To the 401k Committee of
White River Cooperative, Inc. 401k Plan
Loogootee, Indiana

Dear 401k Committee Members:

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of White River Cooperative, Inc. 401k Plan (the "Plan") for the year ended December 31, 2020, and have issued our report thereon dated as of the date of this letter. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 7, 2020. Professional standards also require that we communicate to you the following information related to our audit.

QUALITATIVE ASPECTS OF ACCOUNTING PRACTICES

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. There were no new accounting policies adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based upon management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

We encountered no significant difficulties in dealing with management in performing and completing our audit.

CORRECTED AND UNCORRECTED MISSTATEMENTS

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We did not propose any audit adjustments to the Plan's financial statements.

DISAGREEMENTS WITH MANAGEMENT

For purposes of this letter, a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of the audit.

MANAGEMENT REPRESENTATIONS

We have requested certain representations from management that are included in the management representation letter dated as of the date of this letter.

MANAGEMENT CONSULTATIONS WITH OTHER INDEPENDENT ACCOUNTANTS

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

OTHER AUDIT FINDINGS OR ISSUES

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

INTERNAL CONTROL MATTERS

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the first two preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses and another deficiency we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the following deficiencies in the Plan's internal control to be material weaknesses:

Improper Contribution Deferral Rates

During our current year testing of contributions, we noted five participants out of twenty tested where the improper contribution percentage was used due mostly to improper auto enrollment rates or auto escalation.

- Two of these participants were originally auto enrolled into the Plan but their deferrals were not properly increased to 6% when the Plan was amended effective December 1, 2019. They remained at the lower 3% rate until the auto escalation occurred on July 1, 2020 increasing them to the proper 7% amount.
- Two other participants had made elected deferral amounts but were inappropriately increased to 7% deferral as part of the auto-escalation on July 1, 2020.
- Two participants had made a deferral election change that was never reflected in payroll and the incorrect deferral amounts were withheld and remitted to their participant account.

In addition to making all necessary corrections for these participants, we recommend Plan management work with the third party administrator (TPA) to identify any other participants that may need corrected and evaluate procedures surrounding the auto enrollment and auto escalation features to more accurately apply these provisions. We also recommended that Plan management work with ERISA counsel to determine any further actions needed from a compliance perspective.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be a significant deficiency:

Participants Not Receiving Match on Certain Payrolls

During our current year testing of contributions, we noted three participants out of twenty tested where the participants did not receive match contributions on deferrals from two different pay periods in February 2020. We recommend that Plan management work with the TPA to identify any other participants affected by these missed matching contributions and remit the necessary corrective contributions to their accounts.

OUR RECOMMENDATIONS FOR YOUR PLAN

During the course of an audit, we frequently become aware of matters, which are opportunities to strengthen internal controls or improve operating efficiency or effectiveness.

FOLLOW-UP TO RECOMMENDATIONS MADE DURING THE 2019 AUDIT

We would like to briefly follow-up on certain recommendations that were included in our management letter to you dated September 24, 2020.

Proper Compensation

During our prior year audit, we noted several issues related to not using the proper compensation as follows:

- For one out of fourteen participants tested through our contribution test, we noted this employee's match was improperly calculated on a manual payroll check. The HR director manually calculated the compensation amount, payroll taxes, employee deferral and employer match, but overpaid the employer match by improperly calculating it with a cap of 6% of compensation rather than 3% of compensation. We noted similar issues with manual check calculations during the prior year audit. We recommended that Plan management implement additional reviews on calculations of match on manual payroll checks and advances to ensure all eligible compensation is included and proper formulas are used in accordance with plan provisions.
- For three out of fourteen participants tested through our contribution test, we noted these employees did not have their elected deferral withheld on certain bonus payrolls, but two of these three employees did receive employer match contributions on this compensation. The HR director manually calculated the bonus amount and payroll taxes but neglected to withhold the proper deferral contributions or calculate the appropriate match contribution for these participants. We recommended that Plan management review current processes surrounding withholdings on bonus payroll checks to ensure all eligible compensation is included and properly deferred and matched upon.
- For three out of fourteen participants tested through our contribution test, we noted these employees did not receive employee deferrals or employer match on certain time codes that were created during the current year. We recommended that Plan management implement controls that confirm proper setup of new timecodes in the payroll system to ensure they are included in eligible compensation.

We understand that Plan management has worked with the TPA to make all necessary corrections for these matters. We also recommended that Plan management work with ERISA counsel to determine any further actions needed from a compliance perspective. No similar compensation issues were noted during our current year testing.

Improper vesting

During our prior year testing of distributions, we noted three participants out of fourteen tested where the improper vesting percentage was used. We also noted this issue during the previous two audits. The TPA did not include the final year of employment for each employee when calculating the participants' vesting calculations. Because of this omission, each of these employees were paid out at 20% less than what they should have received of their account balances. We recommended that Plan management work with the TPA to correct the distributions of these participants and determine if there are others with this same situation that need corrected. For any participants that are not fully vested at the time of their distribution, we also recommended that review procedures be put into place to ensure participants have received the proper credited years of service and are paid out at the proper vesting percentage. We noted no such issues during the current year audit.

Untimely Deposits of Participant Contributions

During our prior year audit, it was noted that sufficient controls were not in place to ensure participant contributions were remitted to the Plan in a timely manner. The Department of Labor (DOL) requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the company's general assets. During 2019, there were four pay periods where participant contributions and loan repayments were not remitted timely. We recommended that the Plan Sponsor review the procedures involved in the remittance of participant contributions to the Plan and institute the necessary controls to ensure they are remitted timely. During 2020, we noted one small adjustment contribution of \$42 and approximately \$200 in loan repayments that were considered late; however, all other participant contributions were remitted on a timely basis.

This communication is intended solely for the information and use of management, the Board of Directors, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate this opportunity to be of service and extend our thanks to everyone at the Plan Sponsor for their cooperation and assistance. We would be pleased to discuss any of the above matters with you at your convenience.

Very truly yours,

Blue & Co., LLC

REPORT OF INDEPENDENT AUDITORS

To the 401k Committee of
White River Cooperative, Inc. 401k Plan
Loogootee, Indiana

Report on the Financial Statements

We were engaged to audit the accompanying financial statements (modified cash basis) of White River Cooperative, Inc. 401k Plan (the "Plan") which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our disclaimer of opinion is not modified with respect to that matter.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 and Schedule H, Line 4a – Schedule of Delinquent Contributions for the year ended December 31, 2020 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WHITE RIVER COOPERATIVE, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

1. DESCRIPTION OF THE PLAN

The following description of White River Cooperative, Inc. 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which includes a salary reduction feature that meets the requirements of section 401(k) of the Internal Revenue Code ("IRC"), sponsored by White River Cooperative, Inc. ("White River" or the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prior to December 1, 2019, all eligible employees are automatically enrolled in the Plan with a 3% deferral after they have attained the age of 18 and have completed one year of service, unless the employee declines to participate. Effective December 1, 2019, all employees are automatically enrolled in the Plan with a 6% deferral upon hiring and after they have attained the age of 21. Participants enter the Plan on the first day of the month after the eligibility requirements have been met.

Contributions

The Plan permits eligible employees through a salary reduction deferral election to make annual Roth and pre-tax contributions of up to the current Internal Revenue Service limits. Starting December 1, 2019, participants automatically enrolled in the Plan are subject to an annual 1% deferral increase up to a maximum of 10% of pay. Employee rollover contributions are also permitted. White River may make discretionary matching contributions. For the year ended December 31, 2020, White River made matching contributions of 100 percent of employee contributions up to 3 percent of the employee's eligible compensation. Effective December 1, 2019, participants are eligible for matching contributions after completing 90 days of service, where previously it was after one year of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and White River's contributions, as well as allocations of the Plan's earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account. Participants can direct investments in their account into several investment options and are allowed to change investment selections on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in White River's matching contribution portion of their accounts plus actual earnings thereon is

WHITE RIVER COOPERATIVE, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

based on years of continuous service. Using a graduated scale, a participant is 100 percent vested after five years of credited service.

Partial vesting is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loan term may not exceed 60 months unless it is to be used for the purchase of principal residence then it may not exceed 180 months. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 2 percent, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The participant is limited to one active loan at any given time.

Benefits Payment

Upon termination of service due to death, disability or retirement, a participant is entitled to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. The Plan also permits hardship withdrawals and in-service withdrawals subject to certain restrictions as defined in the Plan document.

Administrative Expenses

White River pays a significant amount of the Plan's administrative expenses.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$0. These accounts are used to reduce future employer contributions or pay administrative expenses. During 2020, \$4,836 and \$1,782 were used to reduce employer contributions and pay Plan expenses, respectively.

WHITE RIVER COOPERATIVE, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting. As such, contributions, interest, and dividends are recorded when received and benefit payments, corrective distributions and administrative expenses are recorded when paid. The modified cash basis differs from the cash basis in that investments are recorded at fair value and notes receivable from participants are recorded as receivables (reductions) when the amounts have been advanced to (repaid from) the participant.

Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an allowable method of accounting for employee benefit plans under the reporting requirements of ERISA.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation

The Plan's investments are held in mutual funds and a common/collective trust and reported at fair value. Investments in mutual funds are valued at quoted market prices in the active market. The common/collective trust investments are public investment securities valued using the net asset value (NAV) provided by the investment advisor. Purchases and sales are recorded on a trade-date basis. Interest and dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as a distribution based upon the terms of the Plan document.

WHITE RIVER COOPERATIVE, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

Plan Tax Status

The Plan is a Prototype Non-standardized Profit Sharing Plan with Cash or Deferred Arrangement which has received a favorable opinion letter dated March 31, 2014 from the Internal Revenue Service that the Plan is designed to qualify as being exempt from Federal income taxes. The Plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, as of the date the financial statements were available to be issued there were no audits for any tax periods in progress.

Subsequent Events

Effective September 1, 2021, the Company merged with Premier Ag Co-op, Inc. ("Premier"). Employees will be enrolled in Premier's retirement plan and contributions will no longer be made to the Plan. Management is still determining the appropriate course of action for the Plan.

The Plan has evaluated events or transactions occurring subsequent to the Statement of Net Assets Available for Benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements are available to be issued, which is October 12, 2021.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

WHITE RIVER COOPERATIVE, INC. 401K PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.
- *Common/collective trust*: Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is based on the contract value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate fair value. The underlying investments of the trust are mostly guaranteed investment contracts or synthetic investment contracts issued by insurance companies. The incremental value of the contract itself is based on issuer ratings as determined by credit ratings, which are published by rating agencies and the present value of the change in each contract's replacement cost.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2020 AND 2019

The following table sets forth by level, within the hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

	2020		2019	
	Level 1	Total	Level 1	Total
Mutual funds	<u>\$ 6,018,618</u>	<u>\$ 6,018,618</u>	<u>\$ 4,556,069</u>	<u>\$ 4,556,069</u>
Total assets in the fair value hierarchy	6,018,618	6,018,618	4,556,069	4,556,069
Common/collective trust*	<u>-0-</u>	<u>611,163</u>	<u>-0-</u>	<u>410,555</u>
Investments at fair value	<u>\$ 6,018,618</u>	<u>\$ 6,629,781</u>	<u>\$ 4,556,069</u>	<u>\$ 4,966,624</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net asset available for benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no practical redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common/collective trust	\$ 611,163	N/A	Daily	None
<u>December 31, 2019</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common/collective trust	\$ 410,555	N/A	Daily	None

5. PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, White River and certain others. Professional fees and certain other administration expenses of the Plan were paid by White River.

The investment management fees are paid to Principal Trust Company, the trustee. Principal Life Insurance Company is the third party administrator of the Plan and receives payment from the Plan for these services through reduction of Plan income. Blue & Co., LLC is the independent auditor of the Plan and receives payment from White River. Edward Jones serves as an investment advisor to participants and receives brokerage fees from the Plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, White River has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Employer contributions.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:

	2020	2019

8. CONTINGENCY

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may adversely impact the local, regional, national and global economies. The extent to which COVID-19 impacts the Plan's operating results is dependent on the breadth and duration of the pandemic and could be affected by other factors management is not currently able to predict. Potential impacts include, but are not limited to, reduced employee participation, decreases in Employer discretionary contributions, significant changes in notes receivable from participants, and investment portfolio volatility. Management believes the Plan is taking appropriate actions to respond to the pandemic, however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available to be issued.
