ANNA MARIA OF AURORA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of Plan:

The following brief description of the Anna Maria of Aurora, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan, established on January 1, 2016, covering substantially all employees of Anna Maria of Aurora, Inc. and affiliated entities (the "Company"), who have completed sixty days of service. Furthermore, the Plan excludes employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, as well as nonresident aliens, leased employees and PRN employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by trustees who are appointed by the Company. The trustees are responsible for oversight of the Plan. The trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The Plan adopted the distribution provision of the CARES Act that allows participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Any of the optional features from the recent law changes that are adopted by the Plan will require written amendments at a later date in accordance with applicable law and IRS guidance.

Contributions:

Participants may elect to contribute a portion of their compensation (as defined) to the Plan on a pre-tax or after-tax basis (Roth). The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions to each participant's account. The Company's discretionary matching contribution is based on a percentage of the participant's contribution. The Company's discretionary matching contribution is 20% of the participant's contributions, limited to the first 5% of the participant's compensation in 2020 and 2019. The matching contributions totaled \$38,157 (\$42,195 less forfeitures of \$4,038) in 2020 and \$37,297 (\$41,405 less forfeitures of \$4,108) in 2019.

The Plan also has a discretionary profit sharing contribution feature. The profit sharing contribution is allocated in proportion to compensation. There was no profit sharing contribution for 2020 or 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of the Company's discretionary profit sharing contributions and Plan earnings. Each participant's account is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant compensation, earnings or account balances, as defined.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's contribution portion of their accounts based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0 – 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures of nonvested accounts are retained in the Plan may be used to reduce employer contributions including matching contributions. Forfeitures totaling \$4,038 in 2020 and \$4,108 in 2019 were used to reduce employer matching contributions. Forfeited accounts amounted to \$4,039 at December 31, 2020 and \$2,748 at December 31, 2019.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death, and are distributed in a single lump sum or direct rollover to another qualified plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

2. Summary of significant accounting policies:

Notes receivable from participants:

Participants may borrow from their account. The minimum loan is \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested balance reduced by any outstanding loan balance on the date the new loan is made. Repayment of the loan must be made over a period not to exceed five years, unless the loan is used to purchase principal residence, in which case the loan must be repaid over a reasonable period as determined by the plan administrator. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rates on the notes ranged from 5.00% to 6.00% at December 31, 2020 and 2019. Principal and interest are paid through biweekly payroll deductions. The outstanding balance of loans was \$1,236 at December 31, 2020 and \$2,723 at December 31, 2019.

Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are reported at fair value as provided by Capital Bank and Trust Company ("Capital"), the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Company's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

ANNA MARIA OF AURORA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

2. Summary of significant accounting policies (continued):

Expenses:

Certain expenses are paid by the Plan via an allocation to each participant's account and are included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Additionally, investment related expenses are included in net appreciation in fair value of investments.

New accounting pronouncements:

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, Changes to the Disclosure Requirements for Fair Value Measurements. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. This has been implemented for the year ended December 31, 2020 with no significant impact on the financial statements.

3. Investments:

The following table presents the fair value of investments at December 31, 2020 and 2019. All investments of the Plan were participant-directed at December 31, 2020 and 2019.

	<u>2020</u>	<u>2019</u>
Mutual funds	\$ 1,491,279	\$ 1,085,537
Money market fund	<u>144,375</u>	<u>102,636</u>
	<u>\$ 1,635,654</u>	<u>\$ 1,188,173</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ANNA MARIA OF AURORA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

4. Fair value (continued):

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2020 and 2019.

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The money market fund is valued at its face value, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31, 2020 and 2019:

	2020 <u>(Level 1)</u>	2019 <u>(Level 1)</u>
Mutual funds	\$ 1,491,279	\$ 1,085,537
Money market fund	<u>144,375</u>	<u>102,636</u>
	<u>\$ 1,635,654</u>	<u>\$ 1,188,173</u>

YEARS ENDED DECEMBER 31, 2020 AND 2019

5. Certified investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest and dividends for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital, in accordance with Section 2520.103-5 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA.

6. Party-in-interest transactions:

All Plan investments are managed by American Funds, who is an affiliate of Capital and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the vested balance in the participant's account and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest.

7. Tax status:

On March 31, 2014, the IRS stated that the volume submitter plan adopted by the Plan qualifies under the appropriate section of the Code. The Plan has not received a determination letter specific to the Plan itself.

Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan termination:

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan were to terminate or partially terminate, all participants would become 100% vested in their accounts.

ANNA MARIA OF AURORA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

10. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2021, the date the Plan's financial statements were available to be issued.
