INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Elite Aluminum Corporation 401(k) Retirement Plan
Coconut Creek, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Elite Aluminum Corporation 401(k) Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company and Massachusetts Mutual Life Insurance Company, the providers of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Massachusetts Life Insurance Company held the Plan's investment assets and executed investment transactions from January 10, 2020 to December 31, 2020 and that Transamerica Life Insurance Company held the Plan's investment assets and executed investment

transactions as of December 31, 2019 and for the period January 1, 2019 to January 9, 2020. The plan administrator has obtained a certifications from the providers as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the provider is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020 and Schedule of Delinquent Participant Contributions, for the year ended December 31, 2020, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the provider, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 PLAN DESCRIPTION

The following description of the Elite Aluminum Corporation 401(k) Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Elite Aluminum Corporation who have attained the age of 18 and have completed one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee appointed by the Company. Third party administrators serve as the trustee of the Plan, maintain the records of participant data and hold the Plan assets.

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (“SECURE Act”) was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions included, among other things, an increase in the age limit for required minimum distributions from 70 ½ to 72.

Coronavirus-Related Distribution (“CRD”) and Loan Relief

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (“CARES Act”) was signed into law. The provisions of the CARES act were optional. The provisions allowed for qualifying participants to:

- Take expanded distribution options to withdraw up to $100,000 penalty free for qualifying reasons through December 31, 2020 with additional options to repay some or all of their CRD within three years.
- Borrow from their account up to a maximum of the lesser of $100,000 or 100 percent of their vested account balance.
- Temporarily suspend required minimum distributions for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

The Plan has opted out of the above mentioned provisions.

Contributions

Each year, participants may contribute up to 25 percent of pretax annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The employer contributes a discretionary matching contribution equal to 25 percent of participant deferrals up to 4 percent for a maximum matching contribution of 1 percent. The Plan also allows for a discretionary nonelective contribution. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution and an allocation of the Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan allows for participant-directed investment programs for which separate funds are maintained.

Payment of Benefits

Upon retirement, termination, disability or death, a participant or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of substantially equal periodic installments. Additionally, participants may take an in-service distribution of employee deferrals upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than $5,000. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow funds from their accounts in any amount greater than $1,000 and less than the lower of $50,000 or 50 percent of the participant's vested account balance. Loans are repaid over the term of no greater than 5 years, unless the loan is used for the purchase of a principal residence and then must not exceed 30 years. Loans bear a commercially reasonable fixed rate of interest similar to loan under like circumstances by persons in the business of lending money. Principal and interest are paid ratably during the year through payroll deductions and credited to the participant's account. All outstanding balances are due in their entirety upon the occurrence of a distributable event.

Forfeitures

Forfeitures are used to reduce employer contributions or pay plan expenses. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $446 and $1, respectively. For the years ended December 31, 2020 and 2019, forfeitures were used to reduce employer contributions by $6,328 and $3,152, respectively. For the years ended December 31, 2020 and 2019, forfeitures were used to pay plan expenses of $3,692 and $4, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract Value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the provider. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded at December 31, 2020 and 2019.

Administrative Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 INFORMATION PREPARED AND CERTIFIED BY PROVIDERS

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the providers:

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820*, Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no changes in the methodology used at December 31, 2020 and 2019.

Pooled Separate Accounts: Valued at net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. The Plan does not have any assets to be classified within the fair value hierarchy table. See investments measured using the net asset value per share practical expedient to reconcile to investments at fair value on the statements of net assets available for benefits in the following table.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31,				
	2020	2019			
Investment Type	Fair Market Value	Fair Market Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts		$ 1,253,802	N/A	Daily	-
Target Date	$ 132,633		N/A	Daily	-
Bond	43,694		N/A	Daily	-
Large Cap	364,779		N/A	Daily	-
MidCap	77,215		N/A	Daily	-
Small Cap	63,251		N/A	Daily	-
International/Global	14,345		N/A	Daily	-
Specialty	107,618		N/A	Daily	-
	$ 803,535	$ 1,253,802			

Target Date—Seeks to achieve a combination of growth, income, and capital preservation through stocks and bonds. The asset mix is dependent upon the expected maturity date.

Bond—Seeks high current income, and capital appreciation is a secondary consideration. The fund invests mainly in bonds that are obligations of US companies, are below investment-grade in quality (sometimes referred to as “junk bonds”), and have intermediate to long-term maturities (three years or longer).

Large Cap—Seeks long-term growth of capital. The fund invests primarily in a core group of 20-30 common stocks selected for their growth potential.

Mid Cap—Seeks long-term capital appreciation. The fund invests at least 80% of net assets (including any borrowings for investment purposes) in a diversified portfolio of common stocks of mid-cap companies whose earnings T. Rowe Price expects to grow at a faster rate than the average company.

Small Cap—Seeks long-term growth of capital. The fund invests at least 80% of net assets in small companies having capitalization at or below the range of companies in the Russel 2000 Index.

International/Global—Seeks long-term growth of capital. The fund invests at least 65% of assets in stocks issued by non-US companies that trade in foreign markets that are generally considered to be well established.

Specialty—Seeks a return similar to a specific industry. The fund invests predominantly or exclusively in a single industry, sector, or region of the world.

NOTE 5 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds investment contracts which are guaranteed investment accounts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Prior to January 9, 2020, the Plan investments included the Transamerica Stable Value Option Fund, which is a group annuity contract guaranteed interest account product. The contract is a fixed, deferred group annuity. It provides guaranteed protection of principal with a set rate of return. The Stable Value Option Fund is guaranteed by the general account of Transamerica Life Insurance Company. The methodology for calculating the interest crediting rate is based on the claims paying ability of Transamerica Life Insurance Company. The effective credited interest rate is set semi-annually and effective on the first day of the semi-annual period. The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the semi-annual gross interest rates for the fund over the year. The average for 2020 and 2019 is 1.95% and 1.60%, respectively.

Beginning January 10, 2020, the Plan holds a group annuity contract with Massachusetts Mutual Life Insurance Company which consists of a fixed component and a variable component.

The fixed component meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. MassMutual maintains the contributions in a fixed interest account. The fixed interest account is not a separate investment account and is only available through the group annuity contract issued by MassMutual. It invests in MassMutual's general investment account and MassMutual is not a Fiduciary with respect to the fixed interest account. Under the terms of the Group Annuity Contract or Group Funding Agreement, a crediting rate is established for amounts invested in the Fixed Account. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees.

The issuer will establish the applicable declared interest rate before the start of each calendar quarter at their discretion. The issuer may credit interest at a rate higher that the applicable declared interest rate, however, the declared interest rate will never be less than the applicable minimum Guaranteed interest rate of 1.00%. The declared interest rate set by the issuer and as of December 31, 2020 was 1.85%.

The variable component is invested in pooled separate investment accounts which are valued as described in Note 4.

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401 (a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501 (a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

The contract permits the insurance company to terminate the agreement with 60 days advanced written notice.

NOTE 6 AMENDMENT AND TERMINATION OF PLAN

Management has the right to amend the Plan if it determines that it is necessary or desirable to do so. Further, although the Company intends to continue the Plan, it reserves the right to terminate it. Any termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7 INCOME TAX STATUS

The Plan is a Volume Submitter 401(K) Profit Sharing Plan sponsored by the Provider and adopted by the Plan. The Internal Revenue Service informed the Provider by an advisory letter dated March 31, 2014, that the Volume Submitter Plan is acceptable under section 401 of the Internal Revenue Code. The Plan has been amended since receiving the advisory letter, however, the Company and plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8 EXEMPT TRANSACTION WITH PARTIES IN INTEREST

Transamerica Life Insurance Company, Massachusetts Mutual Life Insurance Company, Raymond James Financial Services Advisors, Inc, and The Aimpont Group are the providers of the Plan as defined by the plan document. As such, transactions with the providers qualify as party-in-interest transactions. Total fees paid for the years ended December 31, 2020 and 2019, amounted to $9,903 and $13,606, respectively.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

The full impact of the COVID 19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

NOTE 10 NON-EXEMPT TRANSACTIONS

During 2019, the Company failed to timely remit to the Plan withheld employee contributions in the aggregate amount of $70,944, in accordance with the plan asset provisions of the Department of Labor ("DOL") Regulation 2510.3-102, resulting in prohibited, or nonexempt, transactions. The accompanying Schedule of Delinquent Participant Contributions discloses this transaction in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 11 5500 RECONCILIATION

The following is a reconciliation of assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 and 2019:
