Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Valhalla Holdings, Inc. Employee Stock Ownership Plan and Trust as of December 31, 2018, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

VALHALLA HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2018 AND 2017 AND FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE 1-DESCRIPTION OF PLAN

The following description of the Valhalla Holdings, Inc. Employee Stock Ownership Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Income Tax Status

The Plan is a leveraged employee stock ownership plan qualifying under Section 401(a) and defined in Section 4975(e)(7) of the Internal Revenue Code and is, therefore, exempt from income taxes. Established in January 1, 2009, the Plan provides for retirement benefits and is subject to the provisions of the Employee Income Security Act of 1974 (ERISA), as amended. The Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt. All employees who meet certain eligibility service requirements may elect to participate in the Plan.

In prior years, the Plan purchased 2,000 shares of common stock of Woda Cooper Companies, Inc. (the "Company") (formerly known as Valhalla Holdings, Inc.) with four (4) notes payable totaling \$4,500,000 to the previous shareholders. The Plan holds the common stock in a trust established under the Plan provisions. As the Company makes contributions to the Plan, an appropriate percentage of common stock will be allocated to eligible participants' accounts in accordance with applicable regulations under the Code.

Participant Accounts and Forfeitures

The Plan Administrator shall maintain or cause to be maintained under the Plan the following accounts in the name of each participant:

ESOP Stock Account - reflects shares of Company Stock allocated to each participant

ESOP Cash Account - reflects assets other than Company Stock allocated to each participant

Loan Suspense Account - reflects the Financed Shares acquired by the Trustee with Proceeds of a Company Stock Acquisition Loan

The portion of a participant's accounts that is not distributable to him/her on his/her Settlement Date by reason of the provisions of Section 10.2 shall become a "Forfeiture" on the last day of the Plan Year in which such participant has incurred five (5) consecutive One Year Breaks of Service. The amount deemed as Forfeitures will be reallocated for such Plan Year in accordance with the provisions of Section 4.1.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) AS OF DECEMBER 31, 2018 AND 2017 AND FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE 1-DESCRIPTION OF PLAN (CONTINUED)

Vesting and Reinstatement

A participant is 100% vested after three (3) years of credited services. If a participant who is not 100% vested terminates employment with the Employer and then returns to employment with the Employer prior to receiving any distributions of his/her Accounts and prior to incurring five (5) consecutive One Year Breaks in Service, his/her account shall cease to be subject to forfeiture from his/her earlier termination of employment.

Payment of Benefits

On termination of service due to death, total and permanent disability, distribution of the Participant's Accounts will commence on or about the 180th day following the end of the Plan Year in which the Participant's Settlement Date occurs. For Resignation or Dismissal, refer to the Plan Documents.

Plan Termination

Although the Company has not expressed intent to discontinue participation in the Plan, the Plan will terminate on any date specified by the Company. The Plan will terminate as to an individual Employer on the date it is terminated by that Employer if thirty (30) days advance written notice of termination is given to the Plan Administrator, the Trustee and the other Employers.

NOTE 2-SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights to allocated stock ("allocated") and (b) stocks not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) AS OF DECEMBER 31, 2018 AND 2017 AND FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE 2-SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition

The Plan's investments are valued and reported at fair value. Fair value is the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. See Note 4. The Plan presents the net appreciation (depreciation) in the fair value of its investments in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are reflected on a trade-date basis, if applicable. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Accounting for uncertainty in income taxes

The Plan is subject to the Income Taxes topic of the FASB *Accounting Standards Codification* ("ASC") 740, which provides guidance for how uncertain income tax positions should be recognized, measured, presented and disclosed in the financial statements. The Plan is required to evaluate the income tax positions taken or expected to be taken to determine whether the positions are "more-likely-than-not" to be sustained upon examination by the applicable tax authority. The Plan has determined that the application of the Income Taxes Standard does not impact the operations of the Plan and that no provision for income tax is required in the Plan's financial statements. There has been no interest or penalties recognized in the Plan's Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017 or its Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018. Generally, federal and state returns are subject to examination for three years after the later of the original or extended due date or the date filed by the applicable tax authorities.

NOTE 2-SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurements

The Plan is subject to the Fair Value Measurements topic of the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements (ASU 2010-06)*. ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and requires a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimated Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reason for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and presents information regarding the purchases, sales, issuance, and settlements of Level 3 assets and liabilities on a gross basis.

In August 2018, FASB issued ASU No. 2018-13 to modify the disclosure requirements on fair value measurements in FASB ASC 820. FASB ASU 2018-13 contains amendments that remove, modify or add disclosure requirements including those relating to: transfers between levels of the fair value hierarchy, level 3 fair value measurements and entities that calculate net asset value. The amendments in FASB ASU 2018-13 are effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted; however, management has elected to not adopt for these financial statements.

Subsequent events

The Plan Administrator performed an evaluation of the Plan's activity through October 14, 2019, the audit report date, and has concluded that there are no significant subsequent events that require disclosure through the date these financial statements were available to be issued.

NOTE 3-INVESTMENTS

The Plan's investments in the Company's common shares at December 31 are as follows:

Common Shares as of December 31, 2018:

	<u>Units Held</u>	<u>Value</u>
Investments - Common stock, at fair value	20,000	<u>\$ 7,140,000</u>

Common Shares as of December 31, 2017:

	<u>Units Held</u>	<u>Value</u>
Investments - Common stock, at fair value	20,000	<u>\$ 7,060,000</u>

For the year ended December 31, 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Net appreciation (depreciation) in fair value of investments	<u>\$ 80,000</u>

NOTE 4-FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The following provides a description of the three levels of inputs that may be used to measure fair value under the standard, the types of plan investments, if applicable, that fall under each category, and the value methodologies used to measure these investments at fair value.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observables or can be corroborated by observable market data substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability. These inputs reflect the Plan's own assumption about the assumptions a market participant would use in pricing the asset or liability.

Common stock - these investments are valued at fair value, which includes considerations for the Company's cash flows, investments in its subsidiaries, cash and other assets, and interest-bearing debt, coupled with the lack of marketability for the Company's shares held by the Plan.

The Plan's policy for determining the timing of significant transfers between the three levels of inputs is at the end of the reporting period.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2018 AND 2017 AND FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE 1-DESCRIPTION OF PLAN

The following description of the Valhalla Holdings, Inc. Employee Stock Ownership Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Income Tax Status

The Plan is a leveraged employee stock ownership plan qualifying under Section 401(a) and defined in Section 4975(e)(7) of the Internal Revenue Code and is, therefore, exempt from income taxes. Established in January 1, 2009, the Plan provides for retirement benefits and is subject to the provisions of the Employee Income Security Act of 1974 (ERISA), as amended. The Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt. All employees who meet certain eligibility service requirements may elect to participate in the Plan.

In prior years, the Plan purchased 2,000 shares of common stock of Woda Cooper Companies, Inc. (the "Company") (formerly known as Valhalla Holdings, Inc.) with four (4) notes payable totaling \$4,500,000 to the previous shareholders. The Plan holds the common stock in a trust established under the Plan provisions. As the Company makes contributions to the Plan, an appropriate percentage of common stock will be allocated to eligible participants' accounts in accordance with applicable regulations under the Code.

Participant Accounts and Forfeitures

The Plan Administrator shall maintain or cause to be maintained under the Plan the following accounts in the name of each participant:

ESOP Stock Account - reflects shares of Company Stock allocated to each participant

ESOP Cash Account - reflects assets other than Company Stock allocated to each participant

Loan Suspense Account - reflects the Financed Shares acquired by the Trustee with Proceeds of a Company Stock Acquisition Loan

The portion of a participant's accounts that is not distributable to him/her on his/her Settlement Date by reason of the provisions of Section 10.2 shall become a "Forfeiture" on the last day of the Plan Year in which such participant has incurred five (5) consecutive One Year Breaks of Service. The amount deemed as Forfeitures will be reallocated for such Plan Year in accordance with the provisions of Section 4.1.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) AS OF DECEMBER 31, 2018 AND 2017 AND FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE 1-DESCRIPTION OF PLAN (CONTINUED)

Vesting and Reinstatement

A participant is 100% vested after three (3) years of credited services. If a participant who is not 100% vested terminates employment with the Employer and then returns to employment with the Employer prior to receiving any distributions of his/her Accounts and prior to incurring five (5) consecutive One Year Breaks in Service, his/her account shall cease to be subject to forfeiture from his/her earlier termination of employment.

Payment of Benefits

On termination of service due to death, total and permanent disability, distribution of the Participant's Accounts will commence on or about the 180th day following the end of the Plan Year in which the Participant's Settlement Date occurs. For Resignation or Dismissal, refer to the Plan Documents.

Plan Termination

Although the Company has not expressed intent to discontinue participation in the Plan, the Plan will terminate on any date specified by the Company. The Plan will terminate as to an individual Employer on the date it is terminated by that Employer if thirty (30) days advance written notice of termination is given to the Plan Administrator, the Trustee and the other Employers.

NOTE 2-SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights to allocated stock ("allocated") and (b) stocks not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) AS OF DECEMBER 31, 2018 AND 2017 AND FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE 2-SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition

The Plan's investments are valued and reported at fair value. Fair value is the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. See Note 4. The Plan presents the net appreciation (depreciation) in the fair value of its investments in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are reflected on a trade-date basis, if applicable. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Accounting for uncertainty in income taxes

The Plan is subject to the Income Taxes topic of the FASB *Accounting Standards Codification* ("ASC") 740, which provides guidance for how uncertain income tax positions should be recognized, measured, presented and disclosed in the financial statements. The Plan is required to evaluate the income tax positions taken or expected to be taken to determine whether the positions are "more-likely-than-not" to be sustained upon examination by the applicable tax authority. The Plan has determined that the application of the Income Taxes Standard does not impact the operations of the Plan and that no provision for income tax is required in the Plan's financial statements. There has been no interest or penalties recognized in the Plan's Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017 or its Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018. Generally, federal and state returns are subject to examination for three years after the later of the original or extended due date or the date filed by the applicable tax authorities.

NOTE 2-SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurements

The Plan is subject to the Fair Value Measurements topic of the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements (ASU 2010-06)*. ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and requires a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimated Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reason for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and presents information regarding the purchases, sales, issuance, and settlements of Level 3 assets and liabilities on a gross basis.

In August 2018, FASB issued ASU No. 2018-13 to modify the disclosure requirements on fair value measurements in FASB ASC 820. FASB ASU 2018-13 contains amendments that remove, modify or add disclosure requirements including those relating to: transfers between levels of the fair value hierarchy, level 3 fair value measurements and entities that calculate net asset value. The amendments in FASB ASU 2018-13 are effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted; however, management has elected to not adopt for these financial statements.

Subsequent events

The Plan Administrator performed an evaluation of the Plan's activity through October 14, 2019, the audit report date, and has concluded that there are no significant subsequent events that require disclosure through the date these financial statements were available to be issued.

NOTE 3-INVESTMENTS

The Plan's investments in the Company's common shares at December 31 are as follows:

Common Shares as of December 31, 2018:

	<u>Units Held</u>	<u>Value</u>
Investments - Common stock, at fair value	20,000	<u>\$ 7,140,000</u>

Common Shares as of December 31, 2017:

	<u>Units Held</u>	<u>Value</u>
Investments - Common stock, at fair value	20,000	<u>\$ 7,060,000</u>

For the year ended December 31, 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Net appreciation (depreciation) in fair value of investments	<u>\$ 80,000</u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED) AS OF DECEMBER 31, 2018 AND 2017 AND FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE 4-FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The following provides a description of the three levels of inputs that may be used to measure fair value under the standard, the types of plan investments, if applicable, that fall under each category, and the value methodologies used to measure these investments at fair value.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observables or can be corroborated by observable market data substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability. These inputs reflect the Plan's own assumption about the assumptions a market participant would use in pricing the asset or liability.

Common stock - these investments are valued at fair value, which includes considerations for the Company's cash flows, investments in its subsidiaries, cash and other assets, and interest-bearing debt, coupled with the lack of marketability for the Company's shares held by the Plan.

The Plan's policy for determining the timing of significant transfers between the three levels of inputs is at the end of the reporting period.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4-FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2018:

	<u>Level 3</u>	<u>Total</u>
Investments - Common stock, at fair value	\$ 7,140,000	\$ 7,140,000

Total assets at fair value	<u>\$ 7,060,000</u>	<u>\$ 7,060,000</u>

NOTE 5-TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 20, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan is qualified and tax-exempt.

NOTE 6-NOTES PAYABLE

The Plan entered into four (4) separate promissory note agreements with previous shareholders on December 31, 2008 to purchase 20,000 common stock shares of Valhalla Holdings, Inc. The loan agreements provide for the loans to be repaid over fifteen (15) years in fifteen annual installments of principal and interest commencing December 15, 2009. The loans bear interest at 5.0% and is secured by the unallocated common shares. The balance of the notes payable, including accrued interest, was \$3,272,111 and \$3,610,196 as of December 31, 2018 and 2017, respectively.

On December 14, 2015, each of the four promissory note agreements were amended via an allonge to change the annual payment date from December 15 to January 5. All principal and interest are due on January 5, 2025.

The Plan invests in Company stock. The Company provides accounting, and administrative services to the Plan for which they receive no compensation.

NOTE 8-OTHER DISCLOSURES

During the year ended December 31, 2018, there were no leases, party-in-interest transactions, or obligations in default which would require disclosure under the Department of Labor Rules and Regulations for Reporting and Disclosures.
