Notes to Financial Statements

Note 1: Plan Description

The following description of Integrated Financial Settlements, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Integrated Financial Settlements, Inc. ("IFS"), EPS Settlement Group, Inc. ("EPS"), Structured Financial Associates, Inc. ("SFA"), Millennium Settlements, Inc. ("MSI"), JMW Settlements, LLC ("JMW"), Providio MediSolutions, LLC ("PMS"), and Providio Lien Counsel, LLC (PLC), (collectively, the "Company" or the "Employer"), who are age eighteen or older.

The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"), as amended. The Plan is administered by an Employee Benefits Administrator Committee (the "Plan Administrators") comprised of persons appointed by the Company. The Plan Administrators are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

In March 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act includes various provisions that temporarily ease rules around distributions and loans in 2020 for eligible plan participants in reaction to the economic conditions during the COVID-19 pandemic. Certain design changes were made to the Plan during 2020 as permitted pursuant to the CARES Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Contributions

Each year, eligible participants may elect to make pre-tax and after tax contributions of their annual compensation, as defined in the Plan, up to a maximum amount adjusted annually by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined compensation plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation. The contribution rate increases annually by 1% up to a maximum of 5%.

The Company may make discretionary matching contributions to plan participants as determined by the Company annually. For the year ended December 31, 2020, the Company declared a discretionary matching contribution equal to 2% of participant's eligible compensation, as defined. In addition, effective September 1, 2019, the Company may make a discretionary profit sharing contribution to plan participants. During 2020, the Company made discretionary profit sharing contributions of $29,720. Contributions are subject to certain IRS limitations.

Note 1: Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, and an allocation of the Company's discretionary profit sharing contributions and plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Company discretionary matching contributions, plus actual earnings thereon. Effective September 1, 2019, vesting in the Company discretionary profit sharing contributions is based on years of service. Participants vest at a rate of 20% per year after two years of service. Participants become fully vested after six years of service.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at current market rates, as defined by the Plan, ranging from 4.25% to 6.75% at December 31, 2020, determined at the date of the loan. All loans must have a definite repayment schedule, generally not exceeding five years. Principal and interest is paid ratably through biweekly or semi-monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as defined by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Effective January 1, 2020, the new IRS hardship distribution regulations were implemented to allow participants to have access to earnings on the deferral portion of their account, to include federal disasters as a hardship category, to eliminate the suspension period subsequent to receiving a hardship distribution, and to eliminate the requirement to exhaust plan loans. Written amendments to the Plan to reflect these operational changes will also be adopted at a later date in accordance with applicable law and IRS guidance.

Forfeited Accounts

At December 31, 2020 and 2019, the balance of the forfeited accounts totaled $3,289 and $8,197, respectively. These accounts may used to pay administrative expenses or used to reduce future Company contributions. In 2020, there were $62,329 of forfeitures used to reduce Company contributions or pay administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, other than the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract because contract value is the amount plan participants generally receive when executing transactions under the terms of the contract and plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant’s account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments and administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2021, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Trustee (Unaudited)

The Plan Administrators have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrators and certified as complete and accurate by Minnesota Life Insurance Company, the Trustee of the Plan.

This information has not been audited by the Plan's independent auditors.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual Funds Held in Pooled Separate Accounts: Fair value is estimated using the net asset value (NAV) per unit by the issuer of the pooled separate accounts. Fair value is based on the fair value of underlying investments held by the pooled separate accounts.

Self-Directed Brokerage Accounts: Accounts primarily consist of the mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchanges (Level I).

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investment Assets in the Fair Value Hierarchy:				
Pooled Separate Accounts	$ -	$ 36,565,563	$ -	$ 36,565,563
Self-Directed Brokerage Accounts	1,847,276	-	-	1,847,276
Total Investment Assets at Fair Value	$ 1,847,276	$ -	$ -	$ 38,412,839

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investment Assets in the Fair Value Hierarchy:				
Pooled Separate Accounts	$ -	$ 33,121,782	$ -	$ 33,121,782
Self-Directed Brokerage Accounts	1,745,077	-	-	1,745,077
Total Investment Assets at Fair Value	$ 1,745,077	$ -	$ -	$ 34,866,859

There were no transfers in and/or out of Levels 1, 2, or 3 for financial instruments measured at fair value on a recurring basis for the years ended December 31, 2020 and 2019. If the Plan were to recognize transfers, it would do so at the end of the reporting period.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Minnesota Life Insurance Company is the Plan's Trustee. Transactions with Minnesota Life Insurance Company qualify as party-in-interest. Fees paid by the Plan to the Trustee for administrative expenses and investment management services totaled $106,299 for the year ended December 31, 2020. The Plan also holds investments which were issued by Minnesota Life Insurance Company, which constitute party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if they would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contract, by general type, is presented below:

As of December 31,	2020	2019
Guaranteed Investment Contract	$ 4,118,848	$ 5,490,976

Traditional Guaranteed Investment Contract: The Plan holds a fully benefit-responsive investment contract with Minnesota Life Insurance Company at December 31, 2020 and 2019. Minnesota Life Insurance Company maintains the contributions in its general account and guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated annually based upon contract provisions, and it may not be less than 1.50%. Minnesota Life Insurance Company's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include plan termination, plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which Minnesota Life Insurance Company may terminate the contract. Examples of circumstances which would allow Minnesota Life Insurance Company to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, Minnesota Life Insurance Company could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8: Tax Status

The Plan has adopted a volume submitter plan, which obtained a favorable advisory letter from the United States Treasury Department dated March 31, 2014, stating that the form of the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) and is therefore exempt from Federal income taxes. The Plan Administrators and Company management believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS. Therefore, management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrators have analyzed the tax positions taken by the Plan and have concluded as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The effects of the novel strain of coronavirus (“COVID-19”) pandemic, and the related actions by governments around the world to attempt to contain the spread of the virus, have impacted economies and global financial markets. Due to the COVID-19 pandemic, the value of the Plan’s investments has been subject to significant volatility. As a result of the uncertainties surrounding COVID-19, the future impact on the Plan’s investments cannot be reasonably estimated at this time.

Note 10: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Company is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Company’s general assets, but no later than the fifteenth business day of the month following the date that participant contributions are withheld by the Company. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan years ended December 31, 2019, totaling $264,688, were remitted outside the 15-day requirement. These transactions constitute a prohibited transaction as defined by ERISA.
