INDEPENDENT AUDITORS' REPORT

October 13, 2021

To the Cleveland Clinic Retirement Committee Administrator
Cleveland Clinic Foundation
6801 Brecksville Road
Independence, OH 44131

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **Martin Memorial Health Systems 401(k) Retirement Savings Plan** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Fidelity Management Trust Company, trustee of the Plan, and Principal Life Insurance Company, custodian of certain Plan assets, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee and custodian hold the Plan's investment assets and notes receivable from participants, and execute the related transactions. The Plan Administrator has obtained certifications from the trustee and custodian, as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the trustee and custodian is complete and accurate.

Rehmann is an independent member of Nexia International.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Schedule

The December 31, 2020 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of *Martin Memorial Health Systems 401(k) Retirement Savings Plan* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan sponsored effective on January 1, 2020 by Cleveland Clinic Foundation (the "Foundation") and previously sponsored by Medical & Financial Management, Inc. (collectively, the "Plan Sponsor") for the benefit of its eligible employees and the eligible employees of its affiliates that have adopted the Plan.

Employees are eligible to contribute to the Plan immediately upon hire provided they are not excluded by certain provisions in the Plan agreement. Employees are eligible to receive Plan Sponsor contributions after one year of service (defined in the Plan agreement as working 1,000 hours during the Plan year), provided they are employed by the Plan Sponsor on the last day of the plan year, and are not excluded by certain provisions in the Plan agreement. Additionally, employees of certain affiliated tax-exempt employers are entitled to matching contributions based on their elective contributions made under the Martin Memorial Health Systems 403(b) Retirement Savings Plan (the "403(b) Plan"). Such employees are not eligible to make pre-tax elective contributions or Roth contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The investments of the Plan were pooled with the investments of certain other plans sponsored by the Foundation in The Cleveland Clinic Foundation DC Plans Master Trust (the "Master Trust") effective October 1, 2020 pursuant to an agreement between Fidelity, the trustee, and the Foundation. Each participating plan has a divided interest in the Master Trust as each Plan's individual participants direct the investments. The Plan's interest in the Master Trust and all changes in that interest are presented in separate line items in both the 2020 statements of net assets available for benefits and the 2020 statement of changes in net assets available for benefits in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2017-06, Plan Accounting: Defined Contribution Pension Plans (Topic 962): Employee Benefit Plan Master Trust Reporting. ASU 2017-06 also requires that the Plan disclose the general types of investment held by the Master Trust and also the dollar amount of the Plan's interest in each of those general types of investments. The pooling of the Plan's assets into the Master Trust had no impact on the Plan's net assets available for benefits.

Risks and Economic Uncertainties

The Plan currently invests in various investment securities within a master trust. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and on March 13, 2020, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and may continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets, and it is difficult to fully assess or predict the duration of and ultimate impact brought by the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants' account balances, and the investment amounts reported in the Plan's statements of net assets available for benefits and changes in net assets available for benefits.

On March 27, 2020, the President signed the *Coronavirus Aid, Relief, and Economic Security Act* (the "CARES Act") into law. The CARES Act included provisions for eligible defined contribution plans, including availability of qualified coronavirus-related distributions, to delay repayments for existing plan loans, and other relief provisions. These CARES Act provisions were optional and employers were permitted to choose whether, and to what extent, to provide the coronavirus-related distribution and/or loan provisions of the CARES Act. The Plan provided access to the new CARES Act distribution and loan deferral options to participants as soon as administratively feasible, in accordance with Internal Revenue Service ("IRS") guidance and other applicable requirements.

Contributions

Each year participants may contribute annual compensation as defined in the Plan agreement up to the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Additionally, the Plan includes a provision whereby the participant deferral rate is automatically increased 1% each year at the beginning of the Plan year until the deferral equals 10% unless the participant provides an alternative election. The Foundation matches 100% of each participant's annual contribution, of the 401(k) and 403(b) Plans, up to a maximum of 6% of their eligible compensation. Matching funds are contributed to the participant's 401(k) Plan account. Participants must be employed by the Foundation on the last day of the Plan year to receive the matching contribution. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan, within the Master Trust, currently offers shares in various mutual funds and a fully benefit-responsive investment contract with an insurance company as investment options for participants. In addition, the Plan allows each participant to create a self-directed brokerage account in which the participant can choose from a variety of investments allowed by ERISA within the Master Trust. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Foundation's matching contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses, if any. Participants who initiate a loan are charged a fee for that transaction. Participants who initiate a benefit payment are not charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Foundation's matching contributions is based on years of credited service. A participant is 100% vested after three years of credited service, with no vesting in prior years.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All notes have a definite repayment period, not to exceed five years, unless used for the purchase of a primary residence in which case the repayment period can extend up to fifteen years. The notes receivable are secured by the balances in the participants' accounts and bear interest at rates ranging from 4.25% to 7.00%, which are commensurate with local prevailing rates at the time the notes are issued, as determined by the trustee. Principal and interest are paid directly to the Plan by participants.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, the participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as defined by the Plan agreement. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is \$1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. If the account balance is greater than \$1,000 but less than \$5,000, payment will be made to an individual retirement account established by the trustee, or such other provider as the Foundation designates in accordance with Department of Labor ("DOL") guidelines, unless the participant requests a different disposition of his or her account balance within the applicable election period.

In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age. The Plan also permits withdrawals of active participants' elective and rollover contributions, only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future employer cash contributions or to be allocated to Plan expenses. There were no forfeitures used to pay administrative expenses in 2020 or 2019. Forfeitures of \$465,438 and \$322,000 were used to offset the employer contributions in 2020 and 2019, respectively. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$152,539 and \$148,574, respectively.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan or the Foundation, as provided by the Plan agreement. Certain administrative expenses, including an allocation of salaries related to Plan administration, are paid by the Foundation and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Foundation are excluded from these financial statements. Fees for recordkeeping, custodial services and investment management are paid by the Plan. Participants are charged directly for loan fees and an annual participant fee which is billed in quarterly increments throughout the year.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for the fully benefit-responsive investment contract. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contract.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation by the Plan and the Master Trust

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Income Recognition by the Plan and the Master Trust

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the trustee deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become the obligations of the Foundation.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the FASB issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. On January 1, 2020, Plan management adopted ASU No. 2018-13, and as a result, the Plan modified certain disclosures in Note 4. The adoption of the standard did not have a material impact on the Plan's financial statements.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2020, the most recent statement of net assets available for benefits presented herein, through October 13, 2021 the date these financial statements were available to be issued. No such significant events or transactions were identified.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), trustee of the Plan and the Master Trust, and Principal Life Insurance Company ("Principal"), custodian of certain Plan and Master Trust assets, have certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, (2) the December 31, 2020 schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2020 and 2019, and (4) the information presented in Notes 3 and 5. Fidelity has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2020 and 2019.

3. MASTER TRUST

The following is financial information with respect to the Master Trust.

While certain of the investments of the participating Plan are deemed part of the Master Trust, each plan maintains a separate accounting of its share of the investments and its participation in the net appreciation or depreciation of the Master Trust's investments based on fair value measured using the methodologies described in Note 4. The value of the Plan's interest in the Master Trust is based on the beginning of period value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Total investment income (including net appreciation in the fair value of investments) of the Master Trust is allocated to the individual plans based on the amount of time the plan's assets were invested in the Master Trust.

Investment holdings were as follows at December 31, 2020:

	Master Trust Balances	Plan's Interest in Master Trust Balances
Investments at fair value		
Mutual funds	\$ 2,580,724,801	\$ 120,551,092

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Self-directed brokerage accounts: These accounts primarily consist of mutual funds and common stocks which are valued on the basis of readily determinable market prices and are classified as Level 1.

The preceding methodologies described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes that its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Master Trust's and the Plan's investments at fair value at December 31:

Master Trust				
2020	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,580,724,801	\$ -	\$ -	\$ 2,580,724,801
Self-directed brokerage accounts	109,336,756	-	-	109,336,756
Total investments at fair value	<u>\$ 2,690,061,557</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,690,061,557</u>

Plan				
2019	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 98,948,107</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 98,948,107</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2020 or 2019.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Master Trust holds a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal"), the guaranteed investment contract issuer ("issuer"), with a balance of \$7,724,196 at December 31, 2020. The Plan held the investment contract during 2019 with a balance of \$5,856,227 at December 31, 2019. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include:

- 1) Amendments to the Plan's documents (including complete or partial plan termination or merger with another plan).
- 2) Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions.
- 3) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan.
- 4) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions contemplated under ERISA.

Plan management does not believe there are any events probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity and Principal. Fidelity is the trustee of the Plan and Principal is the custodian of certain Plan assets and, therefore, transactions with these entities qualify as party-in-interest. Fees paid by the Plan to Fidelity, Principal and other service providers for recordkeeping and other services amounted to \$67,937 and \$76,144 for 2020 and 2019, respectively. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

MARTIN MEMORIAL HEALTH SYSTEMS 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

7. TAX STATUS

The IRS has determined and informed the Foundation by a letter dated December 19, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Foundation may determine.
