Integrity Savings & Retirement Plan
Notes to Financial Statements

Note 1: Plan Description

The following description of the Integrity Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Merger

Effective December 31, 2020, the Plan was merged into the Grange Enterprise Incentive Savings Plan, with plan assets being liquidated on that date. The assets of the Plan transferred to the Grange Enterprise Incentive Savings Plan totaled $17,681,779, including $261,810 of notes receivable from participants.

General

The Plan is a defined contribution 401(k) retirement plan covering substantially all employees of Integrity Insurance Company (the "Company") who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Directors is responsible for the oversight of the Plan. The Retirement Committee determines the appropriateness of investment offerings, monitors investment performance, and reports to the Board of Directors.

Contributions

Participating employees may make voluntary contributions, not to exceed limits mandated by the Internal Revenue Code (IRC), as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Eligible employees are automatically entered into the Plan with a deferral of 6% of their eligible compensation if no election is made. Deferrals are automatically increased 1% annually to a maximum of 10% if no election is made. Participants may also contribute amounts representing pretax distributions from other qualified retirement plans (rollover contributions). Rollover contributions are not matched. The Company provides discretionary matching contributions based on a percentage of the participant's salary deferral contribution and the year in which an employee is hired. The Company also provides a discretionary nonelective contribution to employees hired on or after July 1, 2008, through December 31, 2015, if they were employed as of the last day of the plan year. The Company may make a qualified nonelective contribution each year to nonhighly paid employees. During 2020, the Company made a qualified nonelective contribution of $333,141.

The discretionary contributions are determined annually by the Company's Board of Directors. The discretionary matching contribution for each participant hired on or before December 31, 2015, is 50% of the first 6% of eligible compensation contributed to the Plan. The discretionary matching contribution for each participant hired on or after January 1, 2016, is 100% of the first 5% of eligible compensation contributed to the Plan. The discretionary nonelective contribution for 2020 is 6% of eligible compensation. The Company made a qualified nonelective contribution of $129,278 in 2020.

Note 1: Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings or losses and is reduced for withdrawals and charged with an allocation of certain administrative expenses not paid by the Company. Allocations are based on participant investments, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their salary deferral and rollover contributions plus actual earnings/losses thereon. Participants vest in the Company's discretionary matching contributions at a rate of 20% each year beginning with the first year, with the participant becoming fully vested after five years of service. Participants eligible for the Company's discretionary nonelective contributions become fully vested after three years of service. Qualified nonelective contributions are 100% vested when made.

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance, with a $1,000 minimum. Participants may not borrow from the portion of their account attributable to the nonelective contributions. Note terms range from one to five years or up to 10 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with similar notes made by the plan administrator. Interest rates on existing notes are 3.25% to 5.50%. Principal and interest are paid ratably through payroll deductions.

In April 2020, the Plan adopted provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") which was signed into law on March 27, 2020. This increased the maximum loan amount from $50,000 to $100,000 and implemented suspending participating loan repayments.

Payment of Benefits

Plan benefits are available at normal retirement (age 59½), disability retirement, death, and termination of employment with vested interests. A participant may elect to receive a single lump sum payment or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account in one of the forms noted above. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½. Under the CARES act, the Plan allows individuals impacted by the coronavirus to withdraw up to $100,000 from the Plan, with certain tax exceptions.

Note 1: Plan Description (Continued)

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's contributions. At December 31, 2020, there were no forfeited nonvested accounts. At December 31, 2019, forfeited nonvested accounts totaled $3,468. Forfeited amounts can be used for payment of plan administrative expenses or to reduce Company contributions. During the year ended December 31, 2020, forfeited nonvested accounts were used to reduce Company contributions by $30,211 and administrative expenses by $2,004. Additionally, $3,412 of forfeited nonvested accounts were reallocated to plan participants.

SECURE and CARES Act Provisions

The Plan implemented certain provisions of the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which enabled the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayments, receive coronavirus-related payment of benefits, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were not implemented to date. Written amendments to the Plan to reflect these operational changes were adopted by the Plan during 2020 in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are partially paid out of plan assets and included in administrative expenses, while the remainder is paid through revenue sharing and included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

There were no assets or liabilities to be measured at fair value at December 31, 2020, due to the plan merger discussed in Note 1, which was effective December 31, 2020.

Note 3: Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019.

Common/collective trust funds: Valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV is based on the value of the underlying assets of the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on the underlying investments, some of which are traded on an active market. Common/collective trust funds can be redeemed daily with one-day notice. There were no unfunded commitments at December 31, 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments, which are traded on an active market. Pooled separate accounts can be redeemed daily with one-day notice, with one transfer allowed per 30 days. There were no unfunded commitments at December 31, 2019.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investment assets in the fair value hierarchy - Mutual funds	$ 2,107,489	$ 0	$ 0	$ 2,107,489
Investment assets measured at NAV				13,483,888
Total investment assets at fair value				$ 15,591,377

Note 4: Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, the trustee of the Plan.

Note 5: Excess Contributions Payable

During 2020, Company contributions have been reduced by $6,806 for amounts payable to certain active participants for excess deferral contributions as required to satisfy the relevant provisions of the Plan. Because the Plan transferred assets to another plan on December 31, 2020, this amount is also recorded as a reduction to assets transferred out of Plan to Grange Enterprise Incentive Savings Plan during 2020. No excess contributions were recorded at December 31, 2019.

Note 6: Party-in-Interest Transactions

Certain plan investments are managed by Principal, a wholly owned subsidiary of Principal Life Insurance Company. Fees paid by the Plan to Principal for administrative expenses amounted to $27,953 for the year ended December 31, 2020. Principal is the trustee as defined by the Plan and, therefore, the transactions qualify as party-in-interest transactions. Certain other fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, since they are paid through revenue sharing rather than a direct payment.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Tax Status

The Plan adopted a volume submitter document with an IRS notification letter dated August 8, 2014, which states the volume submitter plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.
