Continental Building Products Operating Company, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2020 and 2019

1. Description of Plan

The description of the Continental Building Products Operating Company, LLC 401(k) Plan (the "Plan") in the Notes to Financial Statements provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Continental Building Products Operating Company, LLC (the "Company"). The Plan covers all union and non-union employees of the Company, except for students, interns, leased employees, and nonresident aliens with no US source income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In February 2020, the Company was acquired by CertainTeed Gypsum and Ceilings USA, Inc., an indirect wholly owned subsidiary of Compagnie de Saint-Gobain of Paris, France, who became the plan sponsor of the Plan.

Effective December 31, 2020, the Plan was frozen to new participants in anticipation of the plan merger with Saint-Gobain Corporation in 2021. Additionally, contributions of current participants were no longer allowed to be remitted to the Plan.

Eligibility

Eligibility for elective participant salary deferral contributions begins immediately upon employment with the Company. Eligibility for employer discretionary matching contributions begins after attaining the age of 18. Eligibility for employer discretionary profit-sharing contributions begins upon attaining the age of 18 and the participant must be employed on the last day of the Plan year.

Contributions

Participants may elect to contribute a percentage of their annual compensation, as defined by the Plan, on a pre-tax or after-tax (Roth) basis. Employees automatically have 4% of their eligible compensation withheld and contributed as a pre-tax elective deferral, until changed by the employees. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions) and can make in-plan Roth rollovers.

Certain participant contributions in 2019 and 2018 were paid after the time frame required by the Department of Labor. The Company remitted these contributions during 2019 and remitted related lost earnings to the Plan in 2021.

The Company may provide matching contributions, at its discretion, with the amount of discretionary matching contributions varying among locations and classes of employees, as defined by the Plan. The Company is required to make matching contributions for non-union participants of 100% of the first 4% and 50% of the next 2% of the participant's eligible compensation.

Notes to Financial Statements
December 31, 2020 and 2019

1. Description of Plan (continued)

Additional profit-sharing amounts also may be contributed at the discretion of the Company. All contributions are invested in the same portfolio of investment options as directed by the participants. For 2020 and 2019, the Company made discretionary profit-sharing contributions of \$2,237,093 and \$2,289,473, respectively, to the Plan. All contributions are subject to Internal Revenue Service ("IRS") limitations.

Investment Options

A participant may direct contributions to any of the available investment options and can change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of the Company's discretionary profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the employer discretionary matching and profit-sharing contributions is based on years of continuous service and will vary among locations or classes of employees. Non-union employees are 100% vested in the employer discretionary matching and profit-sharing contributions after 2 years of credited service. For union employees, vesting for the employer discretionary matching and profit-sharing contributions occurs at a rate of 20% for each credited year of service until the participant becomes fully vested after 5 years of credited service.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to pay for Plan administrative expenses, and reduce Company contributions. Unallocated forfeited balances were \$86,413 and \$41,229 as of December 31, 2020 and 2019, respectively.

Payment of Benefits

Upon termination of employment, a participant may elect to receive a lump sum amount or a partial payment equal to the value of the participant's vested interest in his or her account. A participant whose vested account balance is \$5,000 or less will automatically receive an immediate lump-sum distribution. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Notes to Financial Statements
December 31, 2020 and 2019

1. Description of Plan (continued)

In accordance with the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), between January 1, 2020 and December 30, 2020, eligible participants could request a coronavirus-related distribution (“CRD”) of up to \$100,000 from their participant accounts without being subject to the Internal Revenue Service 10 percent early distribution tax. Participants may elect to repay some or all of their CRD within three years.

Participant Notes Receivable

Under the terms of the Plan, participants may not borrow from their accounts.

Plan Expenses

Plan administrative expenses are principally for recordkeeping fees. The Company also pays other administrative fees on behalf of the Plan.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The common/collective trust funds are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds’ underlying assets. There were no unfunded commitments or redemption restrictions on the common/collective trust funds. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan’s gains and losses on investments purchased and sold as well as held during the year. Capital gains are included in net appreciation or depreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 6, 2021, which is the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

4. Fair Value Measurement

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the observable and unobservable inputs and valuation techniques used to measure fair value.

The fair value hierarchy used to measure fair value into three broad levels is as follows:

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

5. Related-Party and Party-in-Interest Transactions

The Plan holds a money market fund managed by Fidelity Management Trust Company (the "Trustee"). The Plan also allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain administrative fees related to the administration of the Plan were paid by the Company. These transactions qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or complete discontinuance of contributions, participants will become 100 percent vested in their accounts.

7. Tax Status

The underlying volume submitter plan has received an advisory letter from the IRS dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (“the Code”) and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

8. Unaudited Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reflected in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019, the related income and losses reflected in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019, and the Schedule of Assets Held at End of Year as of December 31, 2020
