THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE A – DESCRIPTION OF PLAN

The following description of the **Equity Engineering Group 401(k) Plan** (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all full-time employees of **The Equity Engineering Group** (the “Company”) who are age 21 and over. Upon satisfaction of eligibility requirements, employees may enter the Plan on the first day of any month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to contribute up to 60% of pretax annual compensation, as defined in the Plan Agreement and subject to the annual IRS contribution limits. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions up to an additional \$6,000 of pre-tax annual compensation. Additional amounts may be contributed at the option of the Company. During 2020, the Company did not contribute. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts – Great-West Trust Company (the “Trust”) is Trustee and Custodian of the Plan investments. The Trust maintains the self-directed investment accounts for each participant containing the participant’s contributions, Company contributions, net earnings or losses, and distributions and withdrawals. Company contributions are allocated based on participants’ contributions as defined by the Plan Agreements. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance. Each participant directs both separately, and distinctly, into which investment the participant contribution and employer contribution is to be invested.

NOTE A – DESCRIPTION OF PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions, employer contributions, and corresponding earnings.

Distributions – Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants or designated beneficiaries may elect to receive their vested balance in a lump sum amount. If the participant's account balance is \$5,000 or less, the Plan Administrator automatically distributes the balance to the participant in a single-sum payment. In addition, participants may receive distributions of their vested account balance for qualified financial hardships.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any of 27 investment options in increments of one percent. Participants may change their investment options at any time.

Participant Loans- Participant loans are permitted under the plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Plan Expense – The plan document specifies that all expenses for the administration of the Plan may be paid by the Plan. For the years ended December 31, 2020 and 2019, the Plan paid only certain record-keeping fees. Other administrative expenses are paid by the Plan Sponsor. Certain administrative functions are performed by the officers or employees of the Company at no charge to the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties – The Plan provides for various investment options that are mutual funds including any combination of certain mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the Statement of net Assets Available for Benefits and participants' individual account balances.

Investment Valuation and Income Recognition – Investments with the exception of the fully benefit investment contract are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in a orderly transaction between market participants at the measurement date. See Note I for discussion of fair value. Fully benefit-responsive investment contracts are recorded at contract value. Security transactions are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payments of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments, and the plan administrator deemed the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Participants may borrow up to 50% of vested account balance not to exceed \$50,000. Loans are secured by the Participants vested account balance.

Subsequent Events – In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 14, 2021, the date the financial statements were available to be issued.

NOTE C – SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total current value of the investments held by the Trustee at December 31, 2020 and 2019, was \$18,915,211 and \$15,573,477, respectively.

The Trustees of the Plan, Great Western Trust Company and Fidelity Management Trust, have supplied the Plan Administrator with a certification as to the completeness and accuracy of the following information:

- Investments
- Interest and Dividend income
- Net appreciation in fair value of investments
- Distributions

NOTE D – TAX STATUS

The IRS has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no Audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE E – RELATED PARTY TRANSACTIONS

During 2020, Plan assets were invested with Great-West Trust Company. Thus, the Trust Company, is a Trustee defined by the Plan and qualifies as a party-in-interest. Fees paid by the Plan to Great-West Trust Company amounted to \$64,446 for the year ended December 31, 2020.

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under to terminate the Plan subject to provisions of ERISA and its related regulations.

NOTE G – BENEFITS ALLOCABLE TO WITHDRAWN PARTICIPANTS

There were no benefits payable to participants terminated prior to year-end as of December 31, 2020 and 2019.

NOTE H – FAIR VALUE MEASUREMENTS

The Plan has adopted fair value measurement accounting standards. Accounting standards define fair value and establish a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE H – FAIR VALUE MEASUREMENTS (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued daily using the net asset value (NAV), as a practical expedient to fair value, of the underlying assets held by the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

<u>2020</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled separate accounts, NAV as a practical expedient				
To fair value	<u>\$18,914,999</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
<u>2019</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

To fair value	<u>\$15,573,477</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE H – Fair Value Measurements (continued)

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits

NOTE I- Fully Benefit-Responsive Investment Contract

The Great Western Life Insurance Company assets placed in the Guaranteed Interest Fund accrue interest daily at a fixed interest rate, and both principal and interest are backed by the general account of Great Western Life Insurance Company. The asset is included in the Statement of Net Assets Available for Plan Benefits as a fixed-rate option fund at its contract value. The average yield and crediting interest rate was approximately 0.80% in 2020.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to contact value with Plan participants is not probable.

NOTE J – Reconciliation of Form 5500 to Financial Statements.

There were no differences between the Financial Statements and form 5500 for the years ended December 31, 2020 and 2019.
