NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

1. DESCRIPTION OF PLAN

The following description of Navigator Credit Union 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General

The plan is a defined contribution plan covering all eligible employees of Navigator Credit Union (Plan Sponsor), who have attained the age of 21, have completed one year of service as defined by the Plan, and worked at least 1,000 hours in a year. Effective July 20, 2020, the minimum age requirement is 18, and the minimum service requirement is 60 days. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum allowed by law of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The matching Plan Sponsor contribution is invested as directed by the participant. Contributions are subject to certain limitations. The Plan Sponsor contributes 100% of participants' pretax deferred compensation up to 4%. The Plan Sponsor, in its sole discretion, may elect a profit-sharing contribution on the participants' behalf.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Plan Sponsor's contribution and Plan earnings. Allocations are based on participant earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee contributions and earnings thereon are fully vested immediately. Vesting in the Plan Sponsor's contributions is based on years of service. A participant is 100% vested after six years of credited service. Effective July 20, 2020, a participant is 100% vested after five years of credited service.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account immediately or at a later date.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates. Principal and interest is paid ratably through weekly payroll deductions.

1. DESCRIPTION OF PLAN – CONTINUED

Forfeited Accounts

At December 31, 2020 and 2019, forfeited, non-vested accounts totaled \$40,458 and \$18,133, respectively. These accounts will be allocated to participants based on compensation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are stated at fair value, with the exception of the fully benefit-responsive group annuity contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value represents contributions plus credited interest, less participant withdrawals and fees. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Expenses incurred in providing asset management and other services by the Plan's administrator are considered a cost of the Plan. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments. Other professional fees related to the Plan, such as accounting and legal, are absorbed by the Plan Sponsor and are excluded from these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through October 12, 2021, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Plan's investments, other than the fully benefit-responsive contract with insurance company, are reported at fair value in the accompanying statements of net assets available for benefits. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. ASC Topic 820 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement.)

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market: Value based on amortized cost or original cost plus accrued interest.

Pooled separate account: Valued at the market price of the fund and the unitized pricing model. The unit value calculation incorporates changes in the market value (net asset value) of the underlying mutual fund, reinvestment of all dividends and capital gains, expected revenue sharing, as well as daily fees charged based on total underlying assets in the plan.

Common collective trust: Valued upon the NAV as published by the custodian of the fund. The NAV of the common/collective trust fund is based on the fair value of the underlying investments held by the fund less their liabilities.

**NAVIGATOR CREDIT UNION 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

3. FAIR VALUE MEASUREMENTS – CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments measured at NAV *				
Pooled separate account				<u>\$ 5,837,334</u>
December 31, 2019				
	Level 1	Level 2	Level 3	Total
Money market	\$ 137,299	\$ -	\$ -	\$ 137,299
Investments measured at NAV *				
Pooled separate accounts				3,963,701
Common collective trust				<u>2,994,498</u>
Total investments at fair value				<u>\$ 7,095,498</u>

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes the Plan's investments with a reported fair value using NAV per unit at December 31:

5. INVESTMENT CONTRACT WITH INSURANCE COMPANIES

Guaranteed investment contracts are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The crediting interest rate is based on a formula established by the contract issuer, but may not be less than three percent. Such interest rates are reviewed on an annual basis for resetting. The Plan's investments include a fully-benefit responsive guaranteed investment contract with Ameritas and Mutual of America. Ameritas and Mutual of America maintain the contributions in a general account. The account is credited with interest at the rate specified in the contract and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Ameritis and Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on completing investment options or deletion plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANIES – CONTINUED

The guaranteed investment contract does permit the insurance company to terminate the agreement if the Plan has failed to perform as required under the contract.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

7. TAX STATUS

Mutual of America considers the Plan to be a non-prototype plan because it provides for a 60-day eligibility provision and uses counting hours for vesting service. Since the Plan has elected these provisions, it is considered to be individually designed and cannot rely on the Internal Revenue Service (IRS) Opinion Letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examination for any Plan years.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments include investments in funds managed by Ameritas and Mutual of America. Ameritas and Mutual of America are the custodians as defined by the Plan; therefore, transactions in these investments qualify as party-in-interest transactions as defined by ERISA.
