Symphony Talent 401(K) Savings Retirement Plan

Independent Auditor's Report

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of Symphony Talent 401(K) Savings Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule, listed in the foregoing table of contents, as of December 31, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Symphony Talent, LLC 401(K) Savings Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan or the Plan’s Summary Plan Description, not included herein, for a more complete description of the Plan and its provisions.

General

The Plan is a qualified defined contribution plan established for the benefit of the employees of Symphony Talent, LLC (the “Company”). The Company is the sponsor (“Plan Sponsor”) and the administrator (“Plan Administrator”) of the Plan. The Company appointed Fidelity Management Trust Company as the recordkeeper and trustee. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Distributions from the deferral account are not permitted before age 59-1/2 except in cases of death, disability, termination of employment or hardship. Allocations to participants who have withdrawn from the Plan at December 31, 2020 and 2019 were \$0 and \$0, respectively.

Contributions

Unless an eligible employee opts out, eligible employees of Symphony Talent, LLC (the "Company") are automatically enrolled in the plan with a pre-tax, three percent salary deferral. Contributions for participants with an automatic enrollment option have their contribution percentage increased by one percent each year to a maximum of six percent. Participants may elect to contribute up to sixty percent of annual compensations on a pre-tax basis, as defined in the Plan. However, the total salary deferral in any taxable year may not exceed the dollar limit set by law, which was \$19,500 (\$26,000 if over age 50) in 2020.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also provides a Company discretionary matching contribution to the Plan. There were no employer contributions to the Plan for the period ended December 31, 2020.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after zero years of credited service.

Forfeitures

The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account. Unvested Company Matching Account contributions are forfeited after a five-year break in service, or as a result of withdrawal of the vested account following termination of employment. Forfeited Company Matching Account contributions are available to reduce the amount of subsequent employer contributions. If a

former Participant is re-employed prior to five consecutive one-year breaks in service and repays the amount of his/her distribution, then any forfeited employer contributions are restored to his/her account. At December 31, 2020 and 2019, there were forfeited nonvested accounts in the aggregate amounts of \$0 and \$0 respectively. These accounts are reallocated to active participants' accounts.

Benefit Payments and Withdrawals

Withdrawals at Termination

On termination of service due to disability or retirement, a participant has the option to receive a joint and 50% survivor annuity, or a life annuity (if single) or a lump-sum amount equal to the value of the participant's vested interest in his or her account. On termination due to death, the participant's beneficiary will receive the vested account balance as a lump sum distribution. For reason of financial hardship, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

The Plan provides for loan payments to be made not less than quarterly, and for the loan to be amortized on a level basis over a reasonable period of time not to exceed five years. Loans used to acquire a principal residence may be made over a reasonable period of time longer than five years.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, Participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reporting of Fully Benefit-Responsive Investment Contracts

In accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification 962 as relates to fully benefit-responsive investment contracts, the Plan is required to report the Stable Value Fund's investment contracts at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fully benefit-responsive investment contracts of the Stable Value Fund because contract value is the amount Participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the Statements of Net Assets Available for Benefits present the Stable Value Fund's investment contracts at contract value. The Statements of Changes in Net Assets Available for Benefits also presents the Stable Value Fund's activity on a contract value basis. Investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the contract value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Assets and liabilities measured at fair value are categorized into a fair value hierarchy based on whether the inputs to valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's own assumptions about the assumptions market participants would use. The fair value hierarchy includes three levels of inputs that may be used to measure fair value as described below.

Level 1 – Quoted prices in active markets for identical assets or liabilities. Level 1 assets and liabilities include mutual funds that are traded in an active exchange market.

Level 2 – not used.

Level 3 – not used.

The Plan's investments are recorded at fair value. Investments in mutual funds of registered investment companies and common stock are valued based on the quoted net asset value of shares held by the Plan at year end. Investments in common/collective trusts are valued based on the net asset value of units held by the Plan at year end. There are no restrictions on Participant redemptions and there are no unfunded commitments for investments in common/collective trusts. Were the Plan to initiate a full redemption of certain common/collective trusts, however, the trustees of the common/collective trusts could impose restrictions to the extent it is determined a full redemption could disrupt the liquidity or management of the fund.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net realized gains or losses on the sale of investments together with unrealized appreciation or depreciation on investments are presented as net appreciation (depreciation) in fair value of investments in the accompanying Statements of Changes in Net Assets Available for Benefits.

SYMPHONY TALENT 401(K) SAVINGS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Participant Loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants in the Statements of Net Assets Available for Benefits.

Payment of Benefits

Benefit payments to Participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan and allocated to the Participants accounts, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

New Pronouncements

ASU 2018-12 (Part II), *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): Plan Investment Disclosures eliminates the requirement for plans to identify individual investments that represent five percent or more of net assets available for benefits. ASU 2020-12 (Part I and II) is effective for fiscal years beginning after December 15, 2018.

ASU 2020-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement* (Topic 820), eliminates the disclosure for transfers between level 1 and level 2, the valuation process for level 3 fair value measurement, the unrealized gains and losses for recurring level 3 fair value measurements held at the end of the reporting period as well as modifications to reporting on level 3 of the fair value hierarchy. ASU 2018-13 is effective for fiscal years beginning after December 15, 2020.

Date of Management's Review

Subsequent events were evaluated through October 14, 2020, which is the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Personal Trust Company FSB, the Trustee, as of December 31, 2020.

NOTES TO FINANCIAL STATEMENTS

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (continued)

During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,944,736 as follows:

Mutual Funds	1,707,863
Investment Contracts	8,176

4. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan of the administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

7. INVESTMENTS

The following table segregates all financial assets and liabilities as of December 31, 2020 and 2019 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurements.

9. FIDELITY ADVISORS STABLE VALUE FUND

The Plan invests in fully benefit-responsive synthetic guaranteed investment contracts (“synthetic GICs”) through a separate account, the Stable Value Fund. The Stable Value Fund’s primary investment objectives are to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for Participant withdrawals and transfers. To accomplish these objectives, the Stable Value Fund invests primarily in investment contracts also known as synthetic GICs. In a synthetic GIC, the underlying investments are owned by the Stable Value Fund. The Stable Value Fund purchases a wrap contract from an insurance company or bank. The wrap contracts serve to substantially offset the price fluctuations in the underlying investments caused by movements in interest rates. Each wrap contract obligates the contract provider to maintain the “contract value” of the underlying investment. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals (as specified in the wrap agreement). Under the terms of the wrap contract, the realized and unrealized gains and losses of the underlying investments are, in effect, amortized over the duration of the underlying investments through adjustments to the future contract interest crediting rate (which is the rate earned by Participants in the Stable Value Fund for the underlying investments). The wrap contract provides that the adjustments to the interest crediting rate will not result in a future interest crediting rate that is less than zero.

In general, if the contract value exceeds the fair value of the underlying investments (including accrued interest), the wrap provider becomes obligated to pay that difference to the Stable Value Fund in the event that redemptions result in a total contract liquidation. In the event that there are partial redemptions that would otherwise cause the contract’s crediting rate to fall below zero, the wrap provider is obligated to contribute to the Stable Value Fund an amount necessary to maintain the contract’s crediting rate of at least zero percent. The circumstance under which payments are made and the timing of payments between the Stable Value Fund and the wrap provider may vary based on the terms of the wrap contract.

1. The key factors that influence future interest crediting rates include:
2. The level of market interest rates;
3. The amount and timing of Participant contributions, transfers, and withdrawals into/out of the Stable Value Fund;
4. The investment returns generated by the fixed income investments that back the wrap contract;
5. The duration of the underlying fixed income investments backing the wrap contract.

Interest crediting rates are typically reset on a monthly or quarterly basis according to each contract. While there may be slight variations from one contract to another, most contracts use a formula that is based on the characteristics of the underlying fixed income portfolio. Over time, this crediting rate formula amortizes the Stable Value Fund’s realized and unrealized fair value gains and losses over the duration of the underlying investments.

Because changes in market interest rates affect the yield to maturity and the fair value of the underlying investments, they can have a material impact on the contract’s interest crediting rate. In addition, Participant withdrawals and transfers from the Stable Value Fund are paid at contract value but funded through the liquidation of the underlying investments at fair value, which also impacts the interest crediting rate. If the adjustment from fair value to contract value is positive for a given contract, this indicates that the contract value is greater than the market value of the underlying investments. The embedded fair value losses will be amortized in the future through a lower interest crediting rate than would otherwise be the case. If the

adjustment from fair value to contract value is negative, this indicates that the contract value is less than the fair value of the underlying investments. The amortization of the embedded fair value gains will cause the future interest crediting rate to be higher than it otherwise would have been.

The average yield earned by the Stable Value Fund for the synthetic GICs (which may differ from the interest rate credited to Participants in the Stable Value Fund) was .67% for 2020 and 2.34% for 2019. This average yield was calculated by dividing the annualized earnings of all investments in the Stable Value Fund (irrespective of the interest rate credited to Participants in the Stable Value Fund) by the fair value of all investments in the Stable Value Fund.

The average yield credited to Participants in the Stable Value Fund was 2.16% for 2020 and 2.6% for 2019. This average yield was calculated by dividing the annualized earnings credited to Participants for all investments in the Stable Value Fund (irrespective of the actual earnings of the investments in the Stable Value Fund) by the fair value of all investments in the Stable Value Fund.

In certain circumstances, the amount withdrawn from the contract would be payable at fair value rather than at contract value. These events include termination of the Plan, a material adverse change to the provisions of the Plan, the employer elects to withdraw from a contract in order to switch to a different investment provider, or the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrap contract issuer's underwriting criteria for issuance of a clone wrap contract. The Company believes that the events described above that could result in the payment of benefits at fair value rather than contract value are not probable of occurring in the foreseeable future. At December 31, 2020 and 2019 the net asset value of the Stable Value Funds investment in the Stable Value Fund was \$529,234 and \$472,025, respectively.

Examples of events that would permit a wrap contract issuer to terminate a wrap contract upon short notice include the Plan's loss of its qualified status, un-cured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events was to occur, the wrap contract issuer could terminate the wrap contract at the fair value of the underlying investments.

The underlying investments of the Stable Value Fund's synthetic GICs primarily consist of collective trust funds of the Invesco Group Trust for Retirement Savings ("IGT"), a collective trust managed by Invesco National Trust Company. These funds invest in fixed income securities of the highest credit quality, generally AAA.
