Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the L.C. Whitford Co., Inc. 401(K) Plan provides only general information Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering non-union employees of the Company who are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Effective January 1, 2016, the Plan was amended and restated to bring it into compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes. See Note 7 for Plan merger and additional amendments effective April 4, 2018.

Contributions

Each year participants may elect to have compensation deferred by up to the maximum percentage allowable not to exceed the limitations under the Internal Revenue Code applicable each plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate. The default deferral rate is set at 2% of eligible compensation. Effective April 4, 2018, the Moderate Growth model was the designated fund for those contributions until changed by the participant. The Company makes matching contributions equal to 50% of a participant's elective deferral for each payroll period up to 6% of a participant's compensation. The Company also makes a safe harbor non-elective contribution to the Plan in the amount of 3% of each eligible employee's compensation. The compensation of each employee taken into account under the Plan shall not exceed the dollar limitations under the Internal Revenue Code applicable to each plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching and safe harbor contribution, plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. They are also fully vested in the Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their account is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of not more than his or her assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $0 and $16,123, respectively. These accounts will be used to reduced future employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Administration expenses of the Plan are allocated to participant accounts.

Date of Management's Review

Subsequent events were evaluated through October 12, 2021, which is the date the financial statements were available to be issued.

Significant Concentrations of Credit Risk

Account balances for participants who selected the money market deposit account as an investment vehicle are insured by the Federal Deposit Insurance Corporation up to $250,000. At December 31, 2020 and 2019, the Plan had uninsured cash balances totaling $0 and $265,889.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair value of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of corporate bonds are U.S. government securities are valued using a market approach on yields currently available on comparable securities of issues with similar credit ratings.

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include investments in publicly traded registered investment companies, mutual funds, foreign securities, taxable fixed income and tax-exempt fixed income.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments as of December 31, 2020 and 2019:

		Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)
December 31, 2020			
Mutual funds	$ 10,339,427	$ 10,339,427	$ -
Self-directed brokerage accounts	219,029	219,029	-
Money market deposit	40,050	40,050	-
Total investments at fair value	$ 10,598,506	$ 10,598,506	$ -

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

		Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)
December 31, 2019			
Mutual funds	$ 9,200,839	$ 9,200,839	$ -
Money market deposit	570,169	570,169	-
Total investments at fair value	$ 9,771,008	$ 9,771,008	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019, are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2020 and 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan's individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

NOTE 7 – PLAN MERGER AND AMENDMENTS

Effective April 4, 2018, the LC Whitford Co., Inc. approved the merger of the LC Whitford Co., Inc. Pension Plan and the LC Whitford Co., Inc. 401(K) Plan. As a result, the Plan was amended and all the investments were transferred into the LC Whitford Co., Inc. 401(K) Plan on that date. The amendment also includes the following provisions:

- The normal retirement age for prior pension plan participants age 55, or 5th anniversary of joining the plan, will be a protected benefit preserved under this plan.
- Deemed 125 compensation will be included in compensation.
- The funds received from the LC Whitford Co., Inc. Pension Plan were fully vested as of April 4, 2018.
