# Notes to Financial Statements

## 1. Description of Plan

The following description of the Edmunds.com, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan covering substantially all employees of Edmunds.com (the "Company") who have attained age eighteen or older. The Edmunds.com 401(k) Committee controls and manages the operation and administration of the Plan. Charles Schwab Trust Bank ("Charles Schwab") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions.

### *Contributions*

Each year, participants may contribution up to 100 percent of their annual compensation, as defined in the plan document, subject to Internal Revenue Code ("IRC") limitations. Participant salary deferrals may be traditional 401(k) (pre-tax) or Roth 401(k) (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company provides a discretionary non-safe harbor matching contribution. During 2020, the discretionary non-safe harbor matching contribution was $0.50 per $1.00 on the first 6% of the employee's contribution, subject to certain limitations. The Company may also provide a discretionary profit-sharing contribution. There were no discretionary profit-sharing contributions made in 2020. Contributions are subject to certain limitations.

### *Investment options*

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, money market funds, and common collective trust funds as investment options for participants. In addition, participants may utilize an individual self-directed brokerage option, through which participants are able to invest in a variety of securities, including stocks, bonds, mutual funds, and government securities in accordance with the Plan document.

### *Participant accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings (losses), and charged with benefit payments, and transaction fees related to notes receivable from participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions plus earnings thereon is based on years of service. A participant is 100 percent vested after one year of credited service.

### *Notes receivable from participants*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2020, outstanding loans bore interest rates ranging from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

### *Payment of benefits*

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. In-service distributions are available from all fully vested sources after the participant reaches the age of 59.5 years or if a participant satisfies conditions of a financial hardship.

### *Forfeitures*

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $73,638 and $55,712, respectively. Forfeitures may be used to reduce Company contributions or pay administrative expenses of the Plan. During 2021, there were $24,726 of forfeitures used to reduce the 2020 Company contributions. During 2020, there were $41,681 of forfeitures used to reduce the 2019 Company contributions.

### *Partial Plan Termination*

Due to a reduction in force at the Company, a partial Plan termination occurred in 2020. All affected participants became fully vested in their Company contributions.

## 2. Summary of Significant Accounting Policies

### *Basis of accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

### *Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

### *Investments valuation and income recognition*

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes receivable from participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

***Payment of benefits***

Benefits are recorded upon distribution.

***Administrative expenses***

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

***Reclassifications***

Certain amounts from the prior year were reclassified to conform to the current year presentation. These reclassifications did not affect the prior year change in net assets available for benefits.

***Subsequent events***

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

## 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

**Level 1:** Observable inputs such as quoted prices in active markets.

**Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.

**Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

***Mutual funds and money market funds***
Mutual funds and money market funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the individual securities are traded.

***Self-directed brokerage accounts***
Accounts primarily consist of stocks, bonds, mutual funds, and government securities that are valued on the basis of readily determinable market prices.

***Common collective trust funds***
These funds are valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practice expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

| | **Assets at Fair Value as of December 31, 2020** | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds | **$ 67,354,706** | **$ -** | **$ -** | **$ 67,354,706** |
| Money market funds | **4,411,470** | **-** | **-** | **4,411,470** |
| Self-directed brokerage accounts | **7,123,300** | **-** | **-** | **7,123,300** |
| Total assets in the fair value hierarchy | **$ 78,889,476** | **$ -** | **$ -** | **78,889,476** |
| Investments measured at NAV *(a)* | | | | **16,988,568** |
| Investments at fair value | | | | **$ 95,878,044** |

| | **Assets at Fair Value as of December 31, 2019** | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Mutual funds | $ 62,465,476 | $ - | $ - | $ 62,465,476 |
| Money market funds | 3,305,658 | - | - | 3,305,658 |
| Self-directed brokerage accounts | 4,854,421 | - | - | 4,854,421 |
| Total assets in the fair value hierarchy | $ 86,007,619 | $ - | $ - | 70,625,555 |
| Investments measured at NAV *(a)* | | | | 15,382,064 |
| Investments at fair value | | | | $ 86,007,619 |

(a) *In accordance with GAAP, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| | Fair Value at December 31, 2020 | Fair Value at December 31, 2019 | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|---|
| Common collective trust funds | **$ 16,988,568** | $ 15,382,064 | None | Daily | 12 months |

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair valuueue m me measurement at the reporting date.

## 4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

| | 2020 | 2019 |
|---|---|---|
| Investments at fair value | **$ 95,878,044** | $ 86,007,619 |
| Notes receivable from participants | **$ 631,838** | $ 860,741 |
| Net appreciation in fair value of investments | **$ 8,555,712** | |
| Other income | **$ 948,117** | |
| Interest and dividends | **$ 2,477,347** | |
| Interest income on notes receivable from participants | **$ 30,192** | |

## 5. Exempt Party-In-Interest Transactions

Certain Plan investments are units in funds managed by Charles Schwab. Charles Schwab is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of return earned on each fund. Fees paid to the trustee by the Plan for administrative services were $6,177 for the year ended December 31, 2020.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

## 7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype non-standardized profit sharing plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 19, 2014 that the prototype non-standardized profit sharing plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 8. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

***COVID-19***

In March 2020, the World Health Organization declared the outbreak and spread of COVID-19, a novel strain of coronavirus, a pandemic. The coronavirus outbreak has had far reaching and unpredictable impacts on the global economy, supply chains, financial markets, and global business operations of a variety of industries. Governments have taken substantial action to contain the spread of the virus including mandating social distancing, suspension of certain gatherings, and shuttering of certain nonessential businesses.

There is significant uncertainty in the nature and degree of its continued effects on the Plan. The extent to which it will impact the Plan going forward will depend on a variety of factors including the duration and continued spread of the outbreak, impact on the Company's customers, employees and vendors, as well as governmental, regulatory, and private sector responses. Further, the pandemic may have a significant impact on management's accounting estimates and assumptions. The financial statements do not reflect any adjustments as a result of the increase in economic uncertainty.
