NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 DESCRIPTION OF PLAN

The following description of Columbus Fair Auto Auction, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective February 1, 1976. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective January 1, 2016. The Plan excludes leased employees, nonresident aliens, and employees covered by a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for the oversight of the Plan. The Board of Directors determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Employees of Columbus Fair Auto Auction, Inc. (the Company) are eligible to participate in the deferral and match components of the Plan after completing 60 days of service and obtaining 21 years of age. Participants can enter the Plan on the first day of the month following when they meet the eligibility requirements. Participants are eligible for the profit sharing contribution if they meet the eligibility requirements above and are employed on the last day of the Plan year.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a qualified matching contribution or profit sharing contribution to the Plan. For the years ended December 31, 2020 and 2019, the Company matching contribution was 100% of the first 5% of eligible compensation deferred that a participant contributes to the Plan. There were no Company profit sharing contributions for the years ended December 31, 2020 and 2019.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. Participants are subject to a graded vesting schedule whereby participants are fully vested after the completion of six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

In April 2020, certain provisions under the CARES Act relating to participant distributions were enacted. A CARES Act distribution allows for a participant to receive a COVID-19 related distribution of up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The CARES Act allows for utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses and future Company contributions. Forfeited nonvested accounts as of December 31, 2020 and 2019 totaled \$117,318 and \$116,114, respectively. There were no forfeitures used to pay administrative expenses or reduce Company contributions for the years ended December 31, 2020 and 2019.

Partial Plan Termination

During the year ended December 31, 2019, the Plan Sponsor terminated substantially all employees. In aggregate, the termination represented a partial termination of the Plan. As a result of this partial termination, all accumulated benefits of affected employees were fully vested as of October 25, 2019, the date on which the employees were terminated.

During the year ended December 31, 2020, the Plan Sponsor terminated all remaining employees. In aggregate, the termination represented a partial termination of the Plan. As a result of this partial termination, all accumulated benefits of affected employees were fully vested as of March 7, 2020, the date on which the employees were terminated.

Coronavirus

The coronavirus pandemic effects on the economy and financial markets in the future is uncertain. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Great-West Life & Annuity Insurance Company, the insurance company of the Plan and Great-West Trust Company, LLC, the trustee of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Mutual Funds		<u>\$ 3,350,841</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,350,841</u>

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2015, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great West Life & Annuity Insurance Company (Great West). Great West maintains the contributions in a fixed annuity account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 8 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Great-West Life & Annuity Insurance Company is the insurance company, and Great-West Trust Company, LLC is the trustee as defined by the Plan and, therefore, these investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 NONEXEMPT TRANSACTIONS

The Company failed to remit employee 401(k) deferral contributions, including loan payments, and Employer match contributions during 2017 and 2018 for certain payroll periods within the timeframe prescribed by the DOL. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Company will correct the prohibited transactions by depositing the lost earnings, filing the required Form 5330 with the IRS, and paying the appropriate excise tax.

NOTE 11 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued.

Effective July 21, 2021, the Plan Administrator has executed an agreement to terminate the Plan on or before October 15, 2021.
