Independent Auditor's Report

To the Retirement Committee
ECM Industries, LLC 401(k) Plan
Menomonee Falls, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of ECM Industries, LLC's 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 6, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ECM Industries, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the ECM Industries, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan covering all eligible nonunion employees of ECM Industries, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On July 1, 2019, Principal Financial Group (Principal) acquired Wells Fargo Institutional Retirement & Trust. The plan completed its transition to the Principal platform in April 2021.

The Plan was established November 1, 2013, as a spin-off from the Actuant Corporation 401(k) Plan. During the year ended August 31, 2015, the Company sold two of its divisions, which resulted in a partial plan termination. Upon the sale of the divisions and termination from the Plan, the affected participants became 100% vested in their account balances. Effective September 1, 2015, the Plan was amended and restated to become a safe harbor 401(k) plan.

Effective January 1, 2019, the Plan amended its fiscal year end from August 31 to December 31.

On April 30, 2020, the Plan acquired IlSCO Corporation. Effective November 1, 2020, the IlSCO Corporation Plan assets merged with the Plan. The transaction transferred \$40,523,102 of assets into the Plan, including \$40,370,795 of cash assets and \$152,307 of participant loans.

Eligibility

All employees are eligible to participate upon beginning employment.

Contributions

Participants may elect to make pretax and/or after-tax contributions as a percentage of their annual compensation, not to exceed the limits of the Internal Revenue Code (IRC), as defined in the Plan Document. These deferrals are specifically allocated to the account of the individual participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Participants are automatically enrolled in the Plan at an employee deferral contribution rate of 6% of eligible compensation. In general, such automatic enrollment will be effective the first pay period after the participant has met all eligibility requirements, unless the participant elects to participate at a different rate or elect to opt out of enrollment.

ECM Industries, LLC 401(k) Plan

Notes to Financial Statements

In order to maintain safe harbor status, the Company will make a safe harbor matching contribution in an amount equal to a percentage of participant elective deferrals. The specified matching percentage for the corresponding level of participant elective deferrals is shown in the following table:

<i>Elective deferral tier</i>	<i>Matching%</i>
1-3%	100%
4-6%	50%

The safe harbor matching contribution is 100% vested.

The Company may make an additional contribution to the Plan at the discretion of the Company's Retirement Committee. For the year ended December 31, 2020, the Company did not make an additional discretionary contribution.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and the Company's matching contribution, along with an allocation of plan earnings and the Company's discretionary contribution. Each participant's account is charged with an allocation of Plan investment losses, administrative expenses, and any distributions requested by the individual participant. Allocations are based on participant earnings or account balances as defined in the Plan's provisions. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions, including rollover amounts, safe harbor contributions, plus actual earnings thereon. Vesting in the Company contributions portion of their individual account plus earnings thereon is based on years of continuous service. Company contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<i>Years of service</i>	<i>Vesting%</i>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

As described previously in Note 1, during the year ended August 31, 2015, certain participants became 100% vested in their account balances as a result of the Company's sale of two divisions resulting in a partial plan termination.

ECM Industries, LLC 401(k) Plan

Notes to Financial Statements

Forfeited Accounts

As of December 31, 2020 and 2019, forfeited non-vested accounts totaled \$7,782 and \$1,606, respectively. Forfeitures will be allocated to pay plan administrative expenses and reduce any Company contributions. During the year ended December 31, 2020, no proceeds from forfeited non-vested accounts were used to reduce Company contributions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the term specified in the Plan Document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants experiencing financial hardship may withdraw a portion of this account balance as defined by the Plan Document.

Notes Receivable - Participant Loans

Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 limit is reduced by the highest outstanding loan balance during the one-year period before the new loan is made. The Plan allows for one general purpose loan and one home loan to be outstanding for a given participant at any given time. Loans are repayable in installments over a period of up to five years, with the exception of the purchase of a primary residence. Loans are secured by the balance in the participant's account and carry a fixed, commercially reasonable rate of interest, which ranged from 3.25% to 6.50% at December 31, 2020. Participant loan administrative fees are payable by the participant. Principal and interest is paid ratably through payroll deductions while the participant is employed by the Company.

Administrative Expenses

The Plan will pay some or all Plan related expenses except for a limited category of expenses, known as settlor expenses, which the law requires the Company to pay. Generally, settlor expenses relate to the design, establishment or termination of the Plan. The expenses charged to the Plan may be charged pro rata to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. In addition, some types of expenses may be charged only to some participants based upon their use of a Plan feature or receipt of a plan distribution. Finally, the Plan may charge expenses in a different manner as to participants who have terminated employment with the Company versus those participants who remain employed with the Company.

Cares Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management elected to not implement the relief provisions available to plan participants under the CARES Act.

ECM Industries, LLC 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan invests in various investment securities. These securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. As of December 31, 2020, there was \$29,172,746 concentrated in three funds. There are no investments that represent 10% or more of total investments at December 31, 2019.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments during the year and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change

ECM Industries, LLC 401(k) Plan

Notes to Financial Statements

in the fair value of the investments held during the period. Because unrealized gains and losses are recognized annually, the net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value at the beginning of the year or the original cost of the investment if purchased during the year.

Notes Receivable - Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and December 31, 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

During 2020, there was \$18,441 of deemed distributions included in benefits paid to participants on the accompanying Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded upon distribution to participants.

3. Investment Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo, the Plan's trustee, has certified that the following data included in the accompanying financial statements and ERISA required supplemental schedule is complete and accurate.

<i>December 31,</i>	2020	2019
Mutual funds	\$ 58,008,189	\$ 15,722,513
Common collective trust funds	4,678,857	3,243,509
Notes receivable - participant loans	460,224	228,665

Year ended December 31, 2020

Interest from notes receivable - participant loans	\$ 15,590
Interest and dividend income	668,135
Net appreciation in fair value of investments	5,991,378

The Plan's independent accountants did not perform auditing procedures on the above information, except for comparing such information included in the accompanying financial statements and ERISA required supplemental schedule.

4. Fair Value Measurements

Accounting principles generally accepted in the United States of America established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to

ECM Industries, LLC 401(k) Plan

Notes to Financial Statements

unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV) as of December 31, 2020 and 2019, which are obtained from an active market.

Common collective trust funds are valued at the NAV of the units of the fund based on the fair value of the underlying investments of the funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common collective trust funds provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There were no unfunded commitments as of December 31, 2020 and 2019.

ECM Industries, LLC 401(k) Plan

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 58,008,189	\$ -	\$ -	\$ 58,008,189

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

<i>December 31, 2019</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,722,531	\$ -	\$ -	\$ 15,722,531

** The investment in the common collective trust fund measured at fair value using the net asset value per share (or its equivalent) has not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

The Plan determined that no transfers between Level 1, Level 2, or Level 3 instruments occurred during the year ended December 31, 2020.

5. Tax Status

The Plan obtained its latest opinion letter for the trustee's prototype plan on March 31, 2014, in which the Internal Revenue Service (IRS) states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participant accounts would become fully vested and nonforfeitable.

ECM Industries, LLC 401(k) Plan

Notes to Financial Statements

7. Party-in-Interest Transactions

Plan investments were managed by Wells Fargo as of December 31, 2020. Wells Fargo was the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to Wells Fargo totaled \$48,664 for the year ended December 31, 2020.

Plan participants may borrow from their individual accounts secured by the balance in the participant's account. Notes receivable from participants to the Plan totaled \$460,224 and \$228,665 as of December 31, 2020 and 2019, respectively.

8. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.
