RAISING CANE'S RCO 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Plan Description

The following description of the Raising Cane's RCO (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees of the Company, who have completed 90 days of service. The Plan was formed on January 1, 2016 and formally began operating on July 1, 2016. Anyone who was employed on or before July 1, 2016 is eligible to participate in the Plan immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may authorize payroll deductions up to 100% of pretax compensation, as defined by the Plan, up to the IRS limitation, not to exceed \$19,500 for 2020. Participants who have attained age 50, before the end of the Plan year are eligible to make catch-up contributions to the Plan of an additional \$6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The company makes a safe harbor matching contribution of 100% of the first 3% plus 50% of the next 2% of eligible compensation for eligible participants. For 2020 and 2019, the company made safe harbor matching contributions of \$179,704 and \$172,598, respectively.

Participant Accounts

Each participant's account is credited with the participant's and employer's contributions and allocations of (a) the Plan earnings, and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% (4.25% for the year ended December 31, 2020). Principal and interest is paid through bi-weekly payroll deductions.

Notes to Financial Statements

December 31, 2020 and 2019

Plan Description (continued)

Vesting

Participants are vested immediately in their contributions and employer safe harbor contributions, plus actual earnings thereon. Vesting in the Company's profit sharing portion of their accounts plus actual earnings thereon is based on the elapsed time method and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Participants become eligible for the vested portion of their account balance upon retirement, death, permanent or total disability and termination from the Company. A participant may elect to receive a lump sum payment in the amount of the vested interest in the participant's account.

Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value Measurements footnote for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

RAISING CANE'S RCO 401(K) PLAN

Notes to Financial Statements

December 31, 2020 and 2019

Summary of Significant Accounting Principles (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement.

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Fair Value Measurements (continued)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily.

Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Investments at fair value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,691,606	\$ -	\$ -	\$ 1,691,606
*Stable Value Fund	-	-	-	32,661
Total Investments	<u>\$ 1,691,606</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,724,267</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Investments at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

Fair Value Measurements (continued)

** The Stable Value Fund, which is measured at fair value using the net asset value per share (or its equivalent) practical expedient, has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. There were no unfunded commitments or liquidity or redemption restrictions related to the Common/Collective Trust.*

Investments in the Stable Value Fund can be redeemed immediately at the participant level. The Plan is required to provide a 12 month notice to the fund in order to terminate their entire investment interest at the current net asset value per share based on the fair value of the underlying assets. If the Plan offers a "competing fund," participants are required to invest in a "noncompeting fund" for at least 90 days before transferring into the "competing fund" option. The fair value of investments in this category has been estimated using net asset value per share of the investments.

Party-in-Interest Transactions

Party-in-Interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$1,860 and \$1,433 of administrative fees to the Trustee for the years ended December 31, 2020 and 2019, respectively. The Company provides certain administrative services at no cost to the Plan.

Participant notes receivable and the interest payments received qualify as a party-in-interest transaction.

Tax Status

The Company adopted a prototype standardized profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statement of Net Assets Available for Benefits.

Plan Termination

The Plan will terminate operation in 2021 with the sale of RCO Store One, LLC to a third party. Termination of the Plan is subject to the provisions set forth in ERISA and all participants will be 100% vested in their accounts.

Notes to Financial Statements

December 31, 2020 and 2019

Prior Period Adjustment

During 2020, it was determined that the 2019 participant note receivable balance was understated at December 31, 2019. Accordingly, the 2019 statement of net assets available for benefits and statement of changes in net assets available for benefits was restated to increase the participant note receivable and decrease distributions by \$16,284.

Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 to Form 5500:

	2019
Net assets available for benefits per financial statements	\$ 1,336,695
Less: deemed distribution in error	(16,284)
Net assets available for benefits per Form 5500	<u>\$ 1,320,411</u>

The following is a reconciliation of net changes in assets available for benefits per the financial statements at December 31, 2020 to Form 5500:

	2020
Net increase per financial statements	\$ 410,032
Add: deemed distribution in error	16,284
Net increase per Form 5500	<u>\$ 426,316</u>

Corrective Contributions

The Plan experienced operational failures in 2020 and 2019. The Company did not calculate the employee contribution or employer matching contribution on certain eligible wages. The financial statements reflect a receivable from the Company for the resolution of the operational failure. The Company is self-correcting the operational failure under the IRS self-correction guidelines. The Company believes that the matter identified for remediation would not cause the Plan to be disqualified by the IRS; therefore, no provision for income taxes have been included in the Plan's financial statements. The Plan has recorded a receivable in the amount of \$921 and \$11,448 as of December 31, 2020 and 2019, respectively, to correct the deficiencies. The Plan was amended effective January 1, 2020 to change the definition of Plan compensation to exclude certain pay and fringe benefits. The Company failed to remit participant withholdings to the Plan in a timely manner. The Company will follow the IRS self-correction guidelines. The Plan recorded a receivable for lost earnings in the amount of \$40.

Notes to Financial Statements

December 31, 2020 and 2019

COVID-19

Effective April 5, 2020 the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 1, 2020, the Plan adopted the temporary loan repayment deferral provision for the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Subsequent Events

The Plan evaluated subsequent events through October 12, 2021, the date the financial statements were issued. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value since December 31, 2020. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

The Plan will terminate operation in 2021 with the sale of RCO Store One, LLC to a third party. Termination of the Plan is subject to the provisions set forth in ERISA and all participants will be 100% vested in their accounts.
