LEE & CATES GLASS, INC.
EMPLOYEE SAVINGS & PROTECTION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

1. Description of Plan

The following description of the Lee & Cates Glass, Inc. (the "Company") Employee Savings & Protection Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age twenty-one or older are eligible to contribute to the Plan immediately. The Company's discretionary contributions covers all full-time employees of the Company who have a minimum of one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participating Employers

The following employers have adopted the provisions of the Plan:

Lee & Cates Glass, Inc.
Flat Glass Distributors, LLC.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several pooled separate accounts, which are similar to mutual funds, and an insurance investment contract as investment options for participants. Discretionary contributions may be made for each Plan year in an amount determined by the Company. The amount of discretionary contributions and forfeitures, if applicable, allocated to a person meeting the requirements of the Plan is equal to an amount of the discretionary contribution and forfeiture, if applicable, multiplied by the ratio of such person's annual pay to the total annual pay of all such persons.

Participants may also elect to designate all or any portion of their deferral contributions as Roth elective deferral contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their plan contributions plus actual earnings thereon. Vesting in the Company's contribution portion is based on years of continuous service.

20% after two years of service
40% after three years of service
60% after four years of service
80% after five years of service
100% after six years of service

Participant Loans

Participants may borrow from their fund accounts a minimum loan amount of $500 up to a maximum loan amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest between 5.25% and 8%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. The interest paid on participant loans are applied to the investment accounts as interest income.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. Several other options are available to participants including single life annuities with certain periods of 5, 10 or 15 years; straight life annuities, survivorship life annuities with installment refund and survivor percentages of 50%, 66⅔% or 100%. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

1. Description of Plan (continued)

Forfeited Accounts

Forfeitures may be made available to reinstate previously forfeited account balances of former participants, if any, or be used to satisfy any contributions that may be required due to the omission of an eligible employee or a newly located former participant, or be used to pay administrative expenses of the Plan. Remaining forfeitures shall be allocated to eligible participants' accounts. At December 31, 2020 forfeited non-vested accounts totaled $93. In 2020 and 2019, forfeitures in the amount of $0 and $0, respectively, were applied to Company paid Plan expenses.

Allowance for Notes Receivable from Participants

The Plan makes no provision for loan losses on Participant loans because the loans are fully secured by the participants 401(k) account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan provides for investments in a guaranteed investment contract (GIC) and pooled-separate accounts. The Plan's investments are stated at fair value. In 2020, the Company liquidated the GIC's and invested in the pooled-separate accounts.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Investment management expenses incurred by the Plan are netted against earnings prior to allocation to participant accounts. Transaction charges (for certain benefit payment transactions), short-term trading fees, and certain recordkeeping fees are paid by the Plan by reducing the balances of those participants initiating the transactions.

Administrative expenses of the Plan are paid by the Company.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at the daily closing prices as reported by the fund. Pooled separate accounts held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 93	$ 0	$ 0	$ 93
Pooled separate accounts	6,543,370	0	0	6,543,370
Investments at fair value	$ 6,543,463	$ 0	$ 0	$ 6,543,463

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 2,723	$ 0	$ 0	$ 2,723
Pooled separate accounts	6,254,482	0	0	6,254,482
Investments at fair value	$ 6,257,205	$ 0	$ 0	$ 6,257,205

4. Non-participant –Directed Investments

   There are no net assets relating to non-participant-directed investments.

5. Information Certified by the Plan's Custodian (Unaudited)

   The Plan Administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has instructed us not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company and Transamerica Life Insurance Company, except for comparing such information certified by Principal Life Insurance Company and Transamerica Life Insurance Company to information included in the Plan's financial statements and supplemental schedules.

	2020	2019
Pooled separate accounts	6,543,370	6,254,482
Net appreciation in fair market value	820,623	1,007,667

6. Related Party Transactions

   Certain Plan investments are units of mutual funds managed by Principal Life Insurance Company and Transamerica Life Insurance Company. Principal and Transamerica are the custodians of the Plan's assets and therefore qualifies as a party-in-interest. Fees paid by the Plan for the investment management services amounted to $47,972 and $44,429 for the year ended December 31, 2020 and 2019, respectively.

7. Plan Termination

   Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

   The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. Risks and Uncertainties

   The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

    Subsequent events have been evaluated through October 13, 2021, which is the date the financial statements were available to be issued. No subsequent events were noted which were required to be disclosed in the report.
