NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of the Fitzpatrick Dealership Group 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a participant directed defined contribution plan covering all employees of Valley Motors, Inc. dba Valley BMW, Valley Lexus, Coliseum Lexus of Oakland, McHenry Motors dba Valley Kia, and BEF Management (the Company) who have completed one year of service. During the year ended December 31, 2020, the Plan was restated and amended to change the entry date from a quarterly basis to the first day of the month after eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Contributions Eligible employees of the Company may elect to contribute up to the applicable limits allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may elect to make discretionary matching and nonelective contributions that are not to exceed limits as defined by the Internal Revenue Code.

Participant Accounts Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) plan earnings, and charged with an allocation of administrative expenses, and (c) any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.0% to 5.5%. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. Principal and interest are paid ratably through payroll deductions. Delinquent participant loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits On termination of service, death, disability, termination, or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her account or rollover to another qualified plan. A participant may elect a hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

Investment Options Upon enrollment in the Plan, a participant may direct contributions into numerous investment choices offered by Great-West Life & Annuity Insurance Company. Participants may change their investment options through requests with the trustee.

Administrative Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

Note 1 Description of the Plan (Continued)

Vesting Participants are immediately 100% vested in their elective deferrals, rollover contributions, and prevailing wage contributions. Participants are 100% vested in the Company discretionary and nonelective contributions after six years of credited service (20% per year after two years of credited service). A participant is 100% vested after reaching normal retirement age, or upon death or disability.

Forfeited Accounts Forfeitures of Company discretionary matching contributions may be returned to the Plan to provide for administrative expenses or be reallocated as an additional employer matching contributions. As of December 31, 2020 and 2019 there was $2,242 and $3,137 of forfeitures available, respectively. During 2020, $3,524 of forfeitures were used to offset expenses and/or employer contributions.

Coronavirus Aid, Relief, and Economic Security (CARES) Act During 2020, the Plan Sponsor had the option to adopt the distribution provision of the CARES Act which allowed the Plan's participants to take a COVID-19 related distribution up to $100,000 through December 31, 2020. The Plan Sponsor also had the option to adopt the temporary loan repayment deferral provision of the CARES Act which allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Note 2 Summary of Accounting Policies

Basis of Accounting The financial statements are prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition Investments in Great-West Life & Annuity Insurance Company were made in accordance with a group annuity contract, which represents participation units in the insurance company's mutual funds and fixed income account.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers or trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits The Plan records benefits when paid. Total vested benefits due to terminated participants but not paid was $499,907 as of December 31, 2020.

Excess Contributions Payable Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in accordance with plan provisions.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 2 Summary of Accounting Policies (Continued)

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2021, the date the financial statements were available to be issued.

Note 3 Information Prepared and Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the current and former trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current and former trustees that information provided to the Plan Administrator by the current and former trustees related to the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	2020	2019
Mutual funds	$3,693,938	$ -
Fixed income account	2,277,099	-
Pooled separate accounts	-	2,985,090
Guaranteed account	-	2,047,138
Cash	2,242	-
Notes receivable from participants	169,721	217,845

The current and former trustees also certified to the completeness and accuracy of $446,804 of net appreciation in fair value and $105,686 of interest and dividend income of investments and $9,832 of interest income associated with notes receivable from participants for the year ended December 31, 2020.

Note 4 Transactions with Parties-in-Interest

Great-West Life & Annuity Insurance Company, the current trustee, Sentry Life Insurance Company, the former trustee, Merrill Lynch Wealth Management, the investment adviser, and Atherton & Associates, LLP, the Plan's independent auditors, qualify as parties-in-interest according to Section 3(14) of ERISA.

Note 5 Income Tax Status

The Plan adopted a pre-approved determination opinion letter from the Internal Revenue Service dated March 31, 2014 as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 6 Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7 Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account and balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020, the President of the United States declared a national emergency relating to the disease. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the market during this time, Plan management is unable to estimate the total impact the pandemic will have.

Note 8 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use at relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Note 8 Fair Value Measurements (Continued)

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2020 and 2019. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed income account: Valued at the daily closing price as reported by the fund. The daily closing price is based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Pooled separate accounts: Valued based on the number of units held and quoted market value of the underlying mutual funds held in each investment account.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$3,693,938	$ -	$ -	$3,693,938
Fixed income account	-	2,277,099	-	2,277,099
Total assets at fair value in hierarchy	$3,693,938	$2,277,099	$ -	$5,971,037

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$2,985,090	$ -	$ -	$2,985,090
Total assets at fair value in hierarchy	$2,985,090	$ -	$ -	$2,985,090

Note 9 Guaranteed Account

The Plan had a contract with Sentry Life Insurance Company to provide participation in its guaranteed account. The guaranteed account is an obligation of the former trustee that invests in assets that are commingled with other assets of the former trustee's general account. These is no specific portfolio of assets in which the guaranteed account is invested in. The crediting interest rate is backed by the income received from assets held in the general account and the former trustee's guarantee. The crediting interest rate for the investment in the guaranteed account was 2.85% for the year ending December 31, 2019.

The investment is considered fully benefit responsive and normal participant withdrawals and transfers from the guaranteed account are processed at contract value. If the Plan were to request liquidation, surrender charges and/or market value adjustments may apply. A significant deterioration in the creditworthiness of the former trustee may result in participants receiving less than full contract value. The contract value of the guaranteed account at December 31, 2019 was $2,047,138.

Note 11 Nonexempt Transactions

The Plan Sponsor has not reimbursed the Plan for lost earnings for Plan year 2020 but intends to reimburse the Plan during Plan year 2021.
