LABORATORY ALLIANCE OF
CENTRAL NEW YORK 401(k) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

(1) Description of Plan

The following description of the Laboratory Alliance of Central New York (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of the Company who have one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches 50 percent of participant contributions up to 6 percent of eligible compensation. The Company may contribute a discretionary profit sharing contribution allocated based on the ratio of each participant's compensation to total compensation of all participants, as defined. There were no Company discretionary profit sharing contributions in 2020 and 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and is as follows:

Years of service	Vesting percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate at the time the loan is originated. Principal and interest is paid ratably through biweekly payroll deductions.

(f) Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

(g) Forfeited Accounts

At December 31, 2020, forfeited nonvested accounts totalled approximately $2,800. There were no forfeited nonvested accounts at December 31, 2019. These accounts will be used to reduce Plan administrative expenses or future employer contributions. For the years ended December 31, 2020 and 2019, employer contributions were reduced by approximately $10,200 and $19,700 from forfeited nonvested accounts, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) New Accounting Pronouncement

During 2020, the Plan retrospectively adopted Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). As a result of the adoption of ASU 2018-13, the Plan primarily removed and modified certain fair value disclosure requirements on fair value measurements. The adoption of this ASU did not have an impact on the Plan's net assets or changes in net assets.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2020 or 2019.

(Continued)

(2) Summary of Significant Accounting Policies, Continued

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

(h) Subsequent Events

Subsequent events have been evaluated through October 12, 2021, the date the financial statements were available to be issued.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

(3) Fair Value Measurements, Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust fund - stable value fund: Valued at the NAV of units of the stable value fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy -				
Mutual funds	$ 18,706,773	-	-	18,706,773

(4) Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate, as of or for the years ended December 31:

		2020	2019
Cash	$	-	9,791
Investments, at fair value	$	23,530,636	21,985,337
Investment income:			
Net appreciation in fair value of investments	$	1,957,021	3,154,621
Interest and dividends	$	307,704	366,736

All information in the supplemental schedule, except for notes receivable from participants, is presented solely based upon the certification.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Party-in-Interest Transactions

Certain Plan investments are units of a collective investment trust fund - stable value fund, held by Unified Trust, A Division of American Trust Company (Unified Trust). Unified Trust provides trustee services as defined by the Plan. Fees paid by the Plan for trustee services amounted to $71,567 and $67,554 for the years ended December 31, 2020 and 2019, respectively, and are included in administrative expenses in the statements of changes in net assets available for benefits.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts.

Both transactions qualify as exempt party-in-interest transactions.

(Continued)

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their employer contributions.

(7) Tax Status

The Plan and trust have been established using a non-standardized prototype plan designed and maintained by the Plan's third-party administrator. The IRS has determined and informed the prototype sponsor by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March, 2020, the World Health Organization declared the COVID-19 outbreak a pandemic and the United States federal government declared COVID-19 a national emergency. At its peak, the COVID-19 outbreak had adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. While financial markets have recovered, values of the Plan's individual investments have and will fluctuate in response to changing market conditions.

(Continued)

(8) Risks and Uncertainties, Continued

Additionally, Section 2202 of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), which was enacted on March 27, 2020, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions: (1) special COVID-19 distributions up to $100,000; (2) increase the available loan amount as described in note 1(e) to the lesser of $100,000 or 100% of the participant's vested account balance; (3) extend the period for loan repayments, if applicable, up to one year; and (4) suspended required minimum distributions for 2020.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019, to Form 5500:

Net assets available for benefits per the financial statements	$ 22,264,804
Less: Amounts allocated to withdrawing participants	(9,791)
Net assets available for benefits per Form 5500	$ 22,255,013
