## 1. PLAN DESCRIPTION

The following description of the Metson Marine Services, Inc. 401(k) Plan & Trust (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

***General -*** The Plan is a defined contribution plan covering all employees, as defined by the Plan, who have been employed for at least one year by Metson Marine Services, Inc. and participating employers (collectively, the "Company" and the "Plan Sponsor") are at least 21 years of age and have one month of service to make elective deferrals. In addition, participants must complete 1,000 hours of service and be employed on the last day of the Plan year in order to be eligible for discretionary Company contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act provides participants with optional relief provisions related to distributions and loans from the Plan. The Company has evaluated and authorized the implementation of certain relief provisions effective April 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

***Contributions -*** Each year, participants may contribute up to 100 percent of their compensation as pre-tax and Roth deferrals, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various options offered by the Plan.

The Company contributed a discretionary matching contribution of 50 percent of the participant's deferral up to four percent of compensation. The Company contributed $103,422 for the year ended December 31, 2020. The Company may also make discretionary profit sharing contributions. No discretionary Company profit sharing contribution was made for the year ended December 31, 2020.

***Participant Accounts -*** Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting -*** Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after two years of service, and an additional 20 percent each year thereafter until 100 percent vested upon six years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

***Forfeitures -*** Forfeitures of Company contributions may be used to pay Plan administrative expenses and to reduce discretionary Company contributions. During the year ended December 31, 2020, no forfeitures were utilized. As of December 31, 2020, there were $11,079 of forfeitures available for future use.

***Payment of Benefits -*** On termination of service for any reason, a participant or their beneficiaries, as applicable, may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in accordance with the Plan.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting -*** The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Great-West Life and Annuity Insurance Company, (the "Custodian"), and Great-West Trust Company, LLC, (the "Trustee") (collectively, "Great-West").

***Estimates -*** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

***Administrative Expenses -*** Administrative expenses incidental to the administration of the Plan, including fees of Great-West and the independent public accountants, may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

In accordance with the Expense Budget Account Agreement between the Company and Great-West, Great-West is required to make contributions to an EBA in an amount equal to 0.45 percent of eligible Plan assets. The net appreciation of investments is inclusive of these contributions. The funds in the EBA may be used to pay Plan administrative expenses or be reallocated to eligible participants. During the year ended December 31, 2020, Great-West contributed $21,193 to the EBA and $21,411 was utilized to pay Plan administrative expenses. As of December 31, 2020, there was $3 in the EBA.

***Investment Valuation and Income Recognition -*** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Benefits Payable to Participants -*** Benefits are recorded when paid.

***Recent Accounting Pronouncements -*** In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. This ASU also modified existing disclosure requirements that in lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. In addition, this ASU requires for investments in certain entities that calculate net asset value to disclose the timing of liquidation of an investee's assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on measurement uncertainty information, which should be applied prospectively for only the most recent annual period presented in the initial year of adoption, should be applied retrospectively. The Plan adopted this ASU for the year ended December 31, 2020 and it did not have a material impact on the financial statements.

## 3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

*Mutual Funds* – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

*Common Collective Trusts ("CCTs")* – The CCTs are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The primary investment objective of the CCTs is to allow participants to achieve the same rate of return as the underlying mutual funds, less fee charged by the insurance company. The CCTs do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

**Investments at Fair Value as of December 31, 2020**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 135,902 | $ - | $ - | $ 135,902 |
| **Investments in the fair value hierarchy** | $ 135,902 | $ - | $ - | $ 135,902 |
| Investments measured at NAV practical expedient | | | | 5,082,916 |

**Investments at Fair Value as of December 31, 2019**

## 4. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN AND TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Custodian and Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

b. Net appreciation of investments, dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.

c. Investments and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020.

## 5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

## 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

## 7. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

## 8. FEDERAL INCOME TAX STATUS

Effective October 31, 2019, the Company adopted a prototype plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 10. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held and managed by Great-West. Transactions with Great-West qualify as party-in-interest transactions for which exemptions exist. Great-West received $44,271 for loan administration and transaction fees, which were paid by participants through the Plan, and indirect compensation from certain investments based on a formula. In addition, the Plan utilize an advisor that received direct compensation of $21,411 which was paid from the EBA.

## 11. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred through October 14, 2021, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
