial statement disclosures. Accordingly, these matters will be discussed during our meeting with you, as applicable.

- The appropriateness of the accounting policies to the particular circumstances of the Plan, considering the need to balance the cost of providing information with the likely benefit to users of the Plan's financial statements.
- The overall neutrality, consistency, and clarity of the disclosures in the financial statements.
- The effect of the timing of transactions in relation to the period in which they are recorded.
- The potential effect on the financial statements of significant risks and exposures, and uncertainties that are disclosed in the financial statements.
- The extent to which the financial statements are affected by unusual transactions including nonrecurring amounts recognized during the period, and the extent to which such transactions are separately disclosed in the financial statements.
- The issues involved, and related judgments made, in formulating particularly sensitive financial statement disclosures.
- The factors affecting asset and liability carrying values, including the Plan's basis for determining useful lives assigned to tangible and intangible assets.
- The selective correction of misstatements, for example, correcting misstatements with the effect of increasing reported earnings, but not those that have the effect of decreasing reported earnings.

CORRECTED AND UNCORRECTED MISSTATEMENTS

Corrected Misstatements: We are to inform you of material corrected misstatements that were brought to the attention of management as a result of our audit procedures.

There were no such adjustments.

Uncorrected Misstatements: We are to inform you of uncorrected misstatements that were aggregated by us during the current engagement and pertaining to the latest and prior period(s) presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

There were no such adjustments.
