Independent Auditor's Report

To the Plan Administrator
TSM Technology Management, Inc. 401(k) Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of the TSM Technology Management, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Great West Life & Annuity Insurance Company and Great West Trust Company, LLC, both qualified institutions, as of December 31, 2020 and for the year then ended, stating that the information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 13, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

The following description of the TSM Technology Management, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan, originally effective January 1, 2013 and most recently restated April 30, 2016, is a defined contribution plan covering all eligible employees of TSM Technology Management, Inc. (the "Company" or "Employer"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code ("IRC"). The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended.

Effective July 31, 2018, the Plan's trust agreement was amended to reflect a change in Trustee from Reliance Trust Company to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the "trustees") of the Plan. The Plan document was restated effective August 1, 2018 and a new Plan document was put into place on that date which supersedes all previous Plan documents.

Eligibility

Participants become eligible to make elective salary deferrals and receive Employer contributions upon reaching age 18 and if they are employed by the Company or any affiliate who has adopted the Plan.

Contributions

Under the Plan document participants may elect to defer up to 100% of their compensation, not to exceed the IRC limitation of $19,500 in 2020. Participants who are 50 years of age or older before the end of the Plan year are eligible to make additional catch-up contributions up to $6,500 to the Plan in 2020. The Plan allows elective deferral contributions to be made as Roth contributions. Participants must designate how much they would like to contribute on a pre-tax basis (normal elective deferral contribution) and how much they would like to contribute as an after-tax Roth contribution. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Plan provides for the Company to make safe harbor matching contributions equal to 100% of a participant's deferral election not to exceed 4% of eligible earnings. During 2020, the Company elected not to provide a nonelective contribution. Under the Plan document, the Plan also provides for the Company to make a profit-sharing contribution to the Plan. A participant will be eligible to receive an allocation if they have completed at least one hour of service during the Plan year. During 2020, the Company elected not to provide a profit-sharing contribution.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance, less any outstanding loan, if applicable. Participants may have up to two loans outstanding at any given time. Interest is charged at the prime rate, as published in *The Wall Street Journal,* plus two percentage points. Loans have

a maximum term of five years unless the loans were used to purchase a primary residence, in which case the loan terms may not exceed 30 years. The loans are collateralized by a security interest in the participants' vested account balances and are repayable via payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching, nonelective contributions, profit-sharing contributions and allocations of investment gains and charged with an allocation of investment losses, benefit payments and administrative expenses upon a distribution event. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollover contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's nonelective or profit-sharing contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

Years of Service	*Vesting Percentage*
Less than 1 year	0%
At least 1 year but less than 2	20%
At least 2 years but less than 3	40%
At least 3 years but less than 4	60%
At least 4 years but less than 5	80%
5 years or more	100%

Upon attaining normal retirement age, death or disability, Company nonelective and profit-sharing contributions vest immediately.

Investment Options

Participants direct the investment of their accounts into various options offered by the Plan. Participants may change their investments periodically as permitted by the Plan sponsor.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, if the participant's vested account balance does not exceed $5,000, the participant may elect to receive the vested account balance in a single lump-sum payment or roll over the distribution to an IRA or another qualified retirement plan. If the vested account balance is more than $1,000 and less than $5,000, and the participant does not make an election, the Plan automatically will roll over the distribution to an IRA designated by the Plan administrator. If the vested balance is less than $1,000 and the participant does not make an election, it will be distributed to the participant in a single lump-sum payment. If the vested balance exceeds $5,000, the participant may elect to receive the vested account balance in a single lump-sum payment, roll over the distribution to an IRA or another qualified retirement plan, receive installments, or defer receiving payments until the age of 70½.

Hardship withdrawals may be requested and are paid in one lump-sum upon approval. In-service distributions may be made to participants who have attained age 59½.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's account balance are forfeited. Forfeitures are used to reduce expenses paid by the Company or reduce the Company's matching contributions. There were no forfeitures used for the year ended December 31, 2020. At December 31, 2020 and 2019, the forfeiture account was $5,043 and $4,992, respectively.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement. Any costs associated with the investment of a participant's account are charged to that participant.

The Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increase of the available loan amount to the lesser of $100,000 or 100% of the participants vested account balance
- Extended the period for loan repayments up to one year
- Updating the minimum required distribution rules

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities

will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Contributions and Contribution Receivables

Contributions are recorded on the accrual method of accounting. Contribution receivables are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the investment funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefit payments to participants are recorded by the Plan when paid.

3. Investments and Information Certified by the Plan's Trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

(a) Investments as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019;

(b) Net appreciation in fair value of participant-directed investments, dividends on investments, other income and interest from notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits;

(c) Investment values disclosed in Notes 4 and 6;

(d) Investments, as reflected in the Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan measures and reports its financial assets and liabilities using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets. Shares held in mutual funds are valued at quoted market prices which represent the net asset value of

shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: The common collective trust funds are valued at the closing net asset value ("NAV") of the units held by the Plan at year end based on information provided and certified by the trustees as the practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The common collective trust funds are not required to be classified within a level of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value:

December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 14,436,951**	**$ -**	**$ -**	**$ 14,436,951**
Common collective trust*				**210,121**
Total	**$ 14,436,951**	**$ -**	**$ -**	**$ 14,647,072**

December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 11,389,429**	**$ -**	**$ -**	**$ 11,389,429**
Common collective trust*				**154,579**
Total	**$ 11,389,429**	**$ -**	**$ -**	**$ 11,544,008**

***** Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. As of December 31, 2020, and 2019, there were no restrictions on redemption or unfunded commitments for any of the major classes of assets, as well as no transfers between Level 1 and 2 investments.

5. Plan Termination

The Company executed a spin-off in April 2019; however, this did not result in a partial plan termination. Although it has not expressed any intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the account of each participant will become fully vested.

6. Investments at Contract Value

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. Interest crediting rate is reset quarterly. As of December 31, 2020 and 2019, the Key Guaranteed Portfolio Fund's fair value equaled its contract value. As described in Note 2, contract value is the relevant measurement attribute for this Fund. The value of the group annuity contract was $313,635 and $213,292 as of December 31, 2020 and 2019, respectively.

7. Tax Status

The Plan sponsor received an opinion letter from the Internal Revenue Service ("IRS") dated September 30, 2014, as part of its adoption of a prototype standardized profit-sharing plan. The letter stated that the Plan was designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

In preparation of its financial statements, the Plan considered subsequent events through October 13, 2021, which was the date the Plan's financial statements were available to be issued.
