A Professional Accounting Corporation

September 28, 2021

To the Plan Administrator and Trustees
of APTIM HDSS 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of APTIM HDSS 401(k) Plan (the Plan) as of and for the year ended December 31, 2020 and have issued our report thereon dated September 28, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to investments and related investment income to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated June 2, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. Effective January 1, 2020, the Plan adopted Financial Accounting Standards Board Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. ASU 2018-13 amends the presentation and disclosure requirements related to fair value measurements, by eliminating the disclosure requirement of the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy and modifying certain disclosure requirements related to Level 3 recurring and nonrecurring fair value measurements. The adoption of this guidance did not have a significant impact on the Plan's financial statements or disclosures. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ from those expected.

The most sensitive disclosure affecting the financial statements was: the disclosure of the fair value of the plan's investments in Note 3 to the financial statements. In accordance with ASC 820, management is responsible for determining the proper classification of the fair value of investments as a level 1, 2, or 3. Management relied on the judgment of a third party that handles plan investments in determining this classification.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management in a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 28, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Matters

Our responsibility for other information included in documents containing the Plan's audited financial statements and auditors' report, such as the Form 5500, does not extend beyond the financial information identified in our auditors' report, and we have no responsibility for determining whether such other information contained in this document is properly stated. Because the audited financial statements are required to be filed with the Form 5500, professional standards require that we read the Form 5500 prior to its filing. The purpose of this procedure is to consider whether information, or the manner of its presentation in the Form 5500, is materially inconsistent with the information, or the manner of its presentation, appearing in the financial statements. In reading the Form 5500, we are not aware of any material inconsistency in this information which management refuses to revise nor a material misstatement of fact that management refuses to correct.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of Plan administrator, trustees and management of APTIM HDSS 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

HDSS 401(K) RETIREMENT PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the HDSS 401(K) Retirement Plan for Union Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of High Desert Support Services, LLC (the Company or Employer) who have completed one hour of service and are represented for collective bargaining purposes by the International Brotherhood of Teamsters. The Company was a subsidiary of Chicago Bridge & Iron Company (CB&I) until June 2017, when the Company, via a divestiture, became a subsidiary of Aptim. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Significant Plan Amendments and Adoptions: In response to the COVID-19 pandemic in 2020, the United States Congress passed the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act). The CARES Act contained several provisions that affect employee benefit plans beginning in 2020. The Plan has voluntarily adopted certain provisions of the CARES Act and will formally adopt the Plan by December 31, 2020, as required by the CARES Act. These include allowing eligible participants to take a coronavirus-related distribution up to \$100,000 from the Plan without the 10% early withdrawal, to be repaid in three years; allowing participants to borrow up to \$100,000 from the Plan; and suspending loan repayments due between March 27, 2020 through December 31, 2020.

Contributions: Each year, participants may contribute a portion of their eligible compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested in their own contributions, as well as actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates that ranged from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or periodic installments over various periods stipulated in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

HDSS 401(K) RETIREMENT PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (continued)

Forfeitures: In accordance with provisions of ERISA, forfeitures arise primarily as a result of participant account balances previously distributed that remain unclaimed or participants cannot be located. At December 31, 2020 and 2019, the balance in the forfeited non-vested account totaled \$935 and \$99, respectively. During 2020, Plan expenses were reduced by \$276 from forfeited non-vested accounts.

2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant does not make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

HDSS 401(K) RETIREMENT PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

2. Summary of Accounting Policies (continued)

Stable Value Fund: The Plan holds an investment in a stable value fund. The fund has certain limitations as follows:

- Participant withdrawals made in order to accommodate distributions to participants or transfers to a non-competing investment may be made on any business day. Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur.
- Withdrawals directed by a plan sponsor must be preceded by a twelve-month written notice to the trustee. The trustee, however, may, in its discretion, complete any such plan-level withdrawal before the expiration of such twelve-month period. No such notice has been given to the Trustee.

Recent Accounting Pronouncements: Effective January 1, 2020, the Plan adopted Financial Accounting Standards Board Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 amends the presentation and disclosure requirements related to fair value measurements, by eliminating the disclosure requirement of the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy and modifying certain disclosure requirements related to Level 3 recurring and nonrecurring fair value measurements. The adoption of this guidance did not have a significant impact on the Plan's financial statements or disclosures.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

HDSS 401(K) RETIREMENT PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common collective trust – Stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. As of December 31, 2020 and 2019, there are no unfunded commitments.

Other common collective trust funds: The fair values of other common collective trust funds are determined by the net asset value (NAV) provided by the fund administrator. Although the NAV's unit prices are quoted on a private market that is not active, the unit prices are based on underlying investments which are traded on an active market. There are also no restrictions on the NAV price or its equivalent. Participant transactions may occur daily and there are no unfunded commitments. There are no significant restrictions on participant redemptions; however, if the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to 60 days notification in order to ensure that securities liquidations will be carried out in an orderly manner.

Mutual funds and money market funds: Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Assets at Fair Value as of December 31, 2019

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Common collective trust / Stable value fund (a)				<u>2,244,598</u>
Total assets at fair value				<u>\$ 3,599,239</u>

(a) The common collective trusts / stable value fund are measured using NAV as a practical expedient. These investments have not been classified in the fair value hierarchy table. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Income Tax Status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code and is exempt from income taxes under Section 401(a) of the Internal Revenue Code (IRC). The Plan has executed an adoption agreement using Merrill Lynch, Pierce, Fenner, & Smith, Inc. Volume Submitter 401(k) Profit Sharing Plan and relies on the determination letter dated March 31, 2014, issued for the standard plan. The Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability nor disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

HDSS 401(K) RETIREMENT PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Related Party Transactions

The Plan invests in securities managed by the trustee. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. The Plan pays administrative fees to Bank of America, N.A., which totaled \$1,226 for the year ended December 31, 2020, and is included in the statement of changes in net assets available for benefits.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March, 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a global pandemic, which continues to spread throughout the United States. The COVID-19 pandemic has negatively impacted the global economy and created significant volatility and disruption of financial markets. The extent of the continued impact of the COVID-19 outbreak, if any, on the Plan's participants' account balances and the amounts reported in the Plan's financial statements cannot be reasonably estimated.

8. Information Prepared and Certified by the Trustee

Pursuant to 29 CFR 2520.103-8, the Plan qualified for a limited scope audit. Information relating to notes receivable from participants, investment assets, investment transactions, investment earnings and the schedule of assets (held at end of year) was certified as complete and accurate by the trustee, Bank of America, N.A as of December 31, 2020 and 2019, and for the year ended December 31, 2020.
