1. DESCRIPTION OF PLAN

The following description of the Peter Thomas Roth Labs LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Peter Thomas Roth Labs LLC, June Jacobs Labs LLC, and RBJL Training Inc (collectively, the "Company"), who are 21 years or older. An employee is eligible to participate in the plan upon completing three months of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, up to a maximum contribution as prescribed by law. The maximum contribution for 2020 was $19,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants who have attained the age of 50 before the close of the plan year are eligible to make catch-up contributions of up to $6,500 in 2020 under the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-two mutual funds as investment options for participants. The Company contributes an amount equal to 100% of the first 3% and 50% on the amount greater than 3%, but less than or equal to 5%, of the participant's elective deferral excluding catch-up amounts. The matching Company contribution is invested in the various options selected by the participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions account balances at all times. Participants become vested in their allocation of the employer contributions over a six-year graded vesting schedule. A participant becomes 100% vested if, while employed by the employer, the employee dies or becomes disabled as defined by the Plan.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments over an extended period of time or annuity contracts. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $18,572 and $29,253, respectively. These accounts will be used to reduce future employer contributions. Also, in 2020, employer contributions were reduced by $30,054 from forfeited nonvested accounts.

Participant Loans

The Plan's trustee may make loans to participants, except for shareholder employees, from available plan funds. The minimum loan allowable is $1,000. The maximum loan amount is the lesser of (a) 47.5% of a participant's total vested account balance (b) $50,000, reduced by the highest outstanding loan balance during the last twelve month period, or (c) $50,000. Loans are repayable within 4 1/2 years, except loans for principal residences, which are repayable over longer terms of up to 10 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1.00%. The rate is determined on the date the loan is made. Principal and interest is paid ratably through monthly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Consequently, the Plan has not recognized contributions receivable from the employer and the plan participants, and their related effects on total additions in the accompanying financial statements.

Date of Management's Review

Subsequent events were evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances. As of December 31, 2020, and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Administrative expenses of the plan are paid by the Plan or the Plan's Sponsor as provided in the Plan Document.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. No Level 2 or Level 3 inputs were needed during the current year.

Level 1 Fair Value Measurements

The fair value of mutual funds are based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

December 31, 2020	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds:		
Balanced funds	$ 1,007,334	$ 1,007,334

Index funds	471,180	471,180
Value funds	273,252	273,252

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements.

Basis for Disclaimer of Opinion on the 2020 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2020 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2020 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2020 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matters-Report on Supplemental Schedule and Report on 2019 Financial Statements

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2020 Financial Statements paragraph, we do not express an opinion on the supplemental schedule referred to above.

We have audited the accompanying statement of net assets available for benefits (modified cash basis) of Peter Thomas Roth Labs LLC 401(k) Profit Sharing Plan and Trust as of December 31, 2019, and in our report dated October 5, 2020, we expressed our opinion that such financial statement presents fairly, in all material respects, the financial status of Peter Thomas Roth Labs LLC 401(k) Profit Sharing Plan and Trust as of December 31, 2019, and changes in its financial status for the year then ended in accordance with the modified cash basis of accounting.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Peter Thomas Roth Labs LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Peter Thomas Roth Labs LLC, June Jacobs Labs LLC, and RBJL Training Inc (collectively, the "Company"), who are 21 years or older. An employee is eligible to participate in the plan upon completing three months of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, up to a maximum contribution as prescribed by law. The maximum contribution for 2020 was $19,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants who have attained the age of 50 before the close of the plan year are eligible to make catch-up contributions of up to $6,500 in 2020 under the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-two mutual funds as investment options for participants. The Company contributes an amount equal to 100% of the first 3% and 50% on the amount greater than 3%, but less than or equal to 5%, of the participant's elective deferral excluding catch-up amounts. The matching Company contribution is invested in the various options selected by the participant. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions account balances at all times. Participants become vested in their allocation of the employer contributions over a six-year graded vesting schedule. A participant becomes 100% vested if, while employed by the employer, the employee dies or becomes disabled as defined by the Plan.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments over an extended period of time or annuity contracts. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $18,572 and $29,253, respectively. These accounts will be used to reduce future employer contributions. Also, in 2020, employer contributions were reduced by $30,054 from forfeited nonvested accounts.

Participant Loans

The Plan's trustee may make loans to participants, except for shareholder employees, from available plan funds. The minimum loan allowable is $1,000. The maximum loan amount is the lesser of (a) 47.5% of a participant's total vested account balance (b) $50,000, reduced by the highest outstanding loan balance during the last twelve month period, or (c) $50,000. Loans are repayable within 4 1/2 years, except loans for principal residences, which are repayable over longer terms of up to 10 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1.00%. The rate is determined on the date the loan is made. Principal and interest is paid ratably through monthly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Consequently, the Plan has not recognized contributions receivable from the employer and the plan participants, and their related effects on total additions in the accompanying financial statements.

Date of Management's Review

Subsequent events were evaluated through October 11, 2021, which is the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances. As of December 31, 2020, and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Administrative expenses of the plan are paid by the Plan or the Plan's Sponsor as provided in the Plan Document.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. No Level 2 or Level 3 inputs were needed during the current year.

Level 1 Fair Value Measurements

The fair value of mutual funds are based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

December 31, 2020	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds:

3. FAIR VALUE MEASUREMENTS (Continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2020, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company (the trustee of the Plan).

Investments, at fair value	$ 2,523,435
Investment income	50,571
Net appreciation in fair value of investments	307,130

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. RELATED PARTY TRANSACTIONS

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives any compensation from the Plan.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various mutual funds. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
