INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

UNION HOSPITAL 403(B) SAVINGS PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Union Hospital 403(b) Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2020, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company from July 1, 2020 to December 31, 2020 and State Street Bank and Trust from January 1, 2020 through June 30, 2020, the custodians of the Plan, and Voya Retirement Insurance and Annuity Company, a custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2020 and for the year then ended, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustees and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2019 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by State Street Bank and Trust and Voya Retirement Insurance and Annuity Company, the custodians of the Plan. Their report, dated September 1, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the custodians were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Basis of Accounting

We draw attention to Note 2 of the financial statements which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Union Hospital 403(b) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions. Copies of these documents are available from the Total Rewards Department at The Cleveland Clinic Foundation ("Foundation").

General - The Plan is a defined contribution plan sponsored by the Union Hospital Association (the "Hospital") that is designed under and intended to comply with the provisions of Internal Revenue Service ("IRS") code section 403(b). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On April 1, 2018, the Foundation became the full member of the Hospital pursuant to a Member Substitution Agreement.

The Plan Administrator is the Hospital. The Board of Directors of the Hospital has authorized the Retirement Committee of the Foundation to act on behalf of the Hospital to perform its duties as Plan Administrator. The Retirement Committee has overall responsibility for the operation and administration of the Plan, including actions with respect to contracts, trusts, evaluation and engagement of investment fund managers and other Plan matters as required.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extended the period for loan repayments, if applicable, up to one year
- Temporary relief on required minimum distributions

The Plan will be amended for the provisions implemented under the CARES Act by the time prescribed.

Eligibility - All employees are immediately eligible to participate in the Plan. To receive employer matching contributions, employees must work 20 or more hours per week, be at least 18 years of age and have 90 days of service for non-union employees or one year of service for union employees. Additionally, to receive employer matching contributions, non-union employees must contribute 3% of eligible compensation to the Plan, union employees must contribute 3.5% of eligible compensation to the Plan.

Contributions - Each year, participants may contribute up to a maximum percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

The Hospital contributes 100% of the first 6.5% of salary deferral contributions for Union employees and 100% of the first 6% of salary deferral contributions for non-union employees. Participants direct the investment of Hospital contributions into various investment options offered by the Plan.

Effective July 1, 2020, the Plan adopted an automatic deferral percentage of 3.5% for union participants and 3% for non-union participants unless the participant elects a lesser percentage or no deferral. Contributions for automatically enrolled participants are invested in a designated target-date fund until changed by the participant.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code ("IRC").

Participant investment account options - All current contributions to the Plan are deposited in accounts maintained by Fidelity Management Trust Company ("Fidelity"). All contributions and earnings are to be invested as directed by the participants in any of the various mutual funds or a guaranteed investment contract held by Fidelity. Additionally, self-directed brokerage account investments are available through Fidelity Brokeragelink. Separate accounts are maintained for each participant. Voya Retirement Insurance and Annuity Company ("Voya") continues to hold certain Plan assets in accordance with participant direction.

Participant accounts - Each participant's account is credited with the participant's elective contributions, and an allocation of earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - All participants are 100% vested in elective deferrals, rollover contributions and employer contributions made to the Plan.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments are made ratably through payroll deductions.

The CARES Act delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year.

Payment of benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, periodic installments, annuity contracts or a combination of these. If a participant's account does not exceed \$5,000 upon termination of service, the Plan is permitted to make a lump sum distribution to the participant under certain conditions as defined in the plan document.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) **Description of plan (continued)**

The CARES Act permits eligible Plan participants to request special penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

(2) **Summary of significant accounting policies**

Basis of accounting - The financial statements of the Plan are prepared on the modified cash basis of accounting. Consequently, certain Plan additions and related assets are recognized when received rather than when earned and certain Plan deductions and liabilities are recognized when paid rather than when the obligation is incurred. Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an allowable method of accounting for employee benefit plans under the reporting requirements of ERISA.

Use of estimates - The preparation of financial statements in accordance with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment custodians. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividend income are recorded on the modified cash basis of accounting recognizing income and related assets when received. Net appreciation / (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Administrative expenses - Certain expenses of the Plan are paid by the Hospital and are not included in the statements of changes in net assets available for benefits. The Hospital may obtain reimbursement from the Plan for certain administrative expenses paid on behalf of the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

New Accounting Pronouncement - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement, Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements on fair value measurements and was adopted by the Plan effective January 1, 2020. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

(3) Information prepared and certified by the custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity") (August 10, 2020 through December 31, 2020) and State Street Bank and Trust ("State Street") (January 1, 2019 through August 9, 2020), and Voya Retirement Insurance and Annuity Company ("Voya"), the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable:

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(4) **Fair value measurements**

Authoritative guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Guaranteed pooled fund: the Guaranteed Pooled Fund is a guaranteed pooled separate account provided under a group annuity contract issued by Transamerica Financial Life Insurance Company. The fair value equals the fair value of the Plan's share of assets invested in the underlying portfolio of assets and investments in insurance contracts that are considered fully benefit responsive and measured at contract value.

Pooled separate accounts: Valued at NAV of units of the separate account. The NAV, as provided by Voya, is used as a practical expedient to estimate fair value.

(4) Fair value measurements (continued)

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Accounts primarily hold investments in mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value at December 31, 2020				
	Level 1	Level 2	Level 3	Total

(4) **Fair value measurements (continued)**

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.
- (b) The pooled separate accounts listed above are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

(5) **Fully benefit-responsive investment contract**

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with Prudential Life Insurance Company of America ("Prudential"). The Prudential contract is held by Fidelity. Contributions are maintained in the general accounts of the contract issuer. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed for a specified period of time as outlined in the GIC. The crediting interest rate is based on formulas agreed upon with the issuer, but may not be less than 1.0%. Such interest rates are reviewed on a quarterly or annual basis for resetting using a portfolio rate approach where a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. The contracts are evergreen and do not have maturity dates.

The GIC meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS

(5) Fully benefit-responsive investment contract (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events could include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. These events could cause contract value to be reduced subject to the application of market value adjustments, as defined in the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

There are no events that permit the issuer to terminate the contract which would require the Plan to transact at amounts different than contract value.

(6) Related party transactions and party-in-interest transactions

Fees for legal, accounting, trustee, and other services are paid by the Hospital. Administrative fees charged by the custodians, including penalties for withdrawals, are deducted from the individual accounts of applicable participants. Other party-in-interest transactions include the purchase and sale of investments through Fidelity, State Street and Voya (the custodians). Such transactions are exempt from being prohibited transactions. The custodians provide certain management services to the Plan pursuant to plan service agreements. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are deducted from the NAV of the respective mutual fund, rather than through a direct payment.

(7) Plan termination

Although it has not expressed any intent to do so, the Hospital has the right to terminate the Plan subject to the provisions of ERISA.

(8) Tax status

The Plan terms were adopted using the Fidelity Workplace Services LLC 403(b) Volume Submitter Plan Document (Basic Plan Document #20 and Adoption Agreement #001).

The Fidelity Workplace Services LLC 403(b) Volume Submitter Plan has received a favorable opinion letter from the IRS dated August 7, 2017 regarding the tax-qualified status of the Plan pursuant to Revenue Procedure 2013-22. The adoption of the Plan terms was executed in accordance with Revenue Procedure 2019-39 (as amended). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe the Plan is currently being operated in compliance with the applicable provisions of the IRC.

UNION HOSPITAL 403(B) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(8) Tax status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020 and 2019, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, currently no audits for any tax periods are in progress.

(9) Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of the novel coronavirus ("COVID-19") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 pandemic continues to evolve as of the date of this report. The pandemic has impacted global economic activity and contributed to instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the outcome and ultimate effect of the pandemic on the Plan cannot be determined at this time. Plan Management will continue to monitor the impact of COVID-19 on the Plan and will reflect the results in the Plan's financial statements, as necessary.

(10) Reconciliation of Financial Statements to Form 5500
