1. PLAN DESCRIPTION

The following description of the Invivoscribe, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Invivoscribe, Inc. ("Plan Sponsor"), and the Plan is a qualified defined contribution plan under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan Sponsor has contracted with Great-West Trust Company, LLC to provide Plan record keeping and investment services and to serve a custodian of the Plan's assets. The trustees of the Plan are officers and directors of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

The Plan is a defined contribution plan covering all employees, who are age 21 or older, except for employees who are members of a union who bargained separately for retirement plans, leased employees, independent contractors, or employees who are nonresident aliens. There is no service requirement for elective contributions including Roth contributions. For purposes of sharing in all other contributions, there is a service requirement of six months.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan with the maximum defined by Internal Revenue Service ("IRS") regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor may make discretionary matching or profit-sharing contributions as determined annually.

The Plan Sponsor may decide before the beginning of each Plan year, to make Safe Harbor matching contributions. The Plan Sponsor would contribute one dollar for each dollar saved by a participant up to three percent of compensation. In such event, the Plan Sponsor will also contribute an additional 50 cents for each dollar that each participant saves in excess of three percent of compensation but not more than five percent of compensation. The Plan Sponsor elected to make Safe Harbor matching contributions of $559,461 for the year ended December 31, 2020.

Participants direct their contributions and their allocated share of employer contributions, if any, into a variety of investment options as offered by the Plan and can change their investment options at any time.

1. PLAN DESCRIPTION (continued)

Participant Accounts

Each participant's account is composed of the participant's contributions, employer matching contributions, allocations of any Plan Sponsor's discretionary contributions (subject to vesting), and Plan earnings, and is offset each period by an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to retirement, death or disability, a participant or their beneficiary may elect to receive either a qualified joint or survivor life annuity, another form of annuity or a lump-sum amount equal to the value of the participant's vested interest in his account. Upon termination of service for other reasons, a participant may receive the value of their vested interest as a lump-sum distribution or direct transfer to another qualified plan.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balances in the Plan, subject to certain restrictions and limitations set forth in the Plan document. Loan terms range from one to five years for personal loans and up to 20 years as established by the Plan Administrator for the purchase of a primary residence. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. If a participant has an outstanding loan balance at the time their employment terminates, the entire outstanding principal and accrued interest is immediately due and payable. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Notes receivable from participants as of December 31, 2020 and 2019 bear interest rates between 4.25% and 6.50% and mature through April 2047. Principal and interest on participant loans are paid ratably through payroll deductions.

Vesting

Participants are vested immediately in their contributions and Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary contribution portion of their account is based on the number of years of continuous service. A participant is 100% vested after six years of credited service. Any amount not vested upon a participant's separation from service is forfeited.

Forfeitures

Forfeitures of terminated participants' nonvested accounts may be used to pay administrative expenses of the Plan at the Plan Administrator's discretion, or may be applied as employer contributions to the Plan, if any. During the plan year ended December 31, 2020 and 2019, forfeitures were used to pay audit, legal and other expenses and $3,013 and $2,969 were reallocated to participant accounts, respectively. The forfeiture balance as of December 31, 2020 and 2019 was $1,361 and $5,825, respectively.

1. PLAN DESCRIPTION (continued)

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed in law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to $100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up till December 31, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.

- Participant loans - Participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

- Participant loans - Participants may have borrowed up to $100,000 during 2020 (an increase from $50,000 previously permitted), these repayments may be delayed to 2021.

- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

Plan Termination

It is the intention and expectation of the Plan Sponsor that the Plan will be continued indefinitely; however, continuation of the Plan is not assumed as an obligation of the Plan Sponsor. The Plan may be amended, terminated or Plan Sponsor contributions may be discontinued at any time. A complete discontinuance of contributions will constitute a termination subject to the provisions of ERISA. If the Plan is terminated, participants will become fully vested in the entire balance of their accounts, regardless of their years of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan will distribute the 2020 excess contributions to the applicable participants during 2021.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Management has adopted the provisions of this new standard for the year ended December 31, 2020.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 12, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIANS

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Great-West Trust Company, LLC and Great-West life & Annuity Company, LLC, the custodians of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

4. FAIR VALUE MEASUREMENTS (continued)

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth the Plan's investment assets at fair value by level within the valuation hierarchy as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	Total
Mutual funds	$ 11,545,728	$ 11,545,728
Total investments at fair value	$ 11,545,728	$ 11,545,728

Assets at Fair Value as of December 31, 2019

	Level 1	Total
Mutual funds	$ 9,541,335	$ 9,541,335
Total investments at fair value	$ 9,541,335	9,541,335

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers an investment option of a group annuity contract with Great-West Life & Annuity Company that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.2 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC

2. Premature termination of the contracts

3. Plan termination or merger

4. Changes to the Plan's prohibition on competing investment options

5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. ADMINISTRATION OF PLAN ASSETS

The Plan's assets are administered under a contract with Great-West Life & Annuity Insurance Company, an affiliate of Great-West Trust Company, LLC, one of the custodians of the plan. Great-West Trust Company, LLC invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are managed by Great-West Trust Company, LLC or Great-West Life & Annuity Company, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

8. QUALIFIED NON-ELECTIVE EMPLOYER CONTRIBUTION

During 2020, the Plan Sponsor determined that certain participant contributions during the period ended December 31, 2019 had not been made in accordance with the respective participant’s deferral authorization and that the related employer matching contributions had not been remitted. The Plan Sponsor corrected the operational error in September 2020 in accordance with the Employee Plans Compliance Resolution System, as issued by the IRS. The amount owed by the Plan Sponsor to correct this error of $4,435 was recorded as an employer contribution receivable at December 31, 2019, and in 2020, the Plan Sponsor contributed this amount, plus related estimated lost earnings to the Plan.

9. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2020 and 2019, the Plan had investments of $5,878,394 and $4,595,402, respectively, that were concentrated in 3 funds.
