Re: The Yale Club of New York City 401(k) Plan

Dear Ms. Hiraldo-Rosario:

We were engaged to audit the financial statements of The Yale Club of New York City 401(k) Plan (the "Plan") for the year ended December 31, 2020. In connection with planning and performing our engagement, we developed the following recommendations concerning certain matters related to the Plan's internal control. In our report dated October 8, 2021, we disclaimed an opinion on the Plan's 2019 financial statements because of the election by the Plan Administrator to limit the scope of our audit with respect to information which was certified by the Custodian of the Plan (as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended). Had the scope of our audit not been limited as described above, other matters might have come to our attention that would have been reported to you.

This letter is intended solely for the information and use of the Plan Administrator and others within the Plan's management and is not intended to be and should not be used by anyone other than these specified parties.

We wish to express our appreciation for the cooperation and courtesies extended to our representatives during the audit of the Plan. We would be pleased to discuss our comments with you further, should you so desire.

Very truly yours,

Condon O'Meara McGinty & Donnelly LLP

Reconciliations

During our audit, we were pleased to note the Club reconciles weekly remittances to the bank statement however, it was also noted that the Plan Administrator does not reconcile participant deferral contributions, per the payroll records, to the contributions, per the trust statements, or the monthly benefit payments, per the Club's records, to benefit payments, per the trust statements. We again recommend that the Plan sponsor perform the preceding reconciliations on a periodic basis. By performing these reconciliations on a periodic basis, the Plan Administrator will be able to identify reconciling items on a timely basis and ensure that all contributions and benefit payments are properly recorded on a timely basis.

Minutes of Trustees' Meetings

There are no formal minutes maintained for actions taken by the Trustees of the Plan. With the significant complexity of investment alternatives the complexity of the tax laws covering the qualifications of the Plan and fiduciary responsibilities of the Trustees, it is important that the Trustees adequately document the due diligence they exercise over operations of the Plan, including selection of an investment policy and monitoring investment performance against the Plan's objectives. We were informed that the Trustees meet at least annually to review the investment returns, review the risk of investments, select investment managers, determine investment strategies, approve benefit payments, monitor test and qualification compliance, and approve Plan amendments. The content of these meetings is not formally documented.

We again recommend the Trustees/Plan Administrator establish procedures for carrying out the above and document the establishment of those procedures in formal minutes. Procedures should include performance and documentation in the minutes of (a) an annual review of investment performance compared with market benchmarks for each related market sector; (b) a periodic review of the operations of the Plan as carried out by the Plan Administrator and monitor tax and qualification compliance, and approve Plan amendments, third-party administrator and investment and investment manager; and (c) review and approval of all benefit distributions.

General

1. We again recommend that the Plan Administrator compile an accounting and procedures manual containing policies and procedures designed to assist management with all aspects of the Plan's functions. Such a manual would assist with the continuity of operational policies and procedures that have been approved and implemented by the Plan Administrator. The document should be written with sufficient detail to allow new employees of the Plan Sponsor the ability to complete the task by reviewing the manual. This document should be updated for any system or policy changes. A manual of all procedures should be maintained in a secure location. At a minimum, the manual should include:

- Location of Plan-related documents. For example:
 - Executed Plan document
 - Current IRS determination letter
 - Executed amendments to the Plan document
 - Executed board minutes as they pertain to the Plan

General (continued)

- Copy of the Plan's fidelity bond insurance
 - Copy of investment policy
 - Operational compliance procedures. For example:
 - Reviewing Plan eligibility provisions and comparing them to actual practices
 - Reviewing the Plan's definition of compensation and comparing it to actual payroll procedures
 - Depositing participant deferrals in a timely manner
 - Adopt a written set of policies and procedures designed to mitigate the Plan's risk with regard to regulatory compliance and to protect the Plan fiduciaries as they carry out their duties related to the Plan.
 - Internal control - For example:
 - Reviewing participant data provided to the Plan's third party administrator on a regular basis
 - Reviewing incoming information from the Plan's third party administrator
 - Reviewing Plan reporting
 - Reviewing investment valuation
 - Financial reporting. For example:
 - External financial reporting and review
 - Review of the Form 5500 filing
 - Regulatory compliance
 - Any other information deemed pertinent to the Plan
2. We noted Plan Management has not conducted a self-audit during the plan year. A self-audit may uncover potential issues that can be corrected before significant issues arise. Conducting a self-initiated audit can assist management in identifying compliance issues and developing procedures to prevent, detect and correct any errors. We again recommend that Plan management consider conducting self-initiated audits periodically of the Plan's transactions (i.e., test employee deferrals to ensure they agree with individual's selections and Plan Agreement, investment valuations, benefit payments, etc.).

Note 1 – Description of plan

The following brief description of The Yale Club of New York City 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution pension plan established on July 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All union employees of The Yale Club of New York City (the “Club”) who have been employed for one year and reached the age of 21 are eligible to participate in the Plan.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act were effective on January 1, 2020 and require changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) that included numerous employee benefit plan provisions to assist plan sponsors and participants which the Plan Sponsor elected to adopt. The more significant provisions of the CARES Act that relate to the Plan are benefit payments and participant notes.

Contributions

Upon eligibility, participants may make pre-tax contributions to the Plan subject to the limit established by the Internal Revenue Code for 401(k) plans. Each year, at its discretion, the Club may determine to make a matching contribution to the Plan. For the year ended December 31, 2020, the Club did not contribute to the Plan.

Participants may also contribute rollover amounts representing distributions from other eligible retirement plans.

Participants’ accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and allocations of any account earnings net of applicable administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Notes to Financial Statements (continued)

Note 1 – Description of plan (continued)

Investment options

Each participant may direct their investment accounts into certain available investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicle. Plan earnings are credited to a participant account according to the type of funding vehicle in which balances are invested.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts with certain minimums and maximums based on provisions disclosed in the Plan document. Interest is equal to 1% over the prime rate. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, retirement, or separation from service, a participant may elect to receive their benefits as either a lump-sum amount equal to the value of the participant's interest in his or her account, or in the form of installments as defined in the Plan. In addition, participants may receive in-service distributions and hardship withdrawals under the provisions of the Plan document and the Internal Revenue Code.

Plan termination

Although it has not expressed any intent to do so, the Club has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US-GAAP), except for the benefits paid which are treated on a cash basis.

Investment valuations and income recognition

The Plan's investments are stated at fair value. Registered investment companies are valued at quoted market prices, which are based on the net asset value of shares held by the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when earned. Realized gains and losses on the sale of securities are computed on each individual security.

The aggregate of (a) the net unrealized appreciation (depreciation) in the fair value of investments for the year, and (b) the net gains or losses on disposition of investments during the year is reflected as net appreciation (depreciation) in the fair value of investments for the year.

Management's fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Fair value measurement

For assets measured at fair value on a recurring basis, Accounting Standards Codified Topic Fair Value Measurements requires quantitative disclosures about the fair value measurement separately for each major class of assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets.
- Level 2 – Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.
- Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following table presents the Club's financial assets that are measured at fair value on a recurring basis at December 31, 2020 and December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,809,967	\$ -	\$ -	\$ 8,809,967

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses has been recorded as of December 31, 2020 or 2019.

Contributions

Contributions from employees are recorded as they are withheld from the participants' wages.

Payment of benefits

Benefit payments to participants or their beneficiaries are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Club. Expenses that are paid directly by the Club are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Certain administrative functions are performed by officers or employees of the Club. No such officer or employee receives compensation from the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency, accordingly, the Plan is subject to the normal investment risks associated with certain investment securities. Any default on participant loans would be treated as a taxable distribution to the participant.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 8, 2021, which is the date of the financial statements were available to be issued.
