## 1. Description of Plan

The following description of Dutchess Cars LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Dutchess Cars LLC, South Road Cars LLC, Route 6 Cars LLC, and East Syracuse Cars LLC (the "Companies") who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES Act

Beginning in April 2020, the Plan enacted several provisions from the CARES Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to $100,000 due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments starting in 2021. The CARES Act also increased the maximum loan amount available to qualified participants from the lesser of: (1) $100,000 (minus outstanding loans of the participant), or (2) the participants vested benefit under the Plan. Finally, the processing of minimum required distributions was suspended for 2020, except upon participant request and in cases where the participant's first minimum required distribution was for 2019, and was deferred until 2020.

Contributions

For 2020 and 2019, participants could contribute up to $19,500 and $19,000, respectively, or 100 percent of pre-tax annual compensation, as defined in the Plan. Participants may modify salary deferrals quarterly.

Elective deferrals cannot exceed the dollar limitations contained in Section 402 (g) of the code in effect for such taxable year.

Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions for 2020 and 2019 up to $6,500 and $6,000, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily. The Plan currently offers numerous mutual funds as investment options for participants. The Companies may make discretionary matching contributions to the Plan equal to a percentage of each participant's defined compensation, the exact percentage to be determined each year by the employer. Additionally, the Companies may make a profit-sharing contribution as of the end of the year based upon profits. For the years ended December 31, 2020 and 2019, the Companies made contributions of $64,522 and $43,715, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. Forfeited balances of terminated participant's non-vested accounts are used to reduce Companies' future contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. If this Plan becomes a top-heavy plan, vesting will be based on a six-year graded period of which the participant will be 100% vested at six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions. As described above in the CARES Act footnote, CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarted in 2021. Additionally, it allowed for loans up to $100,000 for qualified participants.

Payment of Benefits

On termination of service due to termination of employment, death, disability or retirement, a participant may elect either of the following forms of payment: (1) a lump sum distribution equal to the value of the participant's vested interest in his or her account, or (2) a qualified joint and 50% survivor annuity. However, if the participant's account is not more than $1,000, the benefits will be distributed in a single payment of cash. In-service withdrawals or hardship withdrawals are permitted by the Plan.

Administrative Expenses

The Plan Sponsor absorbs the administrative costs of the Plan.

Forfeitures

Amounts forfeited for each Plan year are used to reduce the Companies' contributions. The Companies used forfeitures to reduce their contributions for the years ended December 31, 2020 and 2019 amounting to $2,382 and $7,180, respectively.

## 2. Summary of Significant of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the term of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Companies, as provided by the plan document. Expenses that are paid directly by the Companies are excluded from these financial statements. Certain expenses incurred in connection with the general administration, investment advisory, and management of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits.

## 3. Unaudited Information Certified by the Plan Trustee

The December 31, 2020 and 2019, Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Mid Atlantic Trust Company (the "Trustee") in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Disclosure under the Employee Retirement Income Security Act of 1974. The information certified for the years ended December 31, 2020 and 2019 includes total investments of $4,285,377 and $3,404,019, respectively, and related total investment income of $576,646 and $610,076 for the years ended December 31, 2020 and 2019, respectively.

## 4. Fair Value Measurements and Investments

FASB ASC Topic 820, *Fair Value Measurements*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

*Level 1*: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access, at the measurement date.
*Level 2*: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability through corroboration with market data at the measurement date.
*Level 3*: Unobservable inputs that reflect management's best estimate of what participants would use in pricing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

*Registered investment companies and money market fund*

These investments are valued at the daily closing price as reported by the fund. Registered investment companies (mutual funds) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). The money market fund maintains a stable share price and is also registered with the SEC. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

| | | Fair Value Measurements at Reporting Date Using: | | |
|---|---|---|---|---|
| December 31, 2020 | Total | Level 1 | Level 2 | Level 3 |

## 5. Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company was the trustee for 2020 and 2019 as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

## 6. Termination of Plan

Although it has not expressed any interest to do so, the Companies have the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

## 7. Tax Status

The plan administrator has adopted an IRS pre-approved prototype plan of Paychex, Inc., the Sponsor's payroll service provider. On April 10, 2014, Paychex, Inc. obtained a letter in which the IRS stated its opinion that the form of the pre-approved prototype plan of Paychex, Inc. is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

## 9. Subsequent Events

The Plan's management has evaluated subsequent events through September 24, 2021, the date the financial statements were available to be issued.
