FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2020 AND 2019

INDEPENDENT AUDITORS' REPORT

The Trustee and Plan Administrator
Bartlett and Company Profit Sharing Plan and Trust
Kansas City, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Bartlett and Company Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2020 Financial Statements

Our responsibility is to express an opinion on the 2020 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2020 financial statements.

Auditor's Responsibility for the 2019 Financial Statements

Our responsibility is to express an opinion on the 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2019 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the investment assets held by Fidelity Management Trust Co., the former custodian of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 2019 financial statements, except for comparing the information provided by the former custodian, which is summarized in Note 4 with the related information included in the financial statements.

Disclaimer of Opinion on the 2019 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Opinion on the 2020 Financial Statements

In our opinion, the financial statements referred to above, of Bartlett and Company Profit Sharing Plan and Trust as of December 31, 2020, and for the year then ended, present fairly in all material respects, the net assets available for benefits of the Plan as of December 31, 2020, and the changes in net assets available for benefits for the year ended December 31, 2020, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit of the plan's financial statements as of and for the year ended December 31, 2020 was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets and Schedule of Reportable Transactions- are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Form and Content of the 2019 Financial Statements in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. **Plan**

Other Matter - Spinoff and Merger

As discussed in Note 1 to the financial statements, a portion of this Plan was spun-off and merged into another Plan on December 31, 2019.

BARTLETT AND COMPANY PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

1. DESCRIPTION OF THE PLAN

The following description of the Bartlett and Company Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions. References herein to “Company” include Bartlett Grain Company, L.P.; Bartlett Milling Company, L.P.; Bartlett International, Inc.; Bartlett and Company; and its separate lines of business.

Plan Spin-off and Merger in 2019 – Effective August 1, 2018, the Company entered into a business combination with The Savage Companies (Savage). Control of the Company transferred to Savage. Effective December 31, 2019, all participant-directed assets of this Plan were spun-off and merged into a similar Plan sponsored by Savage – the Savage Companies Retirement & Employee Savings Plan (“Savage Plan”). The amount of the transfer to the Savage Plan was approximately \$49,200,000. The non-participant directed investments remain in this Plan and are in the process of being paid out. After December 31, 2019, no new employees will enter the Plan, and no new contributions will be made to the Plan.

General – The Plan is a defined contribution plan that prior to December 31, 2019, covered substantially all full-time employees of the Company, exclusive of those employees who were covered by a collective bargaining agreement and those who derived their total compensation from commissions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Prior to December 31, 2019, the Plan had a substantial amount of assets that participants could direct to a variety of investments offered by Fidelity Management Trust Company (“Fidelity”). Fidelity was the trustee, a custodian and recordkeeper of the Plan through December 31, 2019 for the participant directed assets. UMB Bank, n.a. is the custodian of the Plan’s non-participant directed assets.

Investments – The remaining non-participant directed investments in the Plan are managed by a third-party investment advisor and reviewed by the Plan’s trustee, an employee of the Company.

Vesting – Participants are fully vested in their voluntary contributions made and allowed by the Plan prior to 1996. Vesting in the remainder of their accounts occurs in 20% increments, with 20% earned after 2 years, 40% earned after 3 years, etc. Full vesting is earned after 6 years of service. Participants are deemed fully vested upon retirement (normally at age 65), death, or permanent disability.

Payment of Benefits – Upon retirement, death, permanent disability, or termination of employment, the vested balance in the employee’s account is paid from the assets of the Plan to the participant or participant’s beneficiary account in the Savage Plan held by Vanguard. This is shown as a Transfer to Other Plan on the Statement of Changes in Net Assets.

Expenses – Substantially all of the Plan’s general and administrative costs are paid by the Company.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, all participants will become fully vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation – The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan utilizes various investment instruments. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Fees charged by the money market fund are deducted from income generated by those investments.

Transfers to Other Plan – Transfers of participant balances to the Savage Plan are reported in the year paid.

Subsequent Events – Subsequent events have been evaluated through October 14, 2021, which is the date the financial statements were available to be issued, and there were no events that required adjustments or disclosures to the financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Money Market Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Limited Partnerships and Pooled Investment Funds – Valued at the fair value of the underlying investments held in the limited partnerships' and investment funds' portfolios, as reported in their audited financial statements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents financial assets that are measured at fair value on a recurring basis at December 31, 2020 and 2019:

Fair Value Measurements Using:			
Level 1	Level 2	Level 3	Fair Value
December 31, 2020:			
Money Market Funds	\$ 171,487	\$ -	\$ 171,487
Total assets in the fair value heirarchy	<u>\$ 171,487</u>	<u>\$ -</u>	<u>171,487</u>
Investments measured at net asset value: (a)			
Pooled investment funds			40,677
Limited partnerships			<u>52,978</u>
Investments measured at fair value			<u>\$ 265,142</u>

Fair Value Measurements Using:			
Level 1	Level 2	Level 3	Fair Value
December 31, 2019:			
Money Market Funds	\$ 184,004	\$ -	\$ 184,004
Total assets in the fair value heirarchy	<u>\$ 184,004</u>	<u>\$ -</u>	<u>184,004</u>
Investments measured at net asset value: (a)			
Pooled investment funds			81,059
Limited partnerships			<u>53,803</u>
Investments measured at fair value			<u>\$ 318,866</u>

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. There are no unfunded commitments for any of the investments below.

Asset	Fair Value		Principal	Redemption Frequency	Redemption Notice Period
	12-31-2020	12-31-2019	Valuation Technique		
Shepherd Fund, Ltd. (b)	52,978	53,803	NAV	Annually	90 days
Fir Tree International Value Fund USTE (b)	1,297	29,160	NAV	Bi-Annually	90 days
Luxor Capital Partners Offshore, Ltd. (b)	39,380	51,899	NAV	Quarterly - 25%	90 days
Total Fair Value	<u>\$ 93,655</u>	<u>\$ 134,862</u>			

- b. These funds continue to be redeemed. The Plan will receive periodic proceeds from the funds until fully redeemed.

All limited partnerships and pooled investment funds determine net asset value as of the last business day of each month.

4. INFORMATION CERTIFIED BY THE TRUSTEE/CUSTODIAN AT DECEMBER 31, 2019

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA for the 2019 audit. Accordingly, Fidelity Management Trust Company, the former trustee and a former custodian of the Plan, certified that the data included in the 2019 financial statements (which included the statement of net assets at December 31, 2019, and the statement of changes for the year ended December 31, 2019) was complete and accurate with respect to investments as of December 31, 2019 (of which there were none with Fidelity at December 31, 2019 as they were all transferred to the Savage Plan) and the related investment activity on those participant-directed investments for the year ended December 31, 2019.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

5. TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan on January 1, 2018 which received a favorable Opinion Letter from the Internal Revenue Service dated March 31, 2014. The Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
