#### Note 1 - Plan Description

The following description of ThyssenKrupp Elevator Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan covering all eligible employees of certain subsidiaries, divisions, or affiliated entities of TK Elevator Corporation (formerly thyssenkrupp Elevator Americas Corporation) (the "Company"). All employees who have attained the age of 18, are not covered by a collective bargaining agreement (unless the agreement specifically provides for participation in the Plan), and are not nonresident aliens with no income from sources within the United States are eligible to participate in the Plan. Eligible employees hired or rehired on or after August 1, 2006 are automatically enrolled to contribute at 5 percent of compensation, unless they elected otherwise within the allowable time period, as specified by the Company. For all other eligible employees, participation is voluntary and effective the first day of the first payroll period following the date the eligibility requirements discussed above are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

##### **Contributions**

Employee contributions represent a percentage of such eligible participants' pretax earnings, as defined in the plan agreement, and are subject to the limits imposed by the Internal Revenue Code.

During 2020 and 2017, certain employee deferrals were not remitted to the Plan. In addition, during 2020, certain employee deferrals and participant loan payments were remitted to the Plan after the Department of Labor's required time frame. Refer to the schedule of delinquent participant contributions for additional details.

The Plan provides for nondiscretionary employer matching contributions of 100 percent of the first 5 percent of pay contributed by a participant. In addition to the regular employer matching contributions, participants may be entitled to have the Company make a true-up matching contribution on behalf of the participant. The true-up matching contribution, which is paid annually, is designed to make up for any matching contributions that the participant may not have received due to limits or restrictions on his or her pretax contributions.

The Company may also make an annual discretionary profit-sharing contribution to participants as of the last day of the plan year for those who have completed more than 500 hours of service during such year. There were no discretionary profit-sharing contributions for the years ended December 31, 2020 and 2019.

Hourly employees of the Company's Middleton Plant, who are represented by the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers, and Helpers Local S-251, making contributions to the Plan are entitled to an employer match equal to 100 percent of the first 5 percent of pay contributed by the participants, as previously described. In addition, based on the financial performance of the Middleton Plant, the Company may make additional matching contributions to employees hired prior to August 2, 2014 of up to 10 percent multiplied by participant contributions deferred, not to exceed 6 percent of compensation. In order to be eligible for the additional employer matching contribution, each participant must have made contributions during the plan year, have been credited with at least 500 hours of service during the plan year, and be an employee on the last day of the plan year. There were no such contributions for the years ended December 31, 2020 and 2019.

### Note 1 - Plan Description (Continued)

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

#### ***Vesting***

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Participants with a company matching account or company profit-sharing account on or after January 1, 2004 and prior to January 1, 2000 are automatically 100 percent vested in those accounts. Participants first employed by the Company in a position covered by the Plan between January 1, 2000 and January 1, 2004 vest in matching and profit-sharing contributions 20 percent after one year of service and another 20 percent per year thereafter until they become fully vested after five years of service. Notwithstanding the above, a participant's profit-sharing contributions become 100 percent vested upon death, permanent disability, or upon reaching normal retirement age, as defined in the plan agreement.

#### ***Payment of Benefits***

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

#### ***Participant Notes Receivable***

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

In accordance with the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the maximum amount a participant could borrow was increased to \$100,000 or 100 percent of the participant's vested account balance for eligible loans made between March 27, 2020 and September 22, 2020. Loan repayments due between these dates could be delayed for up to one year.

#### ***Hardship Withdrawals***

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document.

In accordance with the Coronavirus Aid, Relief, and Economic Security Act, between March 27, 2020 and December 31, 2020, eligible participants could request a coronavirus-related distribution (CRD) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

#### ***Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. At December 31, 2020 and 2019, forfeited account balances totaled \$218,322 and \$196,543, respectively.

December 31, 2020 and 2019

### Note 1 - Plan Description (Continued)

#### ***Termination***

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. In the event of plan termination, the trustee shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination of the Plan, participants become 100 percent vested in their account balances.

#### ***Party-in-interest Transactions***

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

### Note 2 - Summary of Significant Accounting Policies

#### ***Investment Valuation***

The fair value of the Plan's interest in the master trusts described in Note 4 is based on the beginning of the year value of the Plan's interest in the master trusts, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The master trusts' investments are stated at fair value.

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying assets. The stable value common collective trust fund has certain limitations on withdrawals and exchanges as follows:

Participant directed: Withdrawals made in order to accommodate distributions to participants or transfers to noncompeting investments may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Non-participant directed: Withdrawals directed by a plan sponsor must be preceded by a 12-month written notice to Fidelity Management Trust Company (Fidelity). However, Fidelity may, at its discretion, complete any plan-level withdrawal before the expiration of such 12-month period. No such notice has been given to Fidelity.

There are no additional redemption notice requirements for the other common collective trust funds, and there are no unfunded commitments for any of the common collective trust funds.

Additionally, the master trusts allow participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities and short-term cash. All other investments are valued based on quoted market prices. See Note 5 for additional information.

#### ***Participant Notes Receivable***

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

#### ***Benefit Payments***

Benefits are recorded when paid.

### Note 2 - Summary of Significant Accounting Policies (Continued)

#### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

#### *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

#### *Subsequent Events*

The financial statements and related disclosures include evaluation of events up through and including October 11, 2021, which is the date the financial statements were available to be issued.

### Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year, including master trust information included in Note 4, are based solely on information certified by the Trustee.

### Note 4 - Interest in Master Trusts

During the 2019 plan year and for the period from January 1, 2020 through February 29, 2020, the Plan's investments were in the thyssenkrupp North America, LLC Defined Contribution Master Trust (f/k/a ThyssenKrupp North America, Inc. Defined Contribution Master Trust) (the "thyssenkrupp Master Trust"), which was established for the investment of assets of the Plan and several other thyssenkrupp North America, LLC sponsored benefit plans. Effective March 1, 2020, in preparation of thyssenkrupp North America, LLC's sale of the Company to an unrelated party, all plan assets were transferred to the ThyssenKrupp Elevator Retirement Savings Plan and the ThyssenKrupp Access Retirement Savings Plan Master Trust (the "Elevator Master Trust"), which was established for the investment of assets of the Plan and another plan sponsored by TK Elevator Corporation. The thyssenkrupp Master Trust and Elevator Master Trust are collectively referred to as the "Master Trusts." Each participating plan's interest in the Master Trusts is based on account balances of the participants and their elected investment options. The assets of the Master Trusts are held by Fidelity Management Trust Company.

Investment income and administrative expenses relating to the Master Trusts are allocated to the individual plans based upon their pro rata share in the investments of the Master Trusts. The participants may elect to have a percentage of their contributions allocated to one or more funds.

#### Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

##### Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trusts have the ability to access.

##### Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

December 31, 2020 and 2019

### Note 5 - Fair Value Measurements (Continued)

#### Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trusts' assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Master Trusts' assets measured at fair value on a recurring basis at December 31, 2020 and 2019:
