(1) Description of the Plan

The following description of the Chicago Fire Soccer 401(k) Plan (the Plan), whose plan sponsor is Chicago Fire Football Holdings, LLC (the Employer), is provided for general information purposes only. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

(a) General

The Plan was established in 2019 as a 401(k) defined-contribution retirement savings plan covering all eligible employees of the Employer. An eligible employee (a participant) is any regular full time or regular part-time employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Retirement Committee is responsible for oversight of the Plan, as delegated by the Board of Trustees. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. In July 2019, the participants accounts in the Andel Inc. 401(k) plan were transferred to the Plan in the amount of $3,111,345.

(b) Contributions

Participants may contribute up to 80.0% of their eligible pre-tax annual compensation and Roth contributions, as defined, by means of salary withholding. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investments of their contributions into various investment options offered by the Plan. The Employer will match 100.0% of pretax and Roth contributions up to 3.0% of eligible pay. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and Employer's contributions and an allocation of plan earnings (losses) and charged with an allocation of investment administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings. Participants are vested in the matching contributions made by the Employer on a 6-year graded scale, with 20% vesting occurring after 1 full year of service based on the plan year and accumulating at 100% once 6 full plan years are complete.

(e) Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Participants are eligible to take in-service distributions without penalty after reaching 59.5 years of age.

(Continued)

(f) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

(g) Notes Receivable from Participants

Participants may borrow from the portion of their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance adjusted for prior borrowings, as defined. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. Participants' accounts are charged a fee upon origination of a loan. Principal and interest are paid ratably through biweekly or semi-monthly payroll deductions and are credited to participants' accounts at that time. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

(h) Administrative Expenses

Administrative expenses are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation of fair value of investments.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. See note 3 for discussion of fair value measurements.

(c) Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Payment of Benefits

Benefits are recorded when paid.

(Continued)

(e) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 inputs are observable inputs to the valuation methodology other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 inputs to the valuation methodology are unobservable and significant inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for each major class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 or 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		Total fair value	Fair value measurements at December 31, 2020 Level 1	Level 2	Level 3
Mutual funds	$	4,968,971	4,968,971	—	—
Total assets at fair value	$	4,968,971	4,968,971	—	—

(Continued)

		Total fair value	Fair value measurements at December 31, 2019 Level 1	Level 2	Level 3
Mutual funds	$	3,557,925	3,557,925	—	—
Total assets at fair value	$	3,557,925	3,557,925	—	—

(4) Information Certified by the Plan Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of December 31, 2020 and 2019, and net appreciation of fair value of investments, interest and dividend income and interest income on notes receivable from participants for the year ended December 31, 2020 and for the period July 12, 2019 (inception) to December 31, 2019, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Trust Company, the Trustee.

(5) Tax Status

Effective July 12, 2019, the Plan adopted a non-standardized form of a prototype plan sponsored by Great-West Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualification. The prototype opinion letter has been relied upon by the Plan. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by the Trustee, and therefore these transactions are qualify as party-in-interest transactions.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for plan benefits.

(8) Subsequent Events

The Plan has evaluated subsequent events through October 13, 2021, the date at which these financial statements were available to be issued.
