Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

Trustees
Pension Plan for Employees of Civista Bancshares, Inc.
and its Affiliates
Sundusky, Ohio

We have audited the accompanying financial statements of the Pension Plan for Employees of Civista Bancshares, Inc. and its Affiliates (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Pension Plan for Employees of Civista Bancshares, Inc. and its Affiliates as of December 31, 2020, and the changes in its financial status for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Year Audited by Other Auditors

The 2019 financial statements were audited by other auditors and their report thereon, dated October 9, 2020, expressed an unmodified opinion on those statements. The other auditors subjected the supplemental schedules to the auditing procedures applied in the audit of the financial statements and certain additional procedures and determined the supplementary information is fairly stated in all material respects in relation to the 2019 financial statements as a whole.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the 2020 financial statements as a whole. The accompanying supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Pension Plan for Employees of Civista Bancshares, Inc. and its Affiliates

Notes to Financial Statements

December 31, 2020 and 2019

Note 1: Description of the Plan

General

The following description of Civista Bancshares Pension Plan Inc. and its Affiliates (Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

The Plan is a non-contributory defined-benefit plan covering substantially all employees of Civista Bancshares, Inc. and its Affiliates (Company) who had completed six months of service, attained 20½ years of age, and were hired prior to December 31, 2006. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Company instituted a soft freeze on the Plan after December 31, 2006, at which time no new participants were being added to the Plan. Effective April 30, 2014, the Company instituted a hard freeze with participants no longer accruing benefits under the Plan. As such, benefits were accrued through this date; however, no additional service was earned as of May 1, 2014.

The Compensation Committee and Pension Review Committee are responsible for oversight of the Plan. Civista Bancshares, Inc. is the trustee of the Plan. Transamerica Retirement Solutions provides investment related services for the Plan.

Contributions

The Company has agreed to voluntarily contribute such additional amounts that are necessary to provide assets sufficient to meet the benefits to be paid to Plan members. The Company's present intention is to make contributions in amounts sufficient to annually fund the Plan's current service cost and the initial past-service costs plus interest on them over a period of 10 to 30 years. The Company made no contributions during the years ended December 31, 2020 or 2019. The Plan has met the minimum funding requirements established by ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Pension Benefits

Participants are entitled to a monthly benefit beginning at normal retirement age of 65 that is based on average salary during the highest three consecutive years of service from date of hire. The Plan permits early retirement at age 55. Participants may elect to receive their pension benefits in the form of a joint and survivor annuity. If participants are terminated before rendering five years of service, they forfeit the right to receive a portion of their accumulated Plan benefits. If the joint and survivor annuity option is not elected, the participant may elect (a) the purchase of a different form of annuity; (b) payment of equal installments payable over a period not more than the participant's life expectancy; or (c) a single lump-sum payment, payable upon death, disability, or retirement.

Death Benefits

Upon death of an active participant before retirement but after attaining age 55, the participant's beneficiary will receive the greater of the qualified pre-retirement survivor's annuity or the special death benefit, which is equal to the present value of the participant's accrued benefit.

Upon the death of a terminated participant, the participant's beneficiary will be entitled to the vested percentage of the remaining accrued benefit at the time of death. If the participant is receiving an annuity at the time of death, the participant's beneficiary will be entitled to any remaining payments according to the annuity contract.

Vesting

Since the soft freeze of the Plan in 2006, all participants have been 100 percent vested in their benefits.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Notes to Financial Statements

December 31, 2020 and 2019

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments.

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Plan's interest in common collective trust funds is valued at the NAV of units of the funds based on information reported by the custodian using the audited financial statements of the funds at year-end.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Accumulated Plan Benefits

Accumulated plan benefits, see Note 5, are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

(A) Retired or terminated employees or their beneficiaries

(B) Present employees or their beneficiaries

Benefits under the Plan are based on employees' compensation during their highest five years of average compensation. Benefits payable under all circumstances—retirement, death, disability and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Reclassifications

Certain reclassifications have been made to the 2019 financial statements to conform to the 2020 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Pension Plan for Employees of Civista Bancshares, Inc. and its Affiliates

Notes to Financial Statements

December 31, 2020 and 2019

Revisions

Certain immaterial revisions have been made to the 2019 financial statements for the breakdown of changes in the actuarial present value of accumulated plan benefits disclosed in Note 5. These revisions did not have a significant impact on the financial statement line items impacted.

Note 3: Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations discussed below
- d. All other vested benefits (that is, vested benefits not insured by the PBGC)
- e. All nonvested benefits

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020 and 2019:

December 31, 2020				
Fair Value Measurements Using				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 3,051,282	\$ 3,051,282	\$ -	\$ -
Investments measured at net asset value (A)	12,205,124			
Investments at fair value	\$ 15,256,406			

Pension Plan for Employees of Civista Bancshares, Inc. and its Affiliates

Notes to Financial Statements

December 31, 2020 and 2019

December 31, 2019				
Fair Value Measurements Using				
Fair Value	Quoted Prices			
	in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Mutual funds	\$ 3,036,525	<u>\$ 3,036,525</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value (A)	<u>12,146,101</u>			
Investments at fair value	<u>\$ 15,182,626</u>			

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2020 and 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 securities at December 31, 2020 and 2019.

Pension Plan for Employees of Civista Bancshares, Inc. and its Affiliates

Notes to Financial Statements

December 31, 2020 and 2019

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Common collective trust funds: Valued at the NAV of units of the fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The Plan's investments in common collective trust funds do not include any unfunded commitments or redemption restrictions.

Note 5: Accumulated Plan Benefits

An actuary from McHenry Advisers, Inc. determines the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of the beginning of each Plan year was as follows:

	2020	2019
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$ 1,549,596	\$ 1,398,643
Other participants	14,027,044	13,305,307
	<u>15,576,640</u>	<u>14,703,950</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 15,576,640</u>	<u>\$ 14,703,950</u>

Pension Plan for Employees of Civista Bancshares, Inc. and its Affiliates

Notes to Financial Statements

December 31, 2020 and 2019

Changes in the actuarial present value of accumulated plan benefits were as follows:

	<u>2020</u>	<u>2019</u>
Actuarial present value of accumulated plan benefits, beginning of year	\$ 14,703,950	\$ 13,097,635
Increase (decrease) during the year attributable to		
Actuarial loss	1,835,030	3,013,574
Increase for interest due to the decrease in the discount period	334,044	386,572
Benefits paid	(1,296,384)	(1,793,831)
Net increase (decrease)	<u>872,690</u>	<u>1,606,315</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 15,576,640</u>	<u>\$ 14,703,950</u>

Significant assumptions underlying the actuarial computations are:

- Assumed rate of return on investments: 2020 – 5%; 2019 – 7%
- Mortality basis: 2020 – 2021 mortality static table; 2019 – 2019 mortality static table
- Discount rates: 2020 – IRS code section 417(e)(3)(D) minimum present value segment rates of 0.5%, 2.3% and 3.1%; 2019 - IRS code section 417(e)(3)(D) minimum present value segment rates of 2.0%, 3.1% and 3.7%
- Retirement: At normal retirement age (65)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2021 and 2020. Had the valuations been performed as of December 31, 2020 and 2019, there would be no material differences.

Pension Plan for Employees of Civista Bancshares, Inc. and its Affiliates

Notes to Financial Statements

December 31, 2020 and 2019

Note 6: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are shares of common collective trust funds managed by an affiliate of Transamerica Retirement Solutions, a provider of investment related services for the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

The Plan paid \$32,313 and \$33,382 of fees to Transamerica Retirement Solutions during the year ended December 31, 2020 and 2019, respectively.

The Company provides certain administrative services at no cost to the Plan.

Note 7: Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype defined benefit plan document sponsored by CCH Incorporated. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter from the IRS stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code. The Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Notes to Financial Statements

December 31, 2020 and 2019

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 12, 2021, which is the date the financial statements were available to be issued.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
